

from the application copies (not the original) of specific salary rates or amounts for individuals specified in the application budget.

A panel of at least three reviewers (primarily experts from outside the Federal government) will use the evaluation criteria described in this announcement to evaluate each application. The reviewers will determine the strengths and weaknesses of each application, provide comments about the strengths and weaknesses and give each application a numerical score.

The results of the competitive review are a primary factor in making funding decisions. In addition, Federal staff conducts administrative reviews of the applications and, in light of the results of the competitive review, will recommend applications for funding to the ACYF Commissioner. ACYF reserves the option of discussing applications with other funding sources when this is in the best interest of the Federal government. ACYF may also solicit and consider comments from ACF Regional Office staff in making funding decisions. ACYF may take into consideration the involvement (financial and/or programmatic) of the private sector, national, or State or community foundations; a favorable balance between Federal and non-Federal funds for the proposed project; or the potential for high benefit from low Federal investment. ACYF may elect not to fund any applicants having known management, fiscal, reporting, programmatic, or other problems which make it unlikely that they would be able to provide effective services or effectively complete the proposed activity.

With the results of the peer review and the information from Federal staff, the Commissioner of ACYF makes the final funding decisions. The Commissioner may give special consideration to applications proposing services of special interest to the Government and to achieve geographic distributions of grant awards. Applications of special interest may include, but are not limited to, applications focusing on underserved or inadequately served clients or service areas and programs addressing diverse ethnic populations.

Approved but Unfunded Applications

Applications that are approved but unfunded may be held over for funding in the next funding cycle, pending the availability of funds, for a period not to exceed one year.

3. Anticipated Announcement and Award Dates

Applications will be reviewed during the Summer 2005. Grant awards will have a start date no later than September 30, 2005.

BILLING CODE 4184-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Office of Community Services; Community Food and Nutrition Program

Funding Opportunity Title: Community Food and Nutrition Program.

Announcement Type: Initial.

Funding Opportunity Number: HHS-2005-ACF-OCS-EN-0018.

CFDA Number: 93.571.

Due Date for Applications: Application is due July 21, 2005.

Executive Summary:

Authority: The Community Services Block Grant Act (the Act), as amended, authorizes the Secretary of Health and Human Services to make funds available under several programs to support program activities that will result in direct benefits targeted to low-income people. This program announcement covers the grant authority found at

Section 681 of the Act, (Pub. L. 97–35), as amended by the Community Opportunities, Accountability, and Training and Educational Services Act of 1998 (Pub. L. 105–285). The Act authorizes the Secretary to award grants on a competitive basis to eligible agencies for community-based, local, statewide, and national programs (1) to coordinate private and public food assistance resources, wherever the grant recipient involved determines such coordination to be inadequate, to better serve low-income populations; (2) to assist low-income communities to identify potential sponsors of child nutrition programs and to initiate such programs in underserved or unserved areas; and (3) to develop innovative approaches at the State and local level to meet the nutrition needs of low-income individuals.

Purpose: The Administration for Children and Families, Office of Community Services (OCS), invites eligible agencies to submit competitive grant applications for the award of one cooperative agreement to support the Community Food and Nutrition Program's (CFNP) Nationwide Initiative: Youth Obesity, An American Crisis.

The problem of overweight children and adolescents is an American crisis. The Surgeon General reports that:

- In 2001–2002, 16 percent of children aged 6 to 19 years in the United States were overweight, and 31 percent were at risk for being overweight. This prevalence has nearly tripled for adolescents in the past 2 decades.

- Risk factors for heart disease, such as high cholesterol and high blood pressure, occur with increased frequency in overweight children and adolescents compared to children with a healthy weight.

- Type 2 diabetes, previously considered an adult disease, has increased dramatically in children and adolescents. Overweightness and obesity are closely linked to Type 2 diabetes.

- Overweight adolescents have a 70 percent chance of becoming overweight or obese adults.

- The most immediate consequence of being overweight, as perceived by the children themselves, is social discrimination. This is associated with poor self-esteem and depression.

Recently, Federal and State governments, industry, schools, and numerous organizations nationwide have taken comprehensive and ambitious actions to reverse the rapid rise in obesity among children and youth. In 2005, the Department of Health and Human Services, in

collaboration with the U.S. Department of Agriculture, released "Dietary Guidelines for Americans 2005" (DGAs). The DGAs establish Federal nutrition standards for food and nutrition programs, including nutrition assistance programs.

