OFFICE OF PERSONNEL MANAGEMENT

Personnel Demonstration Project; Alternative Personnel Management System for the U.S. Department of Commerce

AGENCY: Office of Personnel
Management.

ACTION: Notice of modification to the
Department of Commerce Personnel
Management Demonstration Project.

SUMMARY: The Office of Personnel
Management (OPM) has authority to
conduct demonstration projects that
experiment with new and different
human resources management concepts
to determine whether changes in
policies and procedures result in
improved Federal human resources
management. OPM approved a
demonstration project covering several
operating units of the U.S. Department
of Commerce (DoC). OPM must approve
all modifications to approved
demonstration project plans. This notice
proposes to further expand the coverage
of the demonstration project to include
two bargaining units contained within
organizations already included in the
project. This notice also announces the
realignment of the Space Environment
Center (SEC), Boulder, Colorado, from
the Office of Atmospheric Research
(OAR) of the National Oceanic and
Atmospheric Administration (NOAA) to
the National Weather Service (NWS) of
NOAA located in Boulder, Colorado.
This notice also adds several new
occupational series used in the project
and identifies changes to the **Federal
Register** notice document Volume 68,
Number 180, on page 54506, dated
Wednesday, September 17, 2003. These
changes do not require waivers.

DATES: This notice modifying the DoC
Demonstration Project may be
implemented upon publication.

SUPPLEMENTARY INFORMATION:

1. Background

The Office of Personnel Management (OPM) approved the Department of Commerce (DoC) Demonstration Project and published the final plan in the **Federal Register** Volume 62, Number 247, Part II, on Wednesday, December 24, 1997. The project was implemented on March 29, 1998, and modified in the **Federal Register** on Thursday, September 30, 1999, Volume 64, Number 189 (Notices)(Pages 52810-52812) and on Tuesday, August 12, 2003, Volume 68, Number 155 (Notices)(Pages 47948-47949). OPM approved a request to extend the DoC Demonstration Project for five years as stated in an administrative letter from OPM, dated February 14, 2003. The project was approved for expansion in **Federal Register** notice Volume 68, Number 180, dated Wednesday, September 17, 2003 (Notices) (Pages 54505-54507) to include an additional 1,505 employees.

Authority: 5 U.S.C. 4703; 5 CFR 470.31.5.

Office of Personnel Management.

Dan G. Blair,

Acting Director.

- III. Changes to the Project Plan

I. Executive Summary

The Department of Commerce (DoC) Demonstration Project utilizes many features similar to those implemented by the National Institute of Standards and Technology (NIST) demonstration project in 1988. The DoC Demonstration Project supports several key objectives: To simplify the classification system for greater flexibility in classifying work and paying employees; to establish a performance management and rewards system for improving individual and organizational performance; and to improve recruitment and retention to attract highly qualified candidates. The project is designed to test whether the interventions of the NIST project, which is now a permanent alternative personnel system, could be successful in other DoC environments. The current participating organizations include the Office of the Chief Financial Officer and Assistant Secretary for Administration (CFO/ASA), the Technology Administration, the Bureau of Economic Analysis, the Institute for Telecommunication Sciences, and three units of the National Oceanic and Atmospheric Administration: Office of Oceanic and Atmospheric Research, National Marine Fisheries Service, and

the National Environmental Satellite, Data, and Information Service.

II. Basis for Project Plan Modification

(1) Employees of two bargaining units within the Office of the Chief Financial Officer and Assistant Secretary for Administration (CFO/ASA) have requested participation in the DoC Demonstration Project. The Washington Printing and Graphic Communications Union (WPGC), Local 1-C of the Graphic Communications International Union, AFL-CIO, has requested inclusion. This unit consists of all employees engaged in printing and production work, in the Publications and Graphics Division, Office of Administrative Services (OAS), located in Washington, DC. The American Federation of Government Employees, Local 2186, AFL-CIO, has requested inclusion. This unit consists of Police Officers and Security Guards in the Office of Security (OSY), located in Boulder, Colorado. Appropriate consultations have been conducted with officials of both locals, and all employees have received a specific briefing on the demonstration project. Management will also notify the employee organizations representing these employees and provide all employees with a copy of this **Federal Register** notice upon publication.

(2) The Space Environment Center (SEC) currently consists of 50 employees who are participating in the project whose duty location is Boulder, Colorado. The SEC is an organizational component of the Office of Atmospheric Research (OAR), which is a component of the National Oceanic and Atmospheric Administration (NOAA). In order to improve organizational efficiency, NOAA realigned the SEC from OAR to the National Weather Service (NWS), another organizational component of NOAA. The duty location of these employees remains Boulder, Colorado. Appropriate consultations with the National Weather Service Employees Organization (NWSEO) were conducted. All employees of the Space Environment Center have received a specific briefing on this realignment of the demonstration project. Management also notified the employee organizations representing these employees and will provide all employees with a copy of this **Federal Register** notice upon publication.

No other organizational components of NWS are participating in the project. The SEC remains a separate and distinct organization consisting solely of employees participating in the project.
