Manager, Docket Operations, telephone: 202-366-0271.

#### SUPPLEMENTARY INFORMATION:

##### Receipt of application

On January 18, 2005, the Coast Guard and MARAD received an application from Beacon Port LLC, 600 N. Dairy Ashford, Houston, TX 77079-1175 for all Federal authorizations required for a license to own, construct, and operate a deepwater port governed by the Deepwater Port Act of 1974, as amended, 33 U.S.C. 1501 *et seq.* (the Act). A portion of the original submission did not contain sufficient information. On April 16, 2005, we received revised information which enabled us to complete our review. On May 10, 2005, we determined that the application appeared to contain all information required by the Act.

##### Background

According to the Act, a deepwater port is a fixed or floating manmade structure other than a vessel, or a group of structures, located beyond State seaward boundaries and used or intended for use as a port or terminal for the transportation, storage, and further handling of oil or natural gas for transportation to any State.

A deepwater port must be licensed by the Secretary of Transportation. Statutory and regulatory requirements for licensing appear in 33 U.S.C. 1501 *et seq.* and in 33 CFR Part 148. Under delegations from and agreements between the Secretary of Transportation and the Secretary of Homeland Security, applications are processed by the Coast Guard and MARAD. Each application is considered on its merits.

The Act provides strict deadlines for processing an application. Once a notice is published indicating that an application appears to contain the required information, we must hold public hearings on the application within 240 days, and the Secretary of Transportation must render a decision on the application within 330 days. We will publish additional **Federal Register** notices to inform you of these public hearings and other procedural milestones, including environmental review. The Secretary's decision, and other key documents, will be filed in the public docket.

At least one public hearing must take place in each adjacent coastal State. For purposes of the Act, Louisiana and Texas are the adjacent coastal States for this application. Other States can apply for adjacent coastal State status in accordance with 33 U.S.C. 1508(a)(2).
