Notice of Application for Recordable Disclaimer of Interest for Lands Underlying Chilkoot River and Chilkoot Lake in Alaska

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The State of Alaska has filed an application for a recordable disclaimer of interest from the United States in certain lands underlying the Chilkoot River and Chilkoot Lake.

DATES: Comments on the State of Alaska's application will be accepted until October 4, 2005. Interested parties may submit comments on the BLM Draft Navigability Report on or before September 6, 2005.

ADDRESSES: Send comments to the Chief, Branch of Lands and Realty, BLM Alaska State Office, 222 West 7th Avenue, #13, Anchorage, Alaska 99513-7599.

FOR FURTHER INFORMATION CONTACT: Jack Frost at (907) 271-5531, or the Public Information Center, (907) 271-5960, Alaska State Office, 222 West 7th Avenue, #13, Anchorage, Alaska 99513-7599, for copies of the draft report, or you may visit the BLM recordable disclaimer of interest Web site at <http://www.ak.blm.gov/>.

SUPPLEMENTARY INFORMATION: On May 12, 2004, the State of Alaska filed an application for a recordable disclaimer of interest pursuant to Section 315 of the Federal Land Policy and Management Act and the regulations contained in 43 CFR subpart 1864 for lands underlying Chilkoot River and Chilkoot Lake (AA-85442). A recordable disclaimer of interest, if issued, will confirm the United States has no valid interest in the subject lands. The notice is intended to notify the public of the pending application and the State's grounds for supporting it. The State asserts that this river and lake is navigable; therefore, under the Equal Footing Doctrine and Submerged Lands

Act of 1953, ownership of these lands underlying the river and lake automatically passed from the United States to the State of Alaska (the State) at the time of statehood in 1959. The State also asserts, in those instances where it is the upland owner, and the water body is non-navigable, the State received title to the submerged lands under state law.

The State's application (AA-85442) is for the bed of the Chilkoot River and all interconnecting sloughs between the ordinary high water lines of the left and right banks from its origin at the Ferebee Glacier terminus within Section 8, T. 27 S., R. 57 E., Copper River Meridian (CRM), Alaska, through and including Chilkoot Lake, to all points of confluence with Lutak Inlet within T. 29 S., R. 59 E., CRM. The State did not identify any known adverse claimant or occupant of the affected lands.

A final decision on the merits of the application will not be made before October 4, 2005. During the 90-day period, interested parties may comment on the State's application (AA-85442) and supporting evidence. Interested parties may comment on the evidentiary evidence presented in the BLM's Draft Navigability Report on or before September 6, 2005.

Comments, including names and street addresses of commenters, will be available for public review at the BLM's Alaska State Office (see address above), during regular business hours 8 a.m. to 3:45 p.m., Monday through Friday, except holidays. Individual respondents may request confidentiality. If you wish to hold your name or address from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your comments. Such requests will be honored to the extent allowed by law. All submissions from organizations or businesses will be made available for public inspection in their entirety.

Dated: June 3, 2005.

Chief, Branch of Lands and Realty.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 332-468]

Economywide Simulation Modeling: Technical Analysis of the Doha Round

AGENCY: United States International Trade Commission.

ACTION: Institution of investigation.

DATES: *Effective Date:* June 24, 2005.

SUMMARY: Following receipt on May 25, 2005 of a request from the United States Trade Representative (USTR) under section 332(g) of the Tariff Act of 1930 (19 U.S.C. 1332 (g)), the Commission instituted investigation No. 332-468, Economywide Simulation Modeling: Technical Analysis of the Doha Round.

FOR FURTHER INFORMATION CONTACT: Project manager William Donnelly (202-205-3225 or william.donnelly@usitc.gov) Office of Economics, or deputy project manager David Ingersoll (202-205-2218 or dave.ingersoll@usitc.gov) Office of

Industries, U.S. United International Trade Commission, Washington, DC 20436. General information concerning the Commission may be obtained by accessing its Internet server (<http://www.usitc.gov>). For information on legal aspects of the investigation, contact William Gearhart of the Commission's Office of the General Counsel (202-205-3091 or william.gearhart@usitc.gov). The media should contact Margaret O'Laughlin, Office of Public Affairs (202-205-1819 or margaret.olaughlin@usitc.gov).

Background: As requested by the USTR, the Commission will provide an economy-wide analysis of the economic effects of selected prospective results of the World Trade Organizations (WTO) Doha Round of trade negotiations. Specifically, the Commission will provide the following in its report:

(1) Changes in production, consumption, trade, and prices that may be associated with the Doha Round, with regional and sectoral aggregations appropriate to illustrate those changes; and

(2) The trade liberalization scenarios associated with those regional and sectoral aggregations.

As requested, the Commission will provide those estimates, to the extent possible, for scenarios that reflect a range of possible outcomes with respect to market access for all products and trade-distorting domestic assistance programs and export subsidies related to agriculture, to be informed by the "July package" agreed to by the WTO's General Council on August 1, 2004.

The USTR stated that the Administration is conducting an environmental review of WTO multilateral trade negotiations known as the Doha Round and that the Commission's report would assist the Trade Policy Staff Committee (TPSC) in conducting an environmental review. For information and background on USTR environmental reviews, see http://www.ustr.gov/Trade_Sectors/Environment/Section_Index.html.

As requested, the Commission will provide its report not later than 10 months after receipt of the request, or by March 27, 2006. The USTR has directed that the Commission mark or identify as "confidential" the Commission's analytical products, as well as associated working papers in this investigation. The letter also stated that USTR considers the Commission's analytical products to be inter-agency memoranda that will contain pre-decisional advice subject to the deliberative process privilege. Accordingly, the Commission does not plan to issue a public report.
