SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-51967; File No. SR-CHX-2004-25]

Self-Regulatory Organizations; Chicago Stock Exchange, Inc.; Notice of Filing of Proposed Rule Change and Amendment Nos. 1 and 2 Thereto Relating to a Prohibition on Using a Layoff Service Unless the Service Provides Required Information to the Exchange

July 1, 2005.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on August 31, 2004, the Chicago Stock Exchange,

Inc. ("CHX" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which Items have been prepared by the CHX. On June 7, 2005 and June 27, 2005, the Exchange filed Amendment Nos. 1³ and 2⁴ to the proposed rule change, respectively. The Commission is publishing this notice to solicit comments on the proposed rule change, as amended, from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend CHX Article V, Rule 4 to prohibit Exchange participants, beginning August 1, 2005, from using any communications means to send orders to another market for execution ("layoff service"), unless that layoff service has established a process for providing the Exchange with specific information about the orders and the executions that participants receive. The text of the proposed rule change, as amended, is available on CHX's Web site (http://www.chx.com/marketreg/proposed_rules.htm), at CHX's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the CHX included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received regarding the proposal. The text of these statements may be examined at the places specified in Item IV below. The CHX has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Changes

1. Purpose

The Exchange's participants execute trades on the Exchange and on other

markets. Most interaction with other markets occurs through electronic systems that are provided either by other markets themselves or by members of those markets. Although the Exchange currently receives execution information about its participants' trading in other markets, the Exchange believes that it could conduct more efficient surveillance of its participants' order-handling activities if it received additional types of information.

This proposal, which would amend the Exchange's rule relating to communications from the trading floor, is designed to provide the Exchange with the layoff service information that it needs to enhance its surveillance programs. Specifically, the proposal would prohibit Exchange participants, beginning August 1, 2005, from using a layoff service to send orders to another market for execution, unless that service (or the participant using the service) has established a process for providing the Exchange with the following specific information: (1) The symbol of the security to be traded; (2) the clearing organization; (3) an order identifier that uniquely identifies the order; (4) the participant recording the order details; (5) the number of shares; (6) the side of the market on which the order is placed; (7) a designation of the order type (e.g., market, limit, stop, stop limit); (8) whether the order is for the account of a customer or for the account of the participant sending the order; (9) whether the order is short or short exempt; (10) any limit price and/or stop price; (11) the date and time of order transmission; (12) the market to which the order was transmitted; (13) the time in force; (14) a designation of the order as held or not held; (15) any special conditions or instructions associated with the order (including any customer do-not-display instructions or all-or-none conditions); (16) any modifications to the details set out in (1) through (15), for all or part of an order or any cancellation of all or part of the order; (17) the date and time of the transmission of any modifications to the order or any cancellation of the order; (18) the date and time of any order expiration; (19) the identification of the party canceling or modifying the order; (20) the transaction price; (21) the number of shares executed; (22) the date and time of execution; (23) settlement instructions; (24) a system-generated time(s) of recording the required information; and (25) any other information that the Exchange may require from time to time.⁵ For purposes

³ See Amendment No. 1 dated June 7, 2005. In Amendment No. 1, the Exchange modified the text of the proposed rule change in response to comments by the Commission staff. See *infra* notes 12-16 and accompanying text for a description of items included in Amendment No. 1.

⁴ See Amendment No. 2 dated June 27, 2005, replacing the original filing and Amendment No. 1 in their entirety. In Amendment No. 2, the Exchange eliminated the requirement to provide information about the contra party to the execution and made other technical changes to the proposal.

of this proposal, an "order" would be defined as any written, oral or electronic instruction to effect a transaction.⁶

Other provisions of the proposal would set out additional requirements that are designed to ensure that the Exchange receives uniformly-presented, useful data.⁷ For example, the Exchange proposes that all information be provided on a real-time basis and in an electronic format acceptable to the Exchange.⁸ Moreover, each layoff service would be required to synchronize its business clocks with reference to a time source designated by the Exchange and maintain that synchronization following procedures prescribed by the Exchange.⁹ The Exchange confirms in another provision that all time references be expressed in terms of hours, minutes, and seconds.¹⁰

Furthermore, the Exchange confirms that a violation of these new requirements would be considered conduct inconsistent with just and equitable principles of trade, in violation of CHX Article VIII, Rule 7.¹¹ Therefore, these violations would not be eligible for handling under the Exchange's Minor Rule Violation Plan.

The Exchange submitted Amendment No. 1 to require that participants provide additional information about their layoff activity;¹² to replace references to the Exchange's "members" with references to its "participants," reflecting changes in terminology associated with the Exchange's February 2005 demutualization;¹³ to require that participants notify the Exchange before using an alternative or additional layoff vendor;¹⁴ and to confirm that these rules would not replace any record

retention obligations to which the Exchange's participants would be subject under the Act and the rules thereunder.¹⁵ Other changes proposed in Amendment No. 1 clarify the application of the rule text and make other minor corrections to the text.¹⁶ Amendment No. 2 eliminated one proposed field of data relating to the contra party to an execution and corrected a few typographical errors.¹⁷

As noted above, the Exchange believes that this proposal would enhance the Exchange's ability to review its members' order-handling activities and to determine their compliance with applicable trading rules. Moreover, the Exchange believes that this proposal is consistent with recommendations made by the independent consultant retained by the Exchange under its recent settlement agreement with the Commission.¹⁸

2. Statutory Basis

The Exchange believes that the proposal, as amended, is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.¹⁹ Specifically, the CHX believes that the proposal, as amended, is consistent with Section 6(b)(5) of the Act,²⁰ in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest by permitting the Exchange to require its participants (or their layoff service providers) to provide the Exchange with data necessary to conduct appropriate surveillance of its participants' trading activities.

