

5. Demonstrated leadership and creativity that have helped mold the history of advancements in the Nation's science, technology, and education.

Nominations must include a narrative description about the nominee, a curriculum vitae (without publications), and a brief citation summarizing the nominee's scientific or technological contributions to our national welfare in promotion of the progress of science. Nominations must also include two reference letters, submitted separate from the nomination through <http://www.fastlane.nsf.gov/honawards/>. Nominations remain active for three years, including the year of nomination. After that time, candidates must be renominated with a new nomination for them to be considered by the selection committee.

- **NSB Public Service Award.** The NSB Public Service Award Committee was established in November 1996. This annual award recognizes people and organizations that have increased the public understanding of science or engineering. The award is given to an individual and to a group (company, corporation, or organization), but not to members of the U.S. Government.

Eligibility includes any individual or group (company, corporation or organization) that has increased the public understanding of science or engineering. Members of the U.S. Government are not eligible for consideration.

Candidates for the individual and group (company, corporation or organization) award must have made contributions to public service in areas other than research, and should meet one or more of the following criteria:

1. Increased the public's understanding of the processes of science and engineering through scientific discovery, innovation and its communication to the public.
2. Encouraged others to help raise the public understanding of science and technology.
3. Promoted the engagement of scientists and engineers in public outreach and scientific literacy.
4. Contributed to the development of broad science and engineering policy and its support.
5. Influenced and encouraged the next generation of scientist and engineers.
6. Achieved broad recognition outside the nominee's area of specialization.
7. Fostered awareness of science and technology among broad segments of the population.

Nominations must include a summary of the candidate's activities as they relate to the selection criteria; the nominator's name, address and

telephone number; the name, address, and telephone number of the nominee; and the candidate's vita, if appropriate (no more than three pages).

The selection committee recommends the most outstanding candidate(s) for each category to the NSB, which approves the awardees.

Nominations remain active for a period of three years, including the year of nomination. After that time, candidates must be renominated with a new nomination for them to be considered by the selection committee.

Estimate of Burden: These are annual award programs with application deadlines varying according to the program. Public burden also may vary according to program; however, it is estimated that each submission is averaged to be 15 hours per respondent for each program. If the nominator is thoroughly familiar with the scientific background of the nominee, time spent to complete the nomination may be considerably reduced.

Respondents: Individuals, businesses or other for-profit organizations, universities, non-profit institutions, and Federal and State governments.

Estimated Number of Responses per Award: 137 responses, broken down as follows: For the President's National Medal of Science, 55; for the Alan T. Waterman Award, 50; for the Vannevar Bush Award, 12; for the Public Service Award, 20.

Estimated Total Annual Burden on Respondents: 2,280 hours, broken down by 900 hours for the President's National Medal of Science (20 hours per 45 respondents); 900 hours for the Alan T. Waterman Award (20 hours per 60 respondents); 180 hours for the Vannevar Bush Award (15 hours per 12 respondents); and 300 hours for the Public Service Award (15 hours per 20 respondents).

Frequency of Responses: Annually.

Dated: May 23, 2005.

NUCLEAR REGULATORY COMMISSION

Documents Containing Reporting or Recordkeeping Requirements: Office of Management and Budget (OMB) Review

AGENCY: U.S. Nuclear Regulatory Commission (NRC).

ACTION: Notice of the OMB review of information collection and solicitation of public comment.

SUMMARY: The NRC has recently submitted to OMB for review the following proposal for the collection of information under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35).

1. *Type of submission, new, revision, or extension:* Revision.
2. *The title of the information collection:* Final Rule—10 CFR part 110, Export and Import of Radioactive Materials: Security Policies.
3. *The form number if applicable:* Not applicable.
4. *How often the collection is required:* On occasion.
5. *Who will be required or asked to report:* Any licensee who wishes to export or import the radioactive material subject to the requirements of a specific license listed in Table 1 of the new appendix P to part 110.
6. *An estimate of the number of annual responses:* 950.
7. *The estimated number of annual respondents:* 30.
8. *An estimate of the total number of hours needed annually to complete the requirement or request:* 437.5 hours (30 minutes per notification and 15 minutes per recipient's certification to licensee).
9. *An indication of whether Section 3507(d), Pub. L. 104-13 applies:* Applicable.
10. *Abstract:* The Nuclear Regulatory Commission (NRC) is amending its regulations pertaining to the export and import of nuclear equipment and radioactive materials. This final rule reflects recent changes to the nuclear and radioactive material security policies of the Commission and the Executive Branch, for the import and export of radioactive material. A specific license will be required for the import and export of the radioactive material listed in Table 1 of the new appendix P to this part.

