Federal Register

Vol. 70, No. 125

Thursday, June 30, 2005

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect, most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each week.

NUCLEAR REGULATORY COMMISSION

10 CFR Part 72

RIN 3150-AH70

List of Approved Spent Fuel Storage Casks: VSC-24 Revision

AGENCY: Nuclear Regulatory Commission.

ACTION: Direct final rule.

SUMMARY: The Nuclear Regulatory Commission (NRC) is amending its regulations revising the BNG Fuel Solutions Corporation Ventilated Storage Cask (VSC-24) System listing within the "List of approved spent fuel storage casks" to include Amendment No. 5 to Certificate of Compliance Number (CoC No.) 1007. Amendment No. 5 will change the certificate holder's name from Pacific Sierra Nuclear Associates to BNG Fuel Solutions Corporation. No changes were required to be made to the VSC-24 Final Safety Analysis Report nor its Technical Specifications.

DATES: The final rule is effective September 13, 2005, unless significant adverse comments are received by August 1, 2005. A significant adverse comment is a comment where the commenter explains why the rule would be inappropriate, including challenges to the rule's underlying premise or approach, or would be ineffective or unacceptable without a change. If the rule is withdrawn, timely notice will be published in the **Federal Register**.

ADDRESSES: You may submit comments by any one of the following methods. Please include the following number (RIN 3150-AH70) in the subject line of your comments. Comments on rulemakings submitted in writing or in electronic form will be made available for public inspection. Because your comments will not be edited to remove

any identifying or contact information, the NRC cautions you against including personal information such as social security numbers and birth dates in your submission.

Mail comments to: Secretary, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, ATTN: Rulemakings and Adjudications Staff.

E-mail comments to: SECY@nrc.gov. If you do not receive a reply e-mail confirming that we have received your comments, contact us directly at (301) 415-1966. You may also submit comments via the NRC's rulemaking Web site at <http://ruleforum.llnl.gov>. Address questions about our rulemaking Web site to Carol Gallagher (301) 415-5905; e-mail cag@nrc.gov. Comments can also be submitted via the Federal eRulemaking Portal <http://www.regulations.gov>.

Hand deliver comments to: 11555 Rockville Pike, Rockville, Maryland 20852, between 7:30 am and 4:15 pm Federal workdays (telephone (301) 415-1966).

Publicly available documents related to this rulemaking may be viewed electronically on the public computers located at the NRC's Public Document Room (PDR), O-1F21, One White Flint North, 11555 Rockville Pike, Rockville, Maryland. Selected documents, including comments, can be viewed and downloaded electronically via the NRC rulemaking Web site at <http://ruleforum.llnl.gov>.

Publicly available documents created or received at the NRC after November 1, 1999, are available electronically at the NRC's Electronic Reading Room at <http://www.nrc.gov/NRC/ADAMS/index.html>. From this site, the public can gain entry into the NRC's Agencywide Document Access and Management System (ADAMS), which provides text and image files of NRC's public documents. If you do not have access to ADAMS or if there are problems in accessing the documents located in ADAMS, contact the NRC PDR Reference staff at 1-800-397-4209, 301-415-4737, or by e-mail to pdr@nrc.gov. An electronic copy of the proposed CoC and preliminary safety evaluation report (SER) can be found under ADAMS Accession No. ML050310446.

CoC No. 1007, the Technical Specifications (TS), and the underlying SER for Amendment No. 5 are available for inspection at the NRC PDR, 11555 Rockville Pike, Rockville, MD. Single copies of these documents may be obtained from Jayne M. McCausland, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, telephone (301) 415-6219, e-mail jmm2@nrc.gov.

FOR FURTHER INFORMATION CONTACT: Jayne M. McCausland, telephone (301) 415-6219, e-mail jmm2@nrc.gov, of the Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001.

SUPPLEMENTARY INFORMATION:

Background

Section 218(a) of the Nuclear Waste Policy Act of 1982, as amended (NWPA), requires that "[t]he Secretary [of the Department of Energy (DOE)] shall establish a demonstration program, in cooperation with the private sector, for the dry storage of spent nuclear fuel at civilian nuclear power reactor sites, with the objective of establishing one or more technologies that the [Nuclear Regulatory] Commission may, by rule, approve for use at the sites of civilian nuclear power reactors without, to the maximum extent practicable, the need for additional site-specific approvals by the Commission." Section 133 of the NWPA states, in part, that "[t]he Commission shall, by rule, establish procedures for the licensing of any technology approved by the Commission under Section 218(a) for use at the site of any civilian nuclear power reactor."

