### International Trade Administration

#### **Certain Corrosion-Resistant Carbon Steel Flat Products From Japan: Notice of Extension of Preliminary Results of Antidumping Duty Administrative Review**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**EFFECTIVE DATE:** June 8, 2005.

**FOR FURTHER INFORMATION CONTACT:** Christopher Hargett or James Terpstra, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-4161 or (202) 482-3965.

#### **SUPPLEMENTARY INFORMATION:**

##### **Background**

The Department of Commerce ("the Department") published an antidumping duty order on certain corrosion-resistant carbon steel flat products from Japan on August 19, 1993. See *Antidumping Duty Order: Certain Corrosion-Resistant Carbon Steel Flat Products from Japan*, 58 FR 44163 (August 19, 1993). Nucor Corporation ("Nucor"), a domestic interested party, requested that the Department conduct an administrative review of the order. See *Letter from Nucor Corporation*, August 31, 2004. On September 22, 2004, the Department published a notice of initiation of administrative review of the antidumping duty order on certain corrosion-resistant carbon steel flat products from Japan, covering the period of August 1, 2003, to July 31, 2004. See *Initiation of Antidumping and*

*Countervailing Duty Administrative Reviews and Request for Revocation, In Part*, 69 FR 56745. On May 3, 2005, the Department extended the time for issuing the preliminary results until June 2, 2005. See *Certain Corrosion-Resistant Carbon Steel Flat Products from Japan: Notice of Extension of Preliminary Results of Antidumping Duty Administrative Review*, 70 FR 24393 (May 9, 2005). On May 20, 2005, Nucor filed a letter withdrawing its request for administrative review. In its letter, Nucor requested that the Department rescind the review. See *Letter from Nucor Corporation re; Corrosion Resistant Steel Flat Products from Japan*. On June 2, 2005, United States Steel ("U.S. Steel"), a domestic interested party, filed comments objecting to the Department rescinding the review. See *Letter from U.S. Steel*. The preliminary results for this review are currently due no later than June 2, 2005.

#### **Extension of Time Limits for Preliminary Results**

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an order for which a review is requested. If it is not practicable to complete the review within the time period, section 751(a)(3)(A) of the Act and section 351.213(h)(2) of the Department's regulations allow the Department to extend this deadline to a maximum of 365 days.

The Department received comments objecting to the rescission of the review on the deadline date for issuing the preliminary results. The Department requires time to evaluate the objection to rescinding the review. Therefore, the Department determines that it is not practicable to complete the review by June 2, 2005, and is extending the time limit for completion of the preliminary results by 28 days to no later than June 30, 2005. In the event the Department decides to proceed with this administrative review, we expect to issue the final results no later than 120 days after publication of the notice of the preliminary results. This notice is being issued and published in accordance with section 751(a)(3)(A) of the Act.

Dated: June 2, 2005.
