#### Fresh Garlic From the People's Republic of China: Notice of Extension of Time Limit for the Preliminary Results of New Shipper Reviews

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce is extending the time limit for the preliminary results of new shipper reviews of the antidumping duty order on fresh garlic from the People's Republic of China until October 25, 2005, pursuant to Section 751(a)(2)(B)(iv) of the Tariff Act of 1930, as amended (the Act). This extension applies to the new shipper reviews of Shanghai LJ International Trading Co., Ltd. and Zhangqiu Qingyuan Vegetable Co., Ltd., covering the period of November 1, 2003, through October 31, 2004.

**EFFECTIVE DATE:** July 5, 2005.

**FOR FURTHER INFORMATION CONTACT:**

Coleen Schoch or Brian Ledgerwood, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-45541 and (202) 482-3836, respectively.

**SUPPLEMENTARY INFORMATION:**

#### Background

On January 5, 2005, the Department of Commerce (the Department) announced the initiation of the new shipper reviews of Shanghai LJ International Trading Co., Ltd. (Shanghai LJ), Zhangqiu Qingyuan Vegetable Co., Ltd. (Qingyuan) and Huaiyang Huamei Foodstuff Co., Ltd. (Huamei). See *Notice of Initiation of New Shipper Antidumping Duty Reviews: Fresh Garlic from the People's Republic of China*, 70 FR 779. The new shipper review of Huamei was rescinded by the Department on May 25, 2005. See

*Notice of Initiation of New Shipper Antidumping Duty Reviews: Fresh Garlic from the People's Republic of China*, 70 FR 30081.

Section 751(a)(2)(B)(iv) of the Act provides that the Department will issue the preliminary results of a new shipper review of an antidumping duty order within 180 days after the date on which the new shipper review was initiated. The Act also provides that the Department may extend that 180-day period to 300 days if it concludes that the new shipper review is extraordinarily complicated. See also 19 CFR 351.214(i).

The Department has determined that these reviews are extraordinarily complicated and it is not practicable to complete the preliminary results by the current deadline of June 27, 2005. There are a number of complex factual, methodological, and legal issues related to the calculation of the antidumping margins for these new shipper reviews that are currently before the Department. Therefore, in accordance with 19 CFR 351.214(i)(2), the Department is extending the time limit for the preliminary results until no later than October 25, 2005. We are issuing and publishing this notice in accordance with sections 751(a)(2)(B) and 777(i) of the Act and 19 CFR 351.214(l).

Dated: June 27, 2005.

**SUPPLEMENTARY INFORMATION:** Section 702 of the Trade Agreements Act of 1979 (as amended) ("the Act") requires the Department of Commerce ("the Department") to determine, in consultation with the Secretary of Agriculture, whether any foreign government is providing a subsidy with respect to any article of cheese subject to an in-quota rate of duty, as defined in section 702(h) of the Act, and to publish an annual list and quarterly updates of the type and amount of those subsidies. We hereby provide the Department's quarterly update of subsidies on articles of cheese that were imported during the period January 1, 2005, through March 31, 2005.

The Department has developed, in consultation with the Secretary of Agriculture, information on subsidies (as defined in section 702(h) of the Act) being provided either directly or indirectly by foreign governments on articles of cheese subject to an in-quota rate of duty. The appendix to this notice lists the country, the subsidy program or programs, and the gross and net amounts of each subsidy for which information is currently available. The Department will incorporate additional programs which are found to constitute subsidies and additional information on the subsidy programs listed, as the information is developed.

The Department encourages any person having information on foreign government subsidy programs which benefit articles of cheese subject to an in-quota rate of duty to submit such information in writing to the Assistant Secretary for Import Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

#### Notice of Allocation of Increased Tariff Rate Quotas on the Import of Certain Worsted Wool Fabrics for Calendar Year 2005

June 28, 2005.

**AGENCY:** Department of Commerce, International Trade Administration.

**ACTION:** Notice of allocation of 2005 increase in worsted wool fabric tariff rate quota.

**SUMMARY:** The Department of Commerce has completed the allocation of the increase in the 2005 worsted wool fabric tariff rate quota (TRQ) mandated by the "Wool Suit and Textile Trade Extension Act of 2004" (included in the Miscellaneous Trade and Technical Corrections Act of 2004, H.R. 1047). These actions were taken in accordance with Department of Commerce regulations (15 CFR 335) (70 FR 25774).

The increases in the 2005 TRQs are: 1 million square meters for Harmonized Tariff Schedule (HTS) 9902.51.11 to an annual total level of 5.5 million square meters (worsted wool fabrics with

average fiber diameters greater than 18.5 microns) and 1.5 million square meters for HTS 9902.51.15 to an annual total level of 5 million square meters (worsted wool fabrics with average fiber diameters of 18.5 microns or less).

**FOR FURTHER INFORMATION CONTACT:** Sergio Botero, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-4058.

#### SUPPLEMENTARY INFORMATION:

##### Background:

Title V of the Trade and Development Act of 2000 (The Act) as amended by the Trade Act of 2002 and the Miscellaneous Trade and Technical Corrections Act of 2004, H.R. 1047 creates two tariff rate quotas, providing for temporary reductions in the import duties on two categories of worsted wool fabrics suitable for use in making suits or suit-type jackets or trousers. The "Wool Suit and Textile Trade Extension Act of 2004" (included in the Miscellaneous Trade and Technical Corrections Act of 2004, H.R. 1047) increases in the 2005 TRQs by 1 million square meters for Harmonized Tariff Schedule (HTS) 9902.51.11 to an annual total level of 5.5 million square meters (worsted wool fabrics with average fiber diameters greater than 18.5 microns) and 1.5 million square meters for HTS 9902.51.15 to an annual total level of 5

million square meters (worsted wool fabrics with average fiber diameters of 18.5 microns or less).

The Act requires the President to ensure that such fabrics are fairly allocated to persons (including firms, corporations, or other legal entities) who cut and sew men's and boys' worsted wool suits and suit-like jackets and trousers in the United States and who apply for an allocation based on the amount of such suits cut and sewn during the prior calendar year. Presidential Proclamation 7383, of December 1, 2000, authorized the Secretary of Commerce to allocate the quantity of worsted wool fabric imports under the TRQs.

On December 14, 2004, the Department published a notice of the initial allocation for Calendar Year 2005 of TRQs based on applications received for HTS 9902.51.11 TRQ from 11 firms, and for HTS 9902.51.15 TRQ from 14 firms (69 FR 74500). All applicants were determined eligible for an allocation. Most applicants submitted data on a business confidential basis. On June 8, 2005, the Department allocated the increases for the 2005 worsted wool fabric TRQ mandated by the "Wool Suit and Textile Trade Extension Act of 2004" based on the same data received on the applications for the initial allocation 2005 TRQs. As allocations to
