SUPPLEMENTARY INFORMATION:

Background

The National Parks Air Tour Management Act of 2000, enacted on April 5, 2000, as Public Law 106–181 (Pub. L. 106–181), required the establishment of a National Parks Overflights Advisory Group within 1 year after its enactment. The NPOAG was to be a balanced group representative of general aviation, commercial air tour operations, environmental concerns, and Indian tribes. The duties of the NPOAG included providing advice, information, and recommendations to the Director, NPS, and to the Administrator, FAA, on the implementation of Public Law 106–181, on quiet aircraft technology, on other measures that might accommodate interests to visitors to national parks, and, at the request of the Director and Administrator, on safety, environmental, and other issues related to commercial air tour operations over national parks or tribal lands.

On March 12, 2001, the FAA and NPS announced the establishment of the NPOAG (48 FR 14429). The advisory group has held six meetings: August 28–29, 2001, in Las Vegas, Nevada; October 4–5, 2002, in Tusayan, Arizona; October 20–21, 2003 in Jackson, Wyoming; March 18–19, 2004, in Boulder City, NV; September 9–10, 2004, in Washington, DC and February 23–25, 2005 in Gatlinburg, TN.

On October 10, 2003, the Administrator signed Order No. 1110–138 establishing the NPOAG as an aviation rulemaking committee. The current members of the NPOAG ARC are Heidi Williams (general aviation), Richard Larew, Elling Halverson, and

Alan Stephen (commercial air tour operations), Don Barger, Chip Dennerlein, Charles Maynard, and Mark Peterson (environmental interests), and Germaine White and Richard Deertrack (Indian tribes).

Agenda for the June 21–23, 2005 Meeting

The NPOAG ARC will review various aspects of the Air Tour Management Plan schedule, environmental impact analysis procedures, interim operating authority, acoustic modeling, implementation plan, and other matters related to the Act.
