Bureau of Economic Analysis

Proposal To Collect Information on Transactions of U.S. Affiliates With Their Foreign Parents

ACTION: Proposed collection; comment request.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to comment on proposed and/or continuing information collections, as

required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)).

DATES: Written comments must be submitted on or before 5 p.m., September 13, 2005.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dhynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Obie G. Whichard, Chief, International Investment Division, (BE-50), Bureau of Economic Analysis, U.S. Department of Commerce, Washington, DC 20230; phone (202) 606-9890 (or via the Internet at obie.whichard@bea.gov).

SUPPLEMENTARY INFORMATION:

I. Abstract

The Transactions of U.S. Affiliate, Except a U.S. Banking Affiliate, with Foreign Parent (Form BE-605) and Transactions of U.S. Banking Affiliate with Foreign Parent (Form BE-605 Bank) obtain quarterly sample data on transactions and positions between foreign-owned U.S. business enterprises and their "affiliated foreign groups" (*i.e.*, their foreign parents and foreign affiliates of their foreign parents). The data collected are used in the preparation of the U.S. international transactions accounts, national income and product accounts, and input-output accounts. The data are needed to measure the amount of foreign direct investment in the United States, monitor changes in such investment, assess its impact on the U.S. and foreign economies and, based upon this assessment, make informed policy decisions regarding foreign direct investment in the United States.

BEA proposes the following changes to the survey: (1) To maintain consistency of the U.S. international transactions accounts with current international statistical standards, collect information on payments to and receipts from the foreign parent and foreign affiliates of the foreign parent gross of any taxes withheld. Previously, the information was collected net of taxes withheld. (2) To avoid potential duplication, modify the instructions for the survey to instruct respondents to exclude positions and transactions in financial derivatives contracts that are to be reported on or derived from information reported to the Federal Reserve Bank of New York on the new Treasury International Capital Form D, Report of Holdings of, and Transactions in, Financial Derivatives Contracts with

Foreign Residents. These changes will not have a material effect on overall respondent burden.

II. Method of Collection

Forms BE-605 and BE-605 Bank are quarterly reports that must be filed within 30 days after the end of each quarter (45 days after the final quarter of the respondent's fiscal year) by every U.S. business enterprise that is owned 10 percent or more by a foreign investor and that has total assets, sales or gross operating revenues, or net income (positive or negative) of over \$30 million. Potential respondents are those U.S. business enterprises that were required to report in the BE-12, Benchmark Survey of Foreign Direct Investment in the United States—2002, along with those U.S. business enterprises that subsequently entered the direct investment universe. The data collected are sample data covering transactions and positions between foreign-owned U.S. business enterprises and their affiliated foreign groups. Universe estimates are developed from the reported sample data.
