SUPPLEMENTARY INFORMATION:**A. Background**

This interim rule amends DFARS Subpart 219.71 and Appendix I to implement Sections 841 and 842 of the

National Defense Authorization Act for Fiscal Year 2005 (Pub. L. 108-375). Section 841 extends, through September 30, 2010, the period during which companies may enter into agreements under the DoD Pilot Mentor-Protege Program; and extends, through September 30, 2013, the period during which mentor firms may incur costs that are eligible for reimbursement or credit under the Program. Section 842 expands the Program to permit service-disabled veteran-owned small business concerns and HUBZone small business concerns to participate in the Program as protege firms.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

DoD has prepared an initial regulatory flexibility analysis consistent with 5 U.S.C. 603. The analysis is summarized as follows:

This interim rule amends the DFARS to implement new statutory requirements pertaining to the DoD Pilot Mentor-Protege Program. The rule extends the length of the Program for 5 additional years, and expands the Program to permit service-disabled veteran-owned small business concerns and HUBZone small business concerns to participate in the Program as protege firms. The Program provides incentives for DoD contractors to assist protege firms in enhancing their capabilities and increasing their participation in Government and commercial contracts. Presently, there are 5,737 service-disabled veteran-owned small business concerns and 12,281 HUBZone small business concerns registered in the Central Contractor Registration database; and presently, there are 134 active mentor-protege agreements. Each protege firm must provide data to its mentor firm, annually for submission to the Government, regarding the progress of the protege firm in employment, revenues, and participation in DoD contracts. The rule does not duplicate, overlap, or conflict with any other Federal rules. The rule is expected to have a beneficial impact on service-disabled veteran-owned small business concerns and HUBZone small business concerns. There are no known significant alternatives to the rule. Participation in the DoD Pilot Mentor-Protege Program is voluntary.

DoD invites comments from small businesses and other interested parties. DoD also will consider comments from small entities concerning the affected DFARS subparts in accordance with 5 U.S.C. 610. Such comments should be

submitted separately and should cite DFARS Case 2004–D028.

C. Paperwork Reduction Act

The information collection requirements of the DoD Pilot Mentor-Protege Program have been approved by the Office of Management and Budget under Control Number 0704–0332, for use through May 31, 2007.

D. Determination To Issue an Interim Rule

A determination has been made under the authority of the Secretary of Defense that urgent and compelling reasons exist to publish an interim rule prior to affording the public an opportunity to comment. This interim rule implements Sections 841 and 842 of the National Defense Authorization Act for Fiscal Year 2005 (Pub. L. 108–375). Section 841 extends the length of the DoD Pilot Mentor-Protege Program for 5 additional years. Section 842 expands the Program to permit service-disabled veteran-owned small business concerns and HUBZone small business concerns to participate in the Program as protege firms. Sections 841 and 842 became effective upon enactment on October 28, 2004. Comments received in response to this interim rule will be considered in the formation of the final rule.