PENSION BENEFIT GUARANTY CORPORATION

Privacy Act of 1974; System of Records

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Notice of a new system of records—PBGC-15, Emergency Notification Records—PBGC.

SUMMARY: The Pension Benefit Guaranty Corporation (PBGC) is establishing a new system of records, PBGC-15, Emergency Notification Records—PBGC, subject to the Privacy Act of 1974, as amended. Emergency contact information from the new system of records will be used, in the event of an emergency, disaster, or other event that affects PBGC's operations, to issue special instructions and announcements to PBGC employees and contractors through an automated calling and notification system, and for other related purposes.

DATES: Comments on the new system of records and proposed routine uses must be received on or before June 27, 2005. The new system of records will become effective July 11, 2005, without further notice, unless comments result in a contrary determination and a notice is published to that effect.

ADDRESSES: Comments may be mailed to the Office of the General Counsel, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC 20005-4026, or delivered to Suite 340 at that address during normal business hours. Comments also may be submitted electronically through the PBGC's Web site at <http://www.pbgc.gov/privacyact>, or by fax to 202-326-4112. The PBGC will make all comments available on its Web site, <http://www.pbgc.gov>. Copies of the comments may also be obtained by writing to the PBGC's Communications and Public Affairs Department at Suite 240 at the above address or by visiting that office or

calling 202-326-4040 during normal business hours. (TTY and TDD users may call the Federal relay service toll-free at 1-800-877-8339 and ask to be connected to 202-326-4040.)

FOR FURTHER INFORMATION CONTACT: D. Bruce Campbell, Attorney, Pension Benefit Guaranty Corporation, Office of the General Counsel, 1200 K Street, NW., Washington, DC 20005-4026; 202-326-4000 Ext. 3672. (For TTY/TDD users, call the Federal relay service toll-free at 1-800-877-8339 and ask to be connected to 202-326-4024.)

SUPPLEMENTARY INFORMATION: As part of its continuity of operations plan, the PBGC is implementing an automated messaging and notification system to disseminate special instructions and announcements to PBGC employees and contractors if an emergency, natural disaster, or other event occurs that affects PBGC's operations. Employees and contractors will be assigned user IDs and passwords to access the system through the PBGC's intranet website and instructed to input personal telephone, cell, or pager numbers, or personal electronic mail addresses where they can be reached during off-duty hours to receive information about PBGC's operating status. When an emergency occurs, authorized PBGC officials will record telephone messages or write electronic mail messages for the automated messaging and notification system to disseminate to all or selected groups of PBGC employees and contractors at the telephone numbers or electronic mail addresses they provided. To ensure that emergency contact information remains current, employees and contractors will be periodically reminded to access the system using their password to make any necessary changes.

Under the PBGC's continuity of operations plan, certain authorized PBGC employees will have access to paper printouts of all or relevant portions of the emergency contact information to use to make telephone calls or send e-mail messages to employees and contractors about the PBGC's operations if the automated messaging and notification system is unavailable. The emergency contact information will also be used by authorized employees on an occasional basis to contact an employee or contractor who is out of the office on leave or after regular duty hours to obtain information necessary for official business, or to contact friends or family members if an employee or contractor experiences a medical emergency in the workplace.

PBGC general routine uses G1, Law Enforcement, G4, Disclosure in Litigation, G5, Disclosure to the Department of Justice in Litigation, and G7, Congressional Inquiries apply to this system of records. These routine uses were published as the PBGC's Prefatory Statement of General Routine Uses at 60 FR 57462, 57563 (Nov. 15, 1995).

Issued in Washington, DC this 19th day of May, 2005.

Bradley D. Belt,

Executive Director, Pension Benefit Guaranty Corporation.
