ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on a revision of a currently approved information collection requirement. In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)), this notice seeks comments concerning the use of FEMA Forms 81–92 and 81–92A, Amendments to National Flood Insurance Program Maps Application Form for Single Residential Structure or Lot (English and Spanish versions).

AGENCY: U.S. Citizenship and Immigration Services, Department of Homeland Security.

ACTION: Notice.

SUMMARY: U.S. Citizenship and Immigration Services is expanding its Direct Mail Program to provide that aliens seeking to renew or replace their Permanent Resident Card using the newly revised Form I-90, Application to Replace Permanent Resident Card, must file their application at a designated lock-box facility for initial processing, instead of at their local U.S. Citizenship and Immigration Services office, Service Center, or Application Support Center. The Direct Mail Program allows U.S. Citizenship and Immigration Services to more efficiently process applications by eliminating duplicative work, maximizing staff productivity, and introducing better information management tools.

DATES: This Notice is effective May 31, 2005.

FOR FURTHER INFORMATION CONTACT: Rebecca Watson, Lockbox Project Manager, U.S. Citizenship and Immigration Services, Department of Homeland Security, 20 Massachusetts Avenue, NW., Room 1000, Washington, DC 20529, Telephone (202) 272-1001.

SUPPLEMENTARY INFORMATION:

Background

What is the Direct Mail program?

Under the Direct Mail program, applicants for certain immigration benefits mail the designated application or petition directly to a U.S. Citizenship and Immigration Services (USCIS) processing center instead of submitting it to their local USCIS office. The purpose and strategy of the Direct Mail program have been discussed in detail in previous rulemakings and Notices (see 59 FR 33903, 59 FR 33985, 60 FR 22408, 61 FR 2266, 61 FR 56060, 62 FR 16607, 63 FR 891, 63 FR 892, 63 FR 13434, 63 FR 13878, 63 FR 16828, 63 FR 50584, 63 FR 8688, 63 FR 8689, 64 FR 67323, 69 FR 3380, and 69 FR 4210).

What is the purpose of the Form I-90?

Form I-90 is used to apply for a replacement or renewal of Form I-551, Permanent Resident Card. The specific requirements and procedures to obtain a Permanent Resident Card can be found at 8 CFR 264.5. Approximately one million of these forms are filed annually.

Why is a Permanent Resident Card necessary?

Section 264(d) of the Immigration and Nationality Act (INA) provides that, every alien in the United States who has been registered and fingerprinted "shall be issued a certificate of alien registration or an alien registration receipt card in such form and manner and at such time as shall be prescribed under regulations * * *." Section 264(e) of the INA also provides that "[e]very alien, eighteen years of age and over, shall at all times carry with him and have in his personal possession any certificate of alien registration or alien registration receipt card issued to him * * *. Any alien who fails to comply with [these] provisions shall be guilty of a misdemeanor * * *." The Permanent Resident Card provides documentary evidence that the bearer has been granted lawful permanent residence in the United States and has been registered.

The specific requirements and procedures for applying to replace a permanent resident card (including renewals of expiring permanent resident cards) via submission of a Form I-90 with the required initial evidence are set forth at 8 CFR 264.5.

Explanation of Changes

Does this Notice make any changes relating to an alien's eligibility for issuance of a replacement permanent resident card?

No. This Notice only effects a change in the filing location for these applications.

Will applicants for replacement permanent resident cards be required to make a personal appearance to have their biometrics captured?

Yes, in accordance with the instructions contained on the newly revised Form I-90, applicants will be notified how to make an appointment to appear for biometrics processing. Due to new technological capabilities, USCIS is now able to store captured biometrics data to be utilized in the future. This enhancement will assist applicants by reducing the number of future visits needed to the local Application Support Center throughout the entire