ACF/OCS is seeking assistance, through a cooperative agreement, to identify, complement, coordinate, and promote the numerous youth-obesity programs nationwide. The goal will be to identify and compile data on youth obesity, specifically focusing on the prevalence of youth obesity throughout rural, urban, and suburban locations nationwide. Socioeconomic factors, demographics, income level and percentage of youth obesity in low-income households will be assessed. This information will be utilized to recommend intervention as warranted. The cooperative agreement will require active partnership between ACF/OCS and the successful applicant.

I. Funding Opportunity Description

1. Purpose, Scope, Focus

The Administration for Children and Families, Office of Community Services (OCS), invites eligible agencies to submit competitive grant applications for the award of one cooperative agreement to support the Community Food and Nutrition Program's (CFNP) Nationwide Initiative: Youth Obesity, An American Crisis.

The problem of overweight children and adolescents is an American crisis. The Surgeon General reports that:

- In 2001–2002, 16 percent of children aged 6 to 19 years in the United States were overweight, and 31 percent were at risk for being overweight. This prevalence has nearly tripled for adolescents in the past 2 decades.

- Risk factors for heart disease, such as high cholesterol and high blood pressure, occur with increased frequency in overweight children and adolescents compared to children with a healthy weight.

- Type 2 diabetes, previously considered an adult disease, has increased dramatically in children and adolescents. Overweightness and obesity are closely linked to Type 2 diabetes.

- Overweight adolescents have a 70 percent chance of becoming overweight or obese adults. As overweight or obese adults, they are at risk for a number of health problems including heart disease, type 2 diabetes, high blood pressure, and some forms of cancer.

- The most immediate consequence of being overweight, as perceived by the

children themselves, is social discrimination. This is associated with poor self-esteem and depression.

Recently, Federal and State governments, industry, schools, and numerous organizations nationwide have taken comprehensive and ambitious actions to reverse the rapid rise in obesity among children and youth. In 2005, the Department of Health and Human Services, in collaboration with the U.S. Department of Agriculture, released "Dietary Guidelines for Americans 2005" (DGAs). The DGAs establish Federal nutrition standards for food and nutrition programs, including nutrition assistance programs. The Federal Government makes available health and obesity prevention grants and a major health insurance company now offers obesity prevention benefits.

ACF/OCS is seeking assistance, through a cooperative agreement, to identify, complement, coordinate, and promote the numerous youth obesity programs nationwide. The goal will be to identify and compile data on youth obesity, specifically focusing on the prevalence of youth obesity throughout rural, urban, and suburban locations nationwide. Socioeconomic factors, demographics, income level, and percentage of youth obesity in low-income households will be assessed. This information will be utilized to recommend intervention as warranted. The cooperative agreement will require active partnership between ACF/OCS and the successful applicant.

2. Authority

The Community Services Block Grant (CSBG) Act (the Act) (Pub.L. 97–35), as amended, authorizes the Secretary of Health and Human Services to make funds available under several programs to support program activities that will result in direct benefits targeted to low-income people. This program announcement covers the grant authority found at Section 681 of the Act, as amended by the Community Opportunities, Accountability, and Training and Educational Services Act of 1998 (Pub. L. 105–285). The Act authorizes the Secretary to award grants on a competitive basis to eligible agencies for non-profit, faith-based, community-based, local, statewide, and national programs (1) to coordinate private and public food assistance resources, wherever the grant recipient involved determines such coordination to be inadequate, to better serve low-income populations; (2) to assist low-income communities to identify potential sponsors of child nutrition programs and to initiate such programs

in underserved or unserved areas; and (3) to develop innovative approaches at the State and local level to meet the nutrition needs of low-income individuals.

4. Intergovernmental Review

State Single Point of Contact (SPOC)

This program is covered under Executive Order 12372, "Intergovernmental Review of Federal Programs," and 45 CFR Part 100, "Intergovernmental Review of Department of Health and Human Services Programs and Activities." Under the Order, States may design their own processes for reviewing and commenting on proposed Federal assistance under covered programs.