To implement this mandate, the NRC approved dry storage of spent nuclear fuel in NRC-approved casks under a general license by publishing a final rule in 10 CFR Part 72 entitled, "General License for Storage of Spent Fuel at Power Reactor Sites" (55 FR 29181; July 18, 1990). This rule also established a new Subpart L within 10 CFR Part 72, entitled "Approval of Spent Fuel Storage Casks" containing procedures and criteria for obtaining NRC approval of spent fuel storage cask designs. The NRC subsequently issued a final rule on April 7, 1993 (58 FR 17948), that approved the VSC-24 cask design and added it to the list of NRC-approved

cask designs in § 72.214 as CoC No. 1007.

Discussion

On November 2, 2004, and as supplemented on April 27, 2005, the certificate holder, BNG Fuel Solutions Corporation, submitted an application to the NRC to amend CoC No. 1007 for the VSC-24 System to change the certificate holder's name from Pacific Sierra Nuclear Associates (PSNA) to BNG Fuel Solutions Corporation (BFS). The requested change did not require any changes to the VSC-24 Final Safety Analysis Report (FSAR) nor its TS. PSNA, the current certificate holder of CoC No. 1007 for the VSC-24 System, is jointly owned by BFS and Sierra Nuclear Corporation (SNC). BNG, Inc., the parent company of BFS and SNC, intends to have SNC transfer all of its assets and liabilities to BFS, and then dissolve SNC. Given that BFS will have sole ownership of PSNA, the applicant has requested that the certificate holder be changed from PSNA to BFS. No other changes to the VSC-24 System were requested in this application. Due to the administrative nature of the change requested, this amendment does not require any changes to the VSC-24 FSAR nor its TS. In addition, the NRC staff has determined that there continues to be reasonable assurance that public health and safety and the environment will be adequately protected.

This direct final rule revises the VSC-24 cask design listing in § 72.214 by adding Amendment No. 5 to CoC No. 1007. As discussed above, the amendment does not require any changes to the FSAR nor its TS.

The amended VSC-24 System, when used in accordance with the conditions specified in the CoC, the TS, and NRC regulations, will meet the requirements of Part 72; thus, adequate protection of public health and safety will continue to be ensured.

Discussion of Amendments by Section

Section 72.214 List of Approved Spent Fuel Storage Casks

Certificate No. 1007 is revised by adding the effective date of Amendment Number 5.

Procedural Background

This rule is limited to the change contained in Amendment 5 to CoC No. 1007 and does not include other aspects of the VSC-24 cask design. The NRC is using the "direct final rule procedure" to issue this amendment because it represents a limited and routine change to an existing CoC that is expected to be

noncontroversial. Adequate protection of public health and safety continues to be ensured. The amendment to the rule will become effective on September 13, 2005. However, if the NRC receives significant adverse comments by August 1, 2005, then the NRC will publish a document that withdraws this action and will address the comments received in response to the proposed amendments published elsewhere in this issue of the **Federal Register**, in a subsequent final rule.

A significant adverse comment is a comment where the commenter explains why the rule would be inappropriate, including challenges to the rule's underlying premise or approach, or would be ineffective or unacceptable without a change. A comment is adverse and significant if:

(1) The comment opposes the rule and provides a reason sufficient to require a substantive response in a notice-and-comment process. For example, in a substantive response:

(a) The comment causes the NRC staff to reevaluate (or reconsider) its position or conduct additional analysis;

(b) The comment raises an issue serious enough to warrant a substantive response to clarify or complete the record; or

(c) The comment raises a relevant issue that was not previously addressed or considered by the NRC staff.

(2) The comment proposes a change or an addition to the rule, and it is apparent that the rule would be ineffective or unacceptable without incorporation of the change or addition.

(3) The comment causes the NRC staff to make a change (other than editorial) to the CoC or TS.

Voluntary Consensus Standards

The National Technology Transfer Act of 1995 (Pub. L. 104-113) requires that Federal agencies use technical standards that are developed or adopted by voluntary consensus standards bodies unless the use of such a standard is inconsistent with applicable law or otherwise impractical. In this direct final rule, the NRC is revising the VSC-24 listing in § 72.214 (List of NRC-approved spent fuel storage cask designs). This action does not constitute the establishment of a standard that establishes generally applicable requirements.

Agreement State Compatibility

Under the "Policy Statement on Adequacy and Compatibility of Agreement State Programs" approved by the Commission on June 30, 1997, and published in the **Federal Register** on September 3, 1997 (62 FR 46517), this

rule is classified as Compatibility Category "NRC." Compatibility is not required for Category "NRC" regulations. The NRC program elements in this category are those that relate directly to areas of regulation reserved to the NRC by the Atomic Energy Act of 1954, as amended (AEA), or the provisions of Title 10 of the Code of Federal Regulations. Although an Agreement State may not adopt program elements reserved to NRC, it may wish to inform its licensees of certain requirements via a mechanism that is consistent with the particular State's administrative procedure laws but does not confer regulatory authority on the State.