B. Self-Regulatory Organization's Statement of Burden on Competition

The Exchange does not believe that the proposed rule change, as amended, will impose any burden on competition.

C. Self-Regulatory Organization's Statement on Comments Regarding the Proposed Rule Changes Received From Members, Participants or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Changes and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such other period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

A. By order approve the proposed rule changes, or

B. Institute proceedings to determine whether the proposed rule changes should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change, as amended, is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-CHX-2004-25 on the subject line.

Paper Comments

- Send paper comments in triplicate to Jonathan G. Katz, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-9303.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-51962; File No. SR-ISE-2005-29]

Self-Regulatory Organizations; International Securities Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change and Amendment No. 1 Thereto Relating to Fee Changes

July 1, 2005.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 6, 2005, the International Securities Exchange, Inc. ("ISE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the ISE. On June 20, 2005, ISE filed Amendment No. 1 to the proposed rule change.³ The ISE has designated this proposal as one establishing or changing a due, fee, or other charge imposed by the ISE under Section 19(b)(3)(A)(ii) of the Act,⁴ and

Rule 19b-4(f)(2) thereunder,⁵ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change, as amended, from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The ISE is proposing to amend its Schedule of Fees to establish fees for transactions in options on five narrow-based indexes: the ISE-CCM Homeland Security Index, the ISE Oil & Gas Services Index, the ISE Semiconductors Index, the ISE Gold Index and the ISE Homebuilders Index.⁶ The text of the proposed rule change is available on the ISE's Web site (http://www.iseoptions.com/legal/proposed_rule_changes.asp), at the principal office of the ISE, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the ISE included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The ISE has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to amend its Schedule of Fees to establish fees for transactions in options on five narrow-based indexes: the ISE-CCM Homeland Security Index ("HSX"), the ISE Oil & Gas Services Index ("OOG"), the ISE Semiconductors Index ("BYT"), the ISE Gold Index ("HVY"), and the ISE Homebuilders Index ("RUF"). Specifically, the Exchange is proposing to adopt an execution fee and a

comparison fee for all transactions in options on HSX, OOG, BYT, HVY, and RUF.⁷ The amount of the execution fee and comparison fee shall be the same for all order types on the Exchange—that is, orders for Public Customers, Market Makers, and Firm Proprietary—and shall be equal to the execution fee and comparison fee currently charged by the Exchange for Market Maker and Firm Proprietary transactions in equity options.⁸ The Exchange believes the proposed rule change will further the Exchange's goal of introducing new products to the marketplace that are competitively priced.

Additionally, the Exchange has entered into a license agreement with Cronus Capital Markets in connection with the listing and trading of options on HSX. As with certain other licensed options, the Exchange is adopting a surcharge per contract for trading in these options to defray the licensing costs.⁹ The Exchange believes that charging the participants that trade this instrument is the most equitable means of recovering the costs of the license. However, because of competitive pressures in the industry, the Exchange proposes to exclude Public Customer Orders¹⁰ from this surcharge fee. Accordingly, this surcharge fee will only be charged to Exchange members with respect to non-Public Customer Orders (e.g., Market Maker and Firm Proprietary orders) and shall apply to Linkage Orders¹¹ under a pilot program that is set to expire on July 31, 2005. Further, since options on HSX, OOG, BYT, HVY, and RUF are not multiply-listed, the Payment for Order Flow fee shall not apply.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b)(4) of the Act,¹² which requires that an exchange have an equitable allocation of reasonable dues, fees, and other charges among its members and other persons using its facilities.

⁷ The Exchange represents that these fees will be charged only to Exchange members.

⁸ The execution fee is currently between \$.21 and \$.12 per contract side, depending on the Exchange Average Daily Volume, and the comparison fee is currently \$.03 per contract side.

⁹ The Commission notes the proposed fee is five (5) cents per contract/side.

¹⁰ Public Customer Order is defined in ISE Rule 100(a)(33) as an order for the account of a Public Customer. Public Customer is defined in ISE Rule 100(a)(32) as a person that is not a broker or dealer in securities.

¹¹ See ISE Rule 1900(10).

²¹ 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ Amendment No. 1 made a technical change to the text of Exhibit 5 (ISE's Schedule of Fees) and added footnote 6 to this rule filing. The correction to Exhibit 5 does not affect the fees for transactions in options on the five narrow-based indexes that are the subject of this filing, but only corrects Exhibit 5 to remove asterisks between the Payment for Order Flow section under Execution Fees and the Comparison Fee section, since no rule text has been omitted between those two sections.

⁴ 15 U.S.C. 78s(b)(3)(A)(ii).

⁵ 17 CFR 240.19b-4(f)(2).

⁶ The Exchange represents that the following five narrow-based indexes, ISE-CCM Homeland Security Index, the ISE Oil & Gas Services Index, the ISE Semiconductors Index, the ISE Gold Index and the ISE Homebuilders Index, meet the standards of ISE Rule 2002(b), which allows the ISE to begin trading these products by filing Form 19b-4(e) at least five business days after commencement of trading these new products pursuant to Rule 19b-4(e) of the Act. Accordingly, ISE filed Form 19b-4(e) with the Commission on June 13, 2005.