As of October 1, 2004, the following jurisdictions have elected to participate in the Executive Order process: Arkansas, California, Delaware, District of Columbia, Florida, Georgia, Illinois, Iowa, Kentucky, Maine, Maryland, Michigan, Mississippi, Missouri, Nevada, New Hampshire, New Mexico, New York, North Dakota, Rhode Island, South Carolina, Texas, Utah, West Virginia, Wisconsin, American Samoa, Guam, North Mariana Islands, Puerto Rico, and Virgin Islands. As these jurisdictions have elected to participate in the Executive Order process, they have established SPOCs. Applicants from participating jurisdictions should contact their SPOC, as soon as possible, to alert them of prospective applications and receive instructions. Applicants must submit all required materials, if any, to the SPOC and indicate the date of this submittal (or the date of contact if no submittal is required) on the Standard Form 424, item 16a. Under 45 CFR 100.8(a)(2).

A SPOC has 60 days from the application deadline to comment on proposed new or competing continuation awards. SPOCs are encouraged to eliminate the submission of routine endorsements as official recommendations. Additionally, SPOCs are requested to clearly differentiate between mere advisory comments and those official State process recommendations which may trigger the "accommodate or explain" rule.

When comments are submitted directly to ACF, they should be addressed to: Department of Health and Human Services, Administration for Children and Families, Office of Grants Management, Division of Discretionary Grants, 370 L'Enfant Promenade, SW., Aerospace Building, Washington, DC 20447-0002.

Although the remaining jurisdictions have chosen not to participate in the process, entities that meet the eligibility requirements of the program are still eligible to apply for a grant even if a State, Territory, Commonwealth, etc. does not have a SPOC. Therefore, applicants from these jurisdictions, or

for projects administered by federally-recognized Indian Tribes, need take no action in regard to E.O. 12372.

The official list, including addresses, of the jurisdictions that have elected to participate in E.O. 12372 can be found on the following URL: <http://www.whitehouse.gov/omb/grants/spoc.html>.

A list of Single Points of Contact for each State and Territory is included with the application materials for this announcement.

5. Funding Restrictions

SF 424, SF 424A, and SF 424B—The application must contain a signed Standard Form 424, Application for Federal Assistance (SF 424), a Standard Form 424A Budget Information (SF 424A) and signed Standard Form 424B Assurance—Non-Construction Programs (SF 424B) completed according to instructions provided in this Program Announcement.

Proof of Non-Profit Status—For non-profit organizations, the application must contain documentation of the applicant's tax-exempt status as indicated in Section III of this announcement, Eligible Applicants.

Project Narrative—The application must include a project narrative that addresses issues described in Section V of this announcement.

Sub-Contracting or Delegating Projects—ACF/OCS will not fund any project where the role of the applicant is primarily to serve as a conduit for funds to organizations other than the applicant. The applicant must have a substantive role in the implementation of the project for which funding is requested. This prohibition does not bar the making of sub-grants or sub-contracting for specific services or activities to conduct the project.

Number of Projects in Application—Each application may include only one proposed project.

Page Limitation—The application package including sections for the Table of Contents, Project Abstract, Project and Budget Narratives must not exceed 45 pages. The page limitation does not include the following attachments and appendices: Standard Forms for Assurances, Certifications, Disclosures and appendices. The page limitation also does not apply to any supplemental documents as required in this announcement.

Maximum Grant Amount—An application that exceeds the ceiling on the amount of the award, will be considered non-responsive and be returned to the applicant without further review.

V. Application Review Information

The Paperwork Reduction Act of 1995 (Pub. L. 104-13)

Public reporting burden for this collection of information is estimated to average 25 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed and reviewing the collection information.

The project description is approved under OMB control number 0970-0139 which expires April 30, 2007.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

1. Criteria

Purpose

The project description provides a major means by which an application is evaluated and ranked to compete with other applications for available assistance. The project description should be concise and complete and should address the activity for which Federal funds are being requested.

Supporting documents should be included where they can present information clearly and succinctly. In preparing your project description, information responsive to each of the requested evaluation criteria must be provided. Awarding offices use this and other information in making their funding recommendations. It is important, therefore, that this information be included in the application in a manner that is clear and complete.