Plain Language

The Presidential Memorandum dated June 1, 1998, entitled "Plain Language in Government Writing," directed that the Government's writing be in plain language. The NRC requests comments on this direct final rule specifically with respect to the clarity and effectiveness of the language used. Comments should be sent to the address listed under the heading **ADDRESSES** above.

Environmental Impact: Categorical Exclusion

The NRC has determined that this direct final rule is the type of action described in categorical exclusion 10 CFR 51.22(c)(2). Therefore, neither an environmental impact statement nor an environmental assessment has been prepared for this direct final rule.

Paperwork Reduction Act Statement

This direct final rule does not contain a new or amended information collection requirement subject to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). Existing requirements were approved by the Office of Management and Budget (OMB), Approval Number 3150-0132.

Public Protection Notification

The NRC may not conduct or sponsor, and a person is not required to respond to, a request for information or an information collection requirement unless the requesting document displays a currently valid OMB control number.

Regulatory Analysis

A regulatory analysis has not been prepared for this direct final rule because this rule is considered a minor, nonsubstantive amendment that has no economic impact on NRC licensees or the public.

Regulatory Flexibility Certification

In accordance with the Regulatory Flexibility Act of 1980 (5 U.S.C. 605(b)), the NRC certifies that this rule will not, if issued, have a significant economic impact on a substantial number of small entities. This direct final rule consists of an administrative change to the company name and does not affect any small entities.

Backfit Analysis

The NRC has determined that the backfit rule (10 CFR 50.109 or 10 CFR 72.62) does not apply to this direct final rule because this amendment would not involve any provisions that would impose backfits as defined. Therefore, a backfit analysis is not required.

Small Business Regulatory Enforcement Fairness Act

In accordance with the Small Business Regulatory Enforcement Fairness Act of 1996, the NRC has determined that this action is not a major rule and has verified this determination with the Office of Information and Regulatory Affairs, Office of Management and Budget.

FEDERAL ELECTION COMMISSION

11 CFR Part 300

[Notice 2005–17]

Candidate Solicitation at State, District, and Local Party Fundraising Events

AGENCY: Federal Election Commission.

ACTION: Revised Explanation and Justification.

SUMMARY: The Federal Election Commission is publishing a revised Explanation and Justification for its rule regarding appearances by Federal officeholders and candidates at State, district, and local party fundraising events under the Federal Election Campaign Act of 1971, as amended (“FECA”). The rule, which is not being amended, contains an exemption permitting Federal officeholders and candidates to speak at State, district, and local party fundraising events “without restriction or regulation.” These revisions to the Explanation and Justification conform to the decision of the U.S. District Court for the District of Columbia in *Shays v. FEC*. Further information is provided in the supplementary information that follows.

DATES: Effective June 30, 2005.

FOR FURTHER INFORMATION CONTACT: Ms. Mai T. Dinh, Assistant General Counsel, Mr. Robert M. Knop, Attorney, or Ms. Margaret G. Perl, Attorney, 999 E Street, NW., Washington, DC 20463, (202) 694–1650 or (800) 424–9530.

SUPPLEMENTARY INFORMATION: The Bipartisan Campaign Reform Act of 2002 (“BCRA”), Pub. L. 107–155, 116 Stat. 81 (2002), limits the amounts and types of funds that can be raised in connection with Federal and non-Federal elections by Federal officeholders and candidates, their agents, and entities directly or indirectly established, financed, maintained, or controlled by, or acting on behalf of Federal officeholders or candidates (“covered persons”). See 2 U.S.C. 441i(e). Covered persons may not “solicit, receive, direct, transfer or spend” non-Federal funds in connection with an election for Federal, State, or local office except under limited circumstances. See 2 U.S.C. 441i(e); 11 CFR part 300, subpart D.

Section 441i(e)(3) of FECA states that “notwithstanding” the prohibition on raising non-Federal funds, including Levin funds, in connection with a Federal or non-Federal election in section 441i(b)(2)(C) and (e)(1), “a candidate or an individual holding Federal office may attend, speak, or be a featured guest at a fundraising event for a State, district, or local committee of a political party.” *Id.* During its 2002 rulemaking to implement this provision, the Commission considered competing interpretations of this provision. The Commission decided to promulgate rules at 11 CFR 300.64(b) construing the statutory provision to permit Federal officeholders and candidates to attend, speak, and appear as featured guests at fundraising events for a State, district, and local committee of a political party
