comprehensive medium to record and document personnel security actions within the Department. JPAS also compiles statistical data for use in analyses and studies.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

In addition to disclosures generally permitted under 5 U.S.C. 552a(b) of the Privacy Act, these records or information contained therein may specifically be disclosed outside the DOD as follows to:

To the White House to obtain approval of the President of the United States regarding certain military personnel office actions as provided for in DoD Instruction 1320.4; "Military Officer Actions Requiring Approval of the Secretary of Defense or the President, or Confirmation by the Senate".

To the U.S. Citizenship and Immigration Services for use in alien admission and naturalization inquiries.

To the Federal Bureau of Investigation; the National Aeronautics and Space Administration; the Central Intelligence Agency; the Office of Personnel Management; the Department of State, the Department of Treasury; the Internal Revenue Service; the U.S. Postal Service; the U.S. Secret Service; the Bureau of Alcohol, Tobacco, Firearms and Explosives; the U.S. Customs and Border Protection; Department of Homeland Security; any other related Federal agencies for the purpose of determining access to National Security information (NSI) pursuant to E.O. 12968.

The DoD 'Blanket Routine Uses' set forth at the beginning of the Defense Security Service's compilation of systems of records notices also apply to this system.

Policies and practices for storing, retrieving, accessing, safeguarding, retaining and disposing of records in the system:

STORAGE:

Records contained in the system are stored on electronic media (such as CD-ROM disks, optical digital data disks, computers, and computer output products).

RETRIEVABILITY:

Information is retrieved by full name, Social Security Number, date of birth, state and country of birth.

SAFEGUARDS:

Electronically and optically stored records are maintained in "fail-safe" system software with password-protected access. Records are accessible

only to authorized persons with a valid need-to-know, who are appropriately screened, investigated and determined eligible for access. During non-duty hours, alarms systems and/or security or military police guards secure all locations. Only authorized personnel with a valid need-to-know are allowed access to JPAS. Additionally, JPAS users are subject to limitations within the system, based on their specific functions and security eligibility and access level.

RETENTION AND DISPOSAL:

Automated records are actively retained during the entire period an individual maintains DoD affiliation. When either (1) the affiliation ends or (2) an applicant is not accepted for DoD affiliation, the automated records are actively retained for two years. At the end of the two-year period, the automated record is moved to an electronic archive with retrieval capability. Destruction of automated records is by erasure and/or degaussing.
