RAILROAD RETIREMENT BOARD

Proposed Collection; Comment Request

SUMMARY: In accordance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Title and Purpose of information collection: Annual Earnings

Questionnaire for Annuitants in Last Pre-Retirement Non-Railroad Employment; OMB 3220-0179.

Under section 2(e)(3) of the Railroad Retirement Act (RRA), an annuity is not payable for any month in which a beneficiary works for a railroad. In addition, an annuity is reduced for any month in which the beneficiary works for an employer other than a railroad employer and earns more than a prescribed amount. Under the 1988 amendments to the RRA, the Tier II portion of the regular annuity and any supplemental annuity must be reduced by one dollar for each two dollars of Last Pre-Retirement Non-Railroad Employment (LPE) earnings for each month of such service. However, the reduction cannot exceed fifty percent of the Tier II and supplemental annuity amount for the month to which such deductions apply. LPE generally refers to an annuitant's last employment with a non-railroad person, company, or institution prior to retirement which was performed whether at the same time of, or after an annuitant stopped railroad employment. The collection obtains earnings information needed by the RRB to determine if possible reductions in annuities because of Last Pre-Retirement Non-Railroad Employment Earnings (LPE) are in order.

The RRB utilizes Form G-19L to obtain LPE earnings information from annuitants. Companion Form G-19L.1, which serves as an instruction sheet and contains the Paperwork Reduction/Privacy Act Notice for the collection accompanies each Form G-19L sent to an annuitant. One response is requested of each respondent. Completion is required to retain a benefit. The RRB proposes a minor non-burden impacting editorial change to Form G-19L for clarification purposes.

The estimated annual respondent burden is as follows:

Estimated number of responses: 300.

Estimated completion time per response: 15 minutes.

Estimated annual burden hours: 75.

Additonal Information or Comments: To request more information or to obtain a copy of the information collection justification, forms, and/or supporting material, please call the RRB Clearance Officer at (312) 751-3363 or send an e-mail request to Charles.Mierzwa@RRB.GOV. Comments regarding the information collection should be addressed to Ronald J. Hodapp, Railroad Retirement Board, 844 North Rush Street, Chicago, Illinois 60611-2092 or send an e-mail to Ronald.Hodapp@RRB.GOV. Written

Self-Regulatory Organizations; American Stock Exchange LLC; Notice of Filing and Order Granting Accelerated Approval to a Proposed Rule Change and Amendment No. 1 Thereto To List and Trade Short Term Option Series

July 12, 2005.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on March 23, 2005, the American Stock Exchange LLC ("Amex" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in items I and II below, which items have been substantially prepared by the Exchange. Amex filed Amendment No. 1 with the Commission on June 1, 2005.³ This notice and order requests comment on the proposal from interested persons and approves the amended proposal on an accelerated basis.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to establish a pilot program to list and trade option series that expire one week after being opened for trading ("Short Term Option Series"). The Exchange proposed that the pilot program extend one year from the date of this approval. The text of the proposed rule change, as amended, is

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ Amendment No. 1 revised the settlement times for the proposed Short Term Options Series.

available on Amex's Web site (<http://www.amex.com>), at Amex's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Amex included statements concerning the purpose of and basis for the proposal and discussed any comments it received on the proposal. The text of these statements may be examined at the places specified in item IV below. Amex has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to establish a pilot program to list and trade Short Term Option Series, which would expire one week after the date on which a series is opened. Under the proposal, the Exchange could select up to five approved option classes⁴ on which Short Term Option Series could be opened. A series could be opened on any Friday that is a business day ("Short Term Option Opening Date") and would expire at the close of business on the next Friday that is a business day ("Short Term Option Expiration Date"). If a Friday were not a business day, the series could be opened (or would expire) on the first business day immediately prior to that Friday.

The proposal would allow the Exchange to open up to five Short Term Option Series for each Short Term Option Expiration Date. The strike price for each series would be fixed at a price per share, with at least two strike prices above and two strike prices below the approximate value of the underlying security, or the calculated index value in the case of an index class, at about the time that Short Term Option Series was opened for trading on the Exchange. No Short Term Option Series on an option class would be opened in the same week in which a monthly option series on the same class is expiring, because the monthly option series in its last week before expiration is

⁴ Short Term Option Series could be opened in any option class that satisfied the applicable listing criteria under Amex rules (*i.e.*, stock options, options on exchange traded funds (as defined under Amex Rule 915, Commentary .06), or options on indexes.)