General Instructions

ACF is particularly interested in specific project descriptions that focus on outcomes and convey strategies for achieving intended performance. Project descriptions are evaluated on the basis of substance and measurable outcomes, not length. Extensive exhibits are not required. Cross-referencing should be used rather than repetition. Supporting information concerning activities that will not be directly funded by the grant or information that does not directly pertain to an integral part of the grant funded activity should be placed in an appendix. Pages should be numbered and a table of contents should be included for easy reference.

Introduction

Applicants required to submit a full project description shall prepare the project description statement in accordance with the following instructions while being aware of the specified evaluation criteria. The text options give a broad overview of what your project description should include while the evaluation criteria identifies the measures that will be used to evaluate applications.

Project Summary/Abstract

Provide a summary of the project description (a page or less) with reference to the funding request.

Objectives and Need for Assistance

Clearly identify the physical, economic, social, financial, institutional, and/or other problem(s) requiring a solution. The need for assistance must be demonstrated and the principal and subordinate objectives of the project must be clearly stated; supporting documentation, such as letters of support and testimonials from concerned interests other than the applicant, may be included. Any relevant data based on planning studies should be included or referred to in the endnotes/footnotes. Incorporate demographic data and participant/beneficiary information, as needed. In developing the project description, the

applicant may volunteer or be requested to provide information on the total range of projects currently being conducted and supported (or to be initiated), some of which may be outside the scope of the program announcement.

Results or Benefits Expected

Identify the results and benefits to be derived.

Approach

Outline a plan of action that describes the scope and detail of how the proposed work will be accomplished. Account for all functions or activities identified in the application. Cite factors that might accelerate or decelerate the work and state your reason for taking the proposed approach rather than others. Describe any unusual features of the project such as design or technological innovations, reductions in cost or time, or extraordinary social and community involvement.

Provide quantitative monthly or quarterly projections of the accomplishments to be achieved for each function or activity in such terms as the number of people to be served and the number of activities accomplished.

When accomplishments cannot be quantified by activity or function, list them in chronological order to show the schedule of accomplishments and their target dates.

If any data is to be collected, maintained, and/or disseminated, clearance may be required from the U.S. Office of Management and Budget (OMB). This clearance pertains to any "collection of information that is conducted or sponsored by ACF."

List organizations, cooperating entities, consultants, or other key individuals who will work on the project along with a short description of the nature of their effort or contribution.

Additional Information

Following are requests for additional information that need to be included in the application:

Staff and Position Data

Provide a biographical sketch and job description for each key person appointed. Job descriptions for each vacant key position should be included as well. As new key staff is appointed, biographical sketches will also be required.

Organizational Profiles

Provide information on the applicant organization(s) and cooperating partners, such as organizational charts,

financial statements, audit reports or statements from CPAs/Licensed Public Accountants, Employer Identification Numbers, names of bond carriers, contact persons and telephone numbers, child care licenses and other documentation of professional accreditation, information on compliance with Federal/State/local government standards, documentation of experience in the program area, and other pertinent information. If the applicant is a non-profit organization, submit proof of non-profit status in its application.

The non-profit agency can accomplish this by providing: (a) A reference to the applicant organization's listing in the Internal Revenue Service's (IRS) most recent list of tax-exempt organizations described in the IRS Code; (b) a copy of a currently valid IRS tax exemption certificate; (c) a statement from a State taxing body, State attorney general, or other appropriate State official certifying that the applicant organization has a non-profit status and that none of the net earnings accrue to any private shareholders or individuals; (d) a certified copy of the organization's certificate of incorporation or similar document that clearly establishes non-profit status; (e) any of the items immediately above for a State or national parent organization and a statement signed by the parent organization that the applicant organization is a local non-profit affiliate.

Letters of Support

Provide statements from community, public and commercial leaders that support the project proposed for funding. All submissions should be included in the application OR by application deadline.

Budget and Budget Justification

Provide a budget with line item detail and detailed calculations for each budget object class identified on the Budget Information form. Detailed calculations must include estimation methods, quantities, unit costs, and other similar quantitative detail sufficient for the calculation to be duplicated. Also include a breakout by the funding sources identified in Block 15 of the SF-424.

Provide a narrative budget justification that describes how the categorical costs are derived. Discuss the necessity, reasonableness, and allocability of the proposed costs.

