RIN 1625-AA08

Special Local Regulations for Marine Events; Prospect Bay, Kent Island Narrows, MD

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing temporary special local regulations during the "Thunder on the Narrows" boat races, a marine event to be held August 6 and August 7, 2005, on the waters of Prospect Bay, near Kent Island Narrows, Maryland. These special local regulations are necessary to provide for the safety of life on navigable waters during the event. This action is intended to restrict vessel traffic in portions of Prospect Bay during the event.

DATES: This rule is effective from 10:30 a.m. on August 6, 2005, through 6:30 p.m. on August 8, 2005.

ADDRESSES: Documents indicated in this preamble as being available in the docket, are part of docket CGD05-05-074 and are available for inspection or copying at Commander (oax), Fifth Coast Guard District, 431 Crawford Street, Portsmouth, Virginia 23704-5004, between 9 a.m. and 2 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Ronald Houck, Marine Events Coordinator, Commander, Coast Guard Sector Baltimore, at (410) 576-2674.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B) the Coast Guard finds that good cause exists for not publishing an NPRM. Publishing an NPRM would be contrary to public interest. The event will begin on August 6, 2005. Because of the danger posed by high-speed powerboats racing in a closed circuit, special local regulations are necessary to provide for the safety of event participants, spectator craft and other vessels transiting the event area. For the safety concerns noted, it is in the public interest to have these regulations in effect during the event.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30

days after publication in the **Federal Register**. Delaying the effective date would be contrary to the public interest, since immediate action is needed to ensure the safety of the event participants, spectator craft and other vessels transiting the event area in Prospect Bay. However, advance notifications will be made to affected users of the river via marine information broadcasts and area newspapers.

Background and Purpose

On August 6 and August 7, 2005, the Kent Narrows Racing Association will sponsor the "Thunder on the Narrows" powerboat races, on Prospect Bay, near Kent Island Narrows, Maryland. The event will consist of approximately 75 hydroplanes and jersey speed skiffs racing in heats counter-clockwise around an oval racecourse. A large fleet of spectator vessels is anticipated. Due to the need for vessel control during the races, vessel traffic will be temporarily restricted to provide for the safety of participants, spectators and transiting vessels.

Discussion of Rule

The Coast Guard is establishing temporary special local regulations on specified waters of Prospect Bay near Kent Island Narrows, Maryland. The temporary special local regulations will be enforced from 10:30 a.m. to 6:30 p.m. on August 6, and August 7, 2005. If the races are postponed due to weather, then the temporary special local regulations will be enforced during the same time period the next day. The effect of the temporary special local regulations will be to restrict general navigation in the regulated area during the races. Except for persons or vessels authorized by the Coast Guard Patrol Commander, no person or vessel may enter or remain in the regulated area. Non-participating vessels will be allowed to transit the regulated area between races, when the Coast Guard Patrol Commander determines it is safe to do so. These regulations are needed to control vessel traffic during the event to enhance the safety of participants, spectators and transiting vessels.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not "significant" under the regulatory policies and procedures of
