## DEPARTMENT OF LABOR

### Employment and Training Administration

[TA-W-56,701]

#### Twigs & Ivy Boutique, Potosi, MO; Negative Determination Regarding Application for Reconsideration

By application of April 14, 2005, a petitioner requested administrative reconsideration of the Department's negative determination regarding eligibility for workers and former workers of the subject firm to apply for Trade Adjustment Assistance (TAA). The denial notice was signed on May 2, 2005, (70 FR 22710).

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

- (1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;
- (2) if it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or
- (3) if in the opinion of the Certifying Officer, a misinterpretation of facts or of the law justified reconsideration of the decision.

The TAA petition, which was filed on behalf of workers at Twigs & Ivy Boutique, Potosi, Missouri engaged in the production of floral arrangements, was denied based on the findings that during the relevant time period, the subject company did not separate or threaten to separate a significant number or proportion of workers, as required by Section 222 of the Trade Act of 1974.

In the request for reconsideration, the petitioner alleges that there was an additional employee of Twigs & Ivy Boutique who was mistakenly omitted from the employment list originally submitted to the Department by the company official.

This alleged employee was contacted by the Department to confirm the above statement. The employee stated that she worked for Twigs & Ivy Boutique, Potosi, Missouri in 2002.

When assessing eligibility for TAA, the Department exclusively considers the relevant employment data for the

facility where the petitioning worker group was employed. The relevant period represents four quarters back from the date of the petition, thus data from 2002 is irrelevant in this investigation. As fewer than three workers were impacted at the subject firm during the relevant time period, employment threshold requirement as outlined in Section 222 of the Trade Act of 1974 was not met.

#### Conclusion

After review of the application and investigative findings, I conclude that there has been no error or misinterpretation of the law or of the facts which would justify reconsideration of the Department of Labor's prior decision. Accordingly, the application is denied.

Signed in Washington, DC, this 27th day of May, 2005.

#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

NASA Johnson Space Center is licensed to collect and maintain records of radioactive material used for space-related research and space vehicles at temporary job sites in the U.S. Information collected includes descriptions, transfer, location, and disposition of materials and records of accountability and responsibility. Respondents are NASA field centers and NASA contractors, subcontractors, and vendors.

##### II. Method of Collection

NASA collects this information electronically where feasible, but information may also be collected by mail or fax.

##### III. Data

*Title:* Radioactive Material Transfer Receipt.

*OMB Number:* 2700-0007.

*Type of review:* Extension of a currently approved collection.

*Affected Public:* Business or other for-profit; Not-for-profit institutions; Federal Government; State, local or tribal government.

*Estimated Number of Respondents:* 25.

*Estimated Time Per Response:* approximately 30 minutes.

*Estimated Total Annual Burden Hours:* 10.

*Estimated Total Annual Cost:* \$0.

##### IV. Request for Comments

*Comments are invited on:* (1) Whether the proposed collection of information is necessary for the proper performance of the functions of NASA, including whether the information collected has practical utility; (2) the accuracy of NASA's estimate of the burden (including hours and cost) of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including automated collection techniques or the use of other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection. They will also become a matter of public record.

Dated: June 6, 2005.

## NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

### Records Schedules; Availability and Request for Comments

**AGENCY:** National Archives and Records Administration (NARA).

**ACTION:** Notice of availability of proposed records schedules; request for comments.

**SUMMARY:** The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. They authorize the preservation of records of continuing value in the National Archives of the United States and the destruction, after a specified period, of records lacking administrative, legal, research, or other value. Notice is published for records schedules in which agencies propose to destroy records not previously authorized for disposal or reduce the retention period of records already authorized for disposal. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

**DATES:** Requests for copies must be received in writing on or before July 28, 2005. Once the appraisal of the records is completed, NARA will send a copy of the schedule. NARA staff usually prepare appraisal memorandums that contain additional information concerning the records covered by a proposed schedule. These, too, may be requested and will be provided once the appraisal is completed. Requesters will be given 30 days to submit comments.

**ADDRESSES:** You may request a copy of any records schedule identified in this notice by contacting the Life Cycle Management Division (NWML) using one of the following means (Note the new address for requesting schedules using e-mail): Mail: NARA (NWML), 8601 Adelphi Road, College Park, MD 20740-6001. E-mail: [requestschedule@nara.gov](mailto:requestschedule@nara.gov). FAX: 301-837-3698.

Requesters must cite the control number, which appears in parentheses

after the name of the agency which submitted the schedule, and must provide a mailing address. Those who desire appraisal reports should so indicate in their request.

**FOR FURTHER INFORMATION CONTACT:** Paul M. Wester, Jr., Director, Life Cycle Management Division (NWML), National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001. Telephone: 301-837-3120. E-mail: [records.mgt@nara.gov](mailto:records.mgt@nara.gov).

**SUPPLEMENTARY INFORMATION:** Each year Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA's approval, using the Standard Form (SF) 115, Request for Records Disposition Authority. These schedules provide for the timely transfer into the National Archives of historically valuable records and authorize the disposal of all other records after the agency no longer needs them to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

No Federal records are authorized for destruction without the approval of the Archivist of the United States. This approval is granted only after a thorough consideration of their administrative use by the agency of origin, the rights of the Government and of private persons directly affected by the Government's activities, and whether or not they have historical or other value.

Besides identifying the Federal agencies and any subdivisions requesting disposition authority, this public notice lists the organizational unit(s) accumulating the records or indicates agency-wide applicability in the case of schedules that cover records that may be accumulated throughout an agency. This notice provides the control number assigned to each schedule, the total number of schedule items, and the number of temporary items (the records proposed for destruction). It also includes a brief description of the temporary records. The records schedule itself contains a full description of the records at the file unit level as well as their disposition. If NARA staff has prepared an appraisal

memorandum for the schedule, it too includes information about the records. Further information about the disposition process is available on request.