General

Use the following guidelines for preparing the budget and budget

justification. Both Federal and non-Federal resources shall be detailed and justified in the budget and narrative justification. "Federal resources" refers only to the ACF grant for which you are applying. "Non-Federal resources" are all other Federal and non-Federal resources. It is suggested that budget amounts and computations be presented in a columnar format: first column, object class categories; second column, Federal budget; next column(s), non-Federal budget(s), and last column, total budget. The budget justification should be a narrative.

Personnel

Description: Costs of employee salaries and wages.

Justification: Identify the project director or principal investigator, if known. For each staff person, provide the title, time commitment to the project (in months), time commitment to the project (as a percentage or full-time equivalent), annual salary, grant salary, wage rates, etc. Do not include the costs of consultants or personnel costs of delegate agencies or of specific project(s) or businesses to be financed by the applicant.

Fringe Benefits

Description: Costs of employee fringe benefits unless treated as part of an approved indirect cost rate.

Justification: Provide a breakdown of the amounts and percentages that comprise fringe benefit costs such as health insurance, FICA, retirement insurance, taxes, etc.

Travel

Description: Costs of project-related travel by employees of the applicant organization (does not include costs of consultant travel).

Justification: For each trip, show the total number of traveler(s), travel destination, duration of trip, per diem, mileage allowances, if privately owned vehicles will be used, and other transportation costs and subsistence allowances. Travel costs for key staff to attend ACF-sponsored workshops should be detailed in the budget.

Equipment

Description: "Equipment" means an article of nonexpendable, tangible personal property having a useful life of more than one year and an acquisition cost which equals or exceeds the lesser of (a) the capitalization level established by the organization for the financial statement purposes, or (b) \$5,000. (Note: Acquisition cost means the net invoice unit price of an item of equipment, including the cost of any modifications,

attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it is acquired. Ancillary charges, such as taxes, duty, protective in-transit insurance, freight, and installation shall be included in or excluded from acquisition cost in accordance with the organization's regular written accounting practices.)

Justification: For each type of equipment requested, provide a description of the equipment, the cost per unit, the number of units, the total cost, and a plan for use on the project, as well as use or disposal of the equipment after the project ends. An applicant organization that uses its own definition for equipment should provide a copy of its policy or section of its policy which includes the equipment definition.

Supplies

Description: Costs of all tangible personal property other than that included under the Equipment category.

Justification: Specify general categories of supplies and their costs. Show computations and provide other information which supports the amount requested.

Contractual

Description: Costs of all contracts for services and goods except for those that belong under other categories such as equipment, supplies, construction, etc. Include third party evaluation contracts (if applicable) and contracts with secondary recipient organizations, including delegate agencies and specific project(s) or businesses to be financed by the applicant.

Justification: Demonstrate that all procurement transactions will be conducted in a manner to provide, to the maximum extent practical, open and free competition. Recipients and subrecipients, other than States that are required to use 45 CFR Part 92 procedures, must justify any anticipated procurement action that is expected to be awarded without competition and exceed the simplified acquisition threshold fixed at 41 U.S.C. 403(11) (currently set at \$100,000).

Recipients might be required to make available to ACF pre-award review and procurement documents, such as request for proposals or invitations for bids, independent cost estimates, etc.

Note: Whenever the applicant intends to delegate part of the project to another agency, the applicant must provide a detailed budget and budget narrative for each delegate agency, by agency title, along with the required supporting information referred to in these instructions.

Other

Enter the total of all other costs. Such costs, where applicable and appropriate, may include but are not limited to insurance, food, medical and dental costs (noncontractual), professional services costs, space and equipment rentals, printing and publication, computer use, training costs, such as tuition and stipends, staff development costs, and administrative costs.

Justification: Provide computations, a narrative description and a justification for each cost under this category.

Indirect Charges

Description: Total amount of indirect costs. This category should be used only when the applicant currently has an indirect cost rate approved by the Department of Health and Human Services (HHS) or another cognizant Federal agency.

