Carbon and Certain Alloy Steel Wire Rod from Indonesia; Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: In response to a request from P.T. Ispat Indo (Ispat Indo), the U.S. Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on carbon and certain alloy steel wire rod from Indonesia (A-560-815). This administrative review covers imports of subject merchandise from Ispat Indo. The period of review is October 1, 2003, through September 30, 2004.

We preliminarily determine that sales of subject merchandise by Ispat Indo did not make sales of subject merchandise at less than normal value (NV) during the period of review. If these preliminary results are adopted in the final results of this administrative review, we will instruct U.S. Customs and Border Protection (CBP) to liquidate appropriate entries without regard to antidumping duties. Interested parties are invited to comment on these preliminary results. Parties who submit argument in this proceeding are requested to submit with the argument: 1) a statement of the issues, 2) a brief summary of the argument, and 3) a table of authorities.

EFFECTIVE DATE: July 11, 2005.
