

management in schools relating to the waiver request.

EPA's Preliminary Determination: EPA has determined preliminarily that the statutory and regulatory provisions of the Illinois Asbestos Abatement Act (105 ILCS), the Illinois Commercial and Public Building Asbestos Abatement Act (225 ILCS), the Department of Public Health Act (20 ILCS 2305), and 77 Illinois Administrative Code, Section 855, give the Illinois Department of Public Health such authority.

2. Illinois' program of asbestos inspection and management in schools and its implementation of the program are or will be at least as stringent as the requirements of the AHERA Schools Rule.

EPA's Preliminary Determination: Since Illinois has adopted the AHERA schools rule by reference in its regulations, EPA has determined that Illinois' program is at least as stringent as EPA's program.

3. Illinois has an enforcement mechanism to allow it to implement the program described in the waiver request.

EPA's Preliminary Determination: EPA has determined preliminarily that the compliance and enforcement provisions of Illinois' asbestos-in-schools program are adequate to run the program. The Director of the Illinois Department of Public Health is empowered under the Commercial and Public Building Asbestos Abatement Act (225 ILCS 207) to ". . . maintain an action for prosecution, injunction, or other relief or process against any Building/Facility Owner or any other person or unit of local government to enforce and compel compliance with the provisions of this Act, the rules promulgated under it and any order entered for any action under this Act and its rules. A person who violates this Act is guilty of a Class A misdemeanor punishable by a fine of \$1,000 for each day the violation exists in addition to other civil penalties or up to 6 months imprisonment or both a fine and imprisonment." The Director also has authority to inspect all activities regulated by the Act, and can issue stop work orders. In addition, under section 8.1 of the Department of Public Health Act (20 ILCS 2305), the Director may also deem "whoever violates or refuses to obey any rule or regulation of the Department of Public Health to be guilty of a Class A misdemeanor."

4. The lead agency and any cooperating agencies have or will have qualified personnel to carry out the provisions relating to the waiver request.

EPA's Preliminary Determination: EPA has preliminarily determined that the IDPH has qualified personnel to carry out the provisions of the waiver. The existing program staff includes four environmental engineers, one project designer, three full-time support staff, two temporary support staff, and an architect. Oversight is provided by a licensed professional engineer.

5. Illinois will devote adequate resources to the administration and enforcement of the asbestos inspection and management provisions relating to the waiver request.

EPA's Preliminary Determination: EPA has determined preliminarily that Illinois has adequate resources to administer and enforce the provisions of the program. The appropriated funding for the Asbestos Program is \$933,045 for the current State fiscal year ('05). The State also has a current balance of \$612,000 in its Illinois School Asbestos Abatement Fund, and collected \$15,229 in fines during the previous fiscal year ('04).

6. Illinois gives satisfactory assurances that the necessary steps, including specific actions it proposes to take and a time schedule for their accomplishment, will be taken within a reasonable time to conform with criteria numbers 2-4 above.

EPA's Preliminary Determination: For EPA to grant a full waiver to Illinois, the State, as a condition of the grant of the waiver, would need to give a written assurance satisfactory to EPA that, if following the grant of the waiver, any provision of either TSCA section 203 or the AHERA schools rule is changed, the State would, within a reasonable period of time, make appropriate changes, as necessary, to the statutory and regulatory provisions of its asbestos-in-schools program to ensure that the program remains at least as stringent as the EPA asbestos-in-schools program.

In addition, if a waiver is granted and as long as it remains in effect, Illinois, utilizing adequate resources, would need to continue its asbestos-in-schools implementation and enforcement strategy. EPA may evaluate periodically the adequacy of Illinois' program under 40 CFR 763.98, and, under circumstances set forth in the regulation, may, in whole or in part, rescind the waiver if the Agency determines the program to be inadequate.

F. What Recordkeeping and Reporting Burden Approvals Apply to the Illinois Waiver Request?

The recordkeeping and reporting burden associated with waiver requests was approved by the Office of

Management and Budget (OMB) under OMB control number 2070-0091. This document announces the Agency's receipt of the Illinois waiver request and, therefore, imposes no additional burden beyond that covered under existing OMB control number 2070-0091.

FEDERAL TRADE COMMISSION

Granting of Request for Early Termination of the Waiting Period Under the Premerger Notification Rules

Section 7A of the Clayton Act, 15 U.S.C. 18a, as added by Title II of the Hart-Scott-Rodino Antitrust Improvements Act of 1976, requires persons contemplating certain mergers or acquisitions to give the Federal Trade Commission and the Assistant Attorney General advance notice and to wait designated periods before consummation of such plans. Section 7A(b)(2) of the Act permits the agencies, in individual cases, to terminate this waiting period prior to its expiration and requires that notice of this action be published in the **Federal Register**.

The following transactions were granted early termination of the waiting period provided by law and the premerger notification rules. The grants were made by the Federal Trade Commission and the Assistant Attorney General for the Antitrust Division of the Department of Justice. Neither agency intends to take any action with respect to these proposed acquisitions during the applicable waiting period.