Justification: An applicant that will charge indirect costs to the grant must enclose a copy of the current rate agreement. If the applicant organization is in the process of initially developing or renegotiating a rate, upon notification that an award will be made, it should immediately develop a tentative indirect cost rate proposal based on its most recently completed fiscal year, in accordance with the cognizant agency's guidelines for establishing indirect cost rates, and submit it to the cognizant agency. Applicants awaiting approval of their indirect cost proposals may also request indirect costs. When an indirect cost rate is requested, those costs included in the indirect cost pool should not also be charged as direct costs to the grant. Also, if the applicant is requesting a rate which is less than what is allowed under the program, the authorized representative of the applicant organization must submit a signed acknowledgement that the applicant is accepting a lower rate than allowed.

Non-Federal Resources

Description: Amounts of non-Federal resources that will be used to support the project as identified in Block 15 of the SF-424.

Justification: The firm commitment of these resources must be documented and submitted with the application so the applicant is given credit in the review process. A detailed budget must be prepared for each funding source.

Evaluation Criteria:

The following evaluation criteria appear in weighted descending order. The corresponding score values indicate the relative importance that ACF places on each evaluation criterion; however,

applicants need not develop their applications precisely according to the order presented. Application components may be organized such that a reviewer will be able to follow a seamless and logical flow of information (e.g., from a broad overview of the project to more detailed information about how it will be conducted).

In considering how applicants will carry out the responsibilities addressed under this announcement, competing applications for financial assistance will be reviewed and evaluated against the following criteria:

Organizational Profiles 45 Points

(a) Organizational Experience in Program Area (20 Points)

The application will be evaluated on the extent to which it documents the organization's capability and relevant experience in developing and operating a nationwide program that deals with problems similar to those to be addressed by the proposed project. Documentation provided should indicate that projects previously undertaken have been relevant and effective and have provided permanent benefits. Organizations proposing training and technical assistance should have detailed competence in the program area and expertise in training and technical assistance. If applicable, information provided in these applications should also address related achievements and competence of each cooperating or sponsoring organization.

(b) Management History (0–10 Points)

The application will be evaluated on the extent to which it demonstrates the applicant's ability to implement sound and effective management practices. If the applicant has been a recipient of other Federal or governmental grants, it must also document its compliance with financial and program progress reporting and audit requirements. Such documentation may be in the form of references to any available audit or progress reports and should be accompanied by a statement from a Certified or Licensed Public Accountant as to the sufficiency of the applicant's financial management system to protect adequately any Federal funds awarded under the application submitted.

(c) Staff Skills, Resources and Responsibilities (0–15 Points)

The application will be evaluated on the extent to which it adequately describes the experience and skills of the proposed Project Director, showing that the individual is not only well qualified, but that his/her professional capabilities are relevant to successfully implementing the project. If the key staff person has not yet been identified, the

application should contain a comprehensive position description indicating that the responsibilities to be assigned to the Project Director are relevant to successfully implementing the project. The application must indicate that it has adequate facilities and resources (i.e. space and equipment) to carry out the work plan successfully. In addressing the above criterion, the applicant must clearly show that sufficient time of the Project Director and other senior staff will be budgeted to assure timely project implementation and oversight and that the assigned responsibilities of the staff are appropriate to the tasks identified.

Objectives and Need for Assistance 25 Points

(a) Description of Target Population (0–10 Points)

The application will be evaluated on the extent to which it describes the target area and population to be served.

(b) Analysis of Needs/Priorities (0–15 Points)

The application will be evaluated on the extent to which it discusses the nature and extent of the nationwide youth overweight and obesity problem, including specific information on low-income and minority population youth.

Approach 15 Points

(a) Realistic Quarterly Time Lines (0–5 Points)

The application will be evaluated on the extent to which it provides realistic quarterly projections of the activities to be carried out.

(b) Detailed Work Plan (0–10 Points)

The application will be evaluated on the extent to which it ensures that activities are adequately described and appear reasonably likely to achieve results that will have a desired impact on the identified problem(s).

Budget and Budget Justification 10 Points

Every application must include a Budget Justification, placed after the budget forms SF 424 and 424A, explaining the sources and uses of project funds. The budget is adequate and administrative costs are appropriate to the services proposed.

Results or Benefits Expected 5 Points

Identify the results and benefits to be derived from the proposed project.

2. Review and Selection Process

No grant award will be made under this announcement on the basis of an incomplete application.

Initial ACF/OCS Screening—Each application submitted to ACF/OCS will

be screened to determine whether it was received by the closing date and time.

