SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-51965; File No. SR-Amex-2005-070]

Self-Regulatory Organizations; American Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change and Amendment No. 1 Revising Various Implementation Dates for the ANTE System

July 1, 2005.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 24, 2005, the American Stock Exchange LLC ("Amex" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Amex. On June 29, 2005, the Exchange filed Amendment No. 1 to the proposed rule change.³ The Amex filed the proposal, as amended, as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act⁴ and Rule 19b-4(f)(6) thereunder.⁵ The Commission is publishing this notice to solicit comments on the proposed rule change, as amended, from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Amex proposes to amend (i) Rule 900-ANTE to provide a revised date for the completion of the implementation of the ANTE System for all options classes; and (ii) Rule 935-ANTE, Commentary .01 to establish a revised date for increased floor broker functionality in the ANTE System. The text of the proposed rule change is available on the Amex's Web site (<http://www.amex.com>), at the Amex's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Amex included statements concerning

the purpose of, and basis for, the proposed rule change, as amended, and discussed any comments it received on the proposal. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Revised Implementation Date—Amex Rule 900-ANTE

On May 20, 2004, the Commission approved the Amex's proposal to implement a new options trading platform known as the Amex New Trading Environment ("ANTE"). On May 25, 2004, the Amex began rolling out the ANTE System on its trading floor on a specialist's post-by-specialist's post basis. At that time, it was anticipated that the roll out would be completed by the end of the second quarter of 2005. It was also anticipated that the three hundred most actively traded option classes would be trading on the ANTE System by January 31, 2005. The implementation date for the three hundred most actively traded option classes was subsequently extended to April 30, 2005.⁶ The Amex has rolled out the ANTE System to all its option classes except three—the Japan Index ("JPN"), the Nasdaq 100 Index ("NDX") and the Mini Nasdaq Index ("MNX"). The Exchange represents that there are specific reasons why these products have not been rolled out on the ANTE System. The specialists in these products are concerned that the theoretical price calculator provided by the ANTE System may not accurately price the options on these indexes. With respect to JPN, a software release giving the specialist greater pricing functionality is expected to be available by July 18, 2005. With respect to the MNX and the NDX, the specialist is waiting for his own theoretical index price calculator to be installed. The Exchange expects that the MNX/NDX specialist will have its proprietary calculator in place by August 31, 2005.

The Amex is now proposing to further revise its implementation schedule to provide that the remaining three option classes will be on the ANTE System by August 31, 2005. Maintaining two

³ Amendment No. 1 clarified that the proposed rule change was being submitted under Section 19(b)(3)(A)(iii) of the Act and Rule 19b-4(f)(6) thereunder and requested that the Commission waive the five-day pre-filing and 30-day operative delay requirements of Rule 19b-4(f)(6).

systems for the trading of options—the legacy system (XTOPS, AODB and Auto-Ex) and ANTE—is costly.

Consequently, the Exchange submits that it is working diligently to have all option classes on the ANTE System by August 31, 2005, so that it can retire its legacy systems.

Increased Floor Broker Functionality—Amex Rule 935-ANTE

Amex Rule 935-ANTE (b) provides for the post trade allocation of contracts executed as the result of the submission of orders to trade with orders in the ANTE Central Book. If more than one ANTE Participant⁷ and/or a floor broker representing a customer order submits an order to trade with an order in the ANTE Central book within a period not to exceed five seconds after the initial ANTE Participant has submitted its order, all those ANTE Participants and the floor broker's customer will be entitled to participate in the allocation of any executed contracts. The Exchange represents that the ANTE System is currently unable to provide the functionality necessary for floor brokers representing customer orders in the trading crowd the ability to directly participate in the post trade allocation of orders taken off the Central Book. Commentary .01 to Amex Rule 935-ANTE provides a temporary methodology for the specialist to disengage the post trading allocation system in a specific series, which allows the floor broker to alert the specialist within the five-second timeframe whenever his customer wants to participate in post trade allocation, and allows the specialist to provide for the customer's participation in post trade allocation when appropriate. The Commission approved the procedures set forth in Commentary .01 to Amex Rule 935-ANTE as a "reasonable, temporary solution."⁸ Commentary .01 to Amex Rule 935-ANTE also provides that the ANTE System will give floor brokers greater functionality accessing the Central Book on March 31, 2005 or such other date as established by the Exchange and submitted to the Commission pursuant to Section 19(b) of the Act. The Exchange subsequently established June 30, 2005 as the date the increased functionality will be available in the ANTE System. Due to a delay in the roll out of the increased floor broker functionality, the Exchange now proposes to establish August 31, 2005 as

the date set forth in Commentary .01 to Amex Rule 935-ANTE for such increased functionality.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the requirements of Section 6(b) of the Act,⁹ in general, and furthers the objectives of Section 6(b)(5) of the Act,¹⁰ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest; and is designed to prohibit unfair discrimination between customers, issuers, brokers, or dealers.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has designated the proposed rule change, as amended, as a "non-controversial" rule change pursuant to Section 19(b)(3)(A)(iii) of the Act¹¹ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹² The Amex represents that the foregoing rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) by its terms, does not become operative for 30-days after the date of this filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the five-day

pre-filing requirement and the 30-day operative delay period for "non-controversial" proposals and make the proposed rule change, as amended, effective and operative upon filing.

The Commission has determined to waive the five-day pre-filing requirement and the 30-day operative delay period.¹³ The Commission notes that the Amex has represented that the theoretical price calculators for the final three options classes are not installed and/or functioning properly and that it has not yet implemented the functionality for floor brokers representing customer orders. The Commission believes that extending the deadline for implementing Amex Rules 900- and 935-ANTE by two months should afford Amex the time needed to install and/or fix the theoretical price calculators and to implement the floor broker customer order functionality. Furthermore, the Commission believes that it is in the interest of investors and the public to delay implementation of the ANTE system until all of the components are in place and functioning properly. Therefore, the foregoing rule change has become immediately effective and operative upon filing pursuant to Section 19(b)(3)(A)(iii) of the Act¹⁴ and Rule 19b-4(f)(6) thereunder.¹⁵

At any time within 60-days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.¹⁶

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

¹³ For purposes only of accelerating the operative date of this proposal, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. 15 U.S.C. 78c(f).

¹⁴ 15 U.S.C. 78s(b)(3)(A)(iii).

¹⁵ 17 CFR 240.19b-4(f)(6).

¹⁶ For purposes of calculating the 60-day period within which the Commission may summarily abrogate the proposed rule change, as amended, under Section 19(b)(3)(C) of the Act, the Commission considers the period to commence on June 29, 2005, the date on which the Amex submitted Amendment No. 1. See 15 U.S.C. 78s(b)(3)(C).