Applications received by the closing date and time will be screened for completeness and conformity with the following requirements.

All applications must comply with the following requirements except as noted:

- The application must contain a signed Standard Form 424 Application for Federal Assistance "SF 424," a Standard Form 424-A Budget Information "SF 424A" and signed Standard Form 424B Assurance—Non-Construction Programs "SF 424B" completed according to instructions provided in this Program Announcement. The forms SF 424 and the SF 424B must be signed by an official of the organization applying for the grant who has authority to obligate the organization legally. The applicant's legal name as required on the SF 424 (Item 5) must match that listed as corresponding to the Employer Identification Number (Item 6).

- The application must include a project narrative that meets the requirements set forth in this announcement at Section V.

- The application must contain documentation of the applicant's tax-exempt status as indicated in Section III of this announcement, Eligibility Information.

- The application package including sections for the Table of Contents, Project Abstract, Project and Budget Narratives must not exceed 45 pages. The page limitation does not include the following attachments and appendices: Standard Forms for Assurances, Certifications, Disclosures and appendices. The page limitation also does not apply to any supplemental documents as required in this announcement.

- Private, non-profit organizations are encouraged to submit with their applications the optional survey located under "Grants Related Documents and Forms," "Survey for Private, Non-Profit Grant Applicants," titled, "Survey on Ensuring Equal Opportunity for Applicants," at: <http://www.acf.hhs.gov/programs/ofs/forms.htm>.

ACF/OCS Evaluation of Applications—Applications that pass the initial ACF/OCS screening will be reviewed and rated by a panel based on the program elements and review criteria presented in relevant sections of this program announcement.

The review criteria are designed to enable the review panel to assess the quality of a proposed project and determine the likelihood of its success. The criteria are closely related to each

other and are considered as a whole in judging the overall quality of an application.

The review panel awards points only to applications that are responsive to the program elements and relevant review criteria within the context of this program announcement.

The ACF/OCS Director and program staff use the reviewer scores when considering competing applications. Reviewer scores will weigh heavily in funding decisions, but will not be the only factors considered.

Applications generally will be considered in order of the average scores assigned by the review panel. Because other important factors are taken into consideration, highly ranked applications are not guaranteed funding. These other considerations include, for example: the timely and proper completion by the applicant of projects funded with ACF/OCS funds granted in the last five (5) years; comments of reviewers and government officials; staff evaluation and input; amount and duration of the grant requested and the proposed project's consistency and harmony with ACF/OCS goals and policies; geographic distribution of applications; previous program performance of applicants; compliance with grant terms under previous HHS grants; audit reports; investigative reports; and applicant's progress in resolving any final audit disallowance on previous ACF/OCS or other Federal agency grants.

Since ACF will be using non-Federal reviewers in the review process, applicants have the option of omitting from the application copies (not the original) specific salary rates or amounts for individuals specified in the application budget.

Approved but Unfunded Applications.

Applications that are approved but unfunded may be held over for funding in the next funding cycle, pending the availability of funds, for a period not to exceed one year.

3. Anticipated Announcement and Award Dates

Announcements and awards will be issued no later than September 30, 2005.

VI. Award Administration Information

1. Award Notices

The successful applicants will be notified through the issuance of a Financial Assistance Award document, which sets forth the amount of funds granted, the terms and conditions of the grant, the effective date of the grant, the budget period for which initial support

will be given, the non-Federal share to be provided, and the total project period for which support is contemplated. The Financial Assistance Award will be signed by the Grants Officer and transmitted via postal mail.

Organizations whose applications will not be funded will be notified in writing.

2. Administrative and National Policy Requirements

Grantees are subject to the requirements in 45 CFR Part 74 (non-governmental) or 45 CFR Part 92 (governmental); 45 CFR Part 1050.

Direct Federal grants, subaward funds, or contracts under this Program shall not be used to support inherently religious activities such as religious instruction, worship, or proselytization. Therefore, organizations must take steps to separate, in time or location, their inherently religious activities from the services funded under this Program. Regulations pertaining to the prohibition of Federal funds for inherently religious activities can be found on the HHS Web site at: <http://www.os.dhhs.gov/fbci/waisgate21.pdf>.
