Norfolk Southern Railway Company— Abandonment Exemption—in Forsyth County, NC

Norfolk Southern Railway Company (NSR) has filed a notice of exemption under 49 CFR 1152 Subpart F—*Exempt Abandonments* to abandon a 2.4-mile line of railroad between milepost R-124.2, and milepost R-126.6, located in Winston-Salem, Forsyth County, NC. The line traverses United States Postal Service Zip Codes 29302 and 29306.

NSR has certified that: (1) No local traffic has moved over the line for at least 2 years; (2) no overhead traffic has moved over the line for at least 2 years and overhead traffic, if there were any, could be rerouted over other lines; (3) no formal complaint filed by a user of rail service on the line (or by a state or local government entity acting on behalf of such user) regarding cessation of service over the line either is pending with the Surface Transportation Board or with any U.S. District Court or has been decided in favor of complainant within the 2-year period; and (4) the requirements at 49 CFR 1105.7 (environmental reports), 49 CFR 1105.8 (historic reports), 49 CFR 1105.11 (transmittal letter), 49 CFR 1105.12 (newspaper publication), and 49 CFR 1152.50(d)(1) (notice to governmental agencies) have been met.

As a condition to this exemption, any employee adversely affected by the abandonment shall be protected under *Oregon Short Line R. Co.—Abandonment—Goshen*, 360 I.C.C. 91 (1979). To address whether this condition adequately protects affected

employees, a petition for partial revocation under 49 U.S.C. 10502(d) must be filed.

Provided no formal expression of intent to file an offer of financial assistance (OFA) has been received, this exemption will be effective on August 19, 2005, unless stayed pending reconsideration. Petitions to stay that do not involve environmental issues,¹ formal expressions of intent to file an OFA under 49 CFR 1152.27(c)(2),² and trail use/rail banking requests under 49 CFR 1152.29 must be filed by August 1, 2005. A copy of any petition filed with the Board should be sent to NSR's representative: James R. Paschall, Senior General Attorney, Norfolk Southern Corporation, Three Commercial Place, Norfolk, VA 23510.

If the verified notice contains false or misleading information, the exemption is void *ab initio*.

NSR has filed environmental and historic reports which address the effects, if any, of the abandonment on the environment and historic resources. SEA will issue an environmental assessment (EA) by July 25, 2005. Interested persons may obtain a copy of the EA by writing to SEA (Room 500, Surface Transportation Board, Washington, DC 20423-0001) or by calling SEA, at (202) 565-1539. [Assistance for the hearing impaired is available through the Federal Information Relay Service (FIRS) at 1-800-877-8339.] Comments on environmental and historic preservation matters must be filed within 15 days after the EA becomes available to the public.

Environmental, historic preservation, public use, or trail use/rail banking conditions will be imposed, where appropriate, in a subsequent decision.

Pursuant to the provisions of 49 CFR 1152.29(e)(2), NSR shall file a notice of consummation with the Board to signify that it has exercised the authority granted and fully abandoned the line. If

¹ The Board will grant a stay if an informed decision on environmental issues (whether raised by a party or by the Board's Section of Environmental Analysis (SEA) in its independent investigation) cannot be made before the exemption's effective date. See *Exemption of Out-of-Service Rail Lines*, 5 I.C.C.2d 377 (1989). Any request for a stay should be filed as soon as possible so that the Board may take appropriate action before the exemption's effective date.

consummation has not been effected by NSR's filing of a notice of consummation by July 20, 2006, and there are no legal or regulatory barriers to consummation, the authority to abandon will automatically expire.

Norfolk Southern Railway Company— Abandonment Exemption—in Spartanburg, SC

Norfolk Southern Railway Company (NSR) has filed a notice of exemption under 49 CFR part 1152 subpart F—*Exempt Abandonments* to abandon a 1.92-mile line of railroad between former milepost W 68.69 and former milepost W 70.61, in Spartanburg, SC.¹ The line traverses United States Postal Service Zip Codes 27101, 27104, 27105, and 27107.

NSR has certified that: (1) No local traffic has moved over the line for at least 2 years; (2) no overhead traffic has moved over the line for at least 2 years; (3) no formal complaint filed by a user of rail service on the line (or by a state or local government entity acting on behalf of such user) regarding cessation of service over the line either is pending with the Surface Transportation Board or with any U.S. District Court or has been decided in favor of complainant within the 2-year period; and (4) the requirements at 49 CFR 1105.7 (environmental reports), 49 CFR 1105.8 (historic reports), 49 CFR 1105.11 (transmittal letter), 49 CFR 1105.12 (newspaper publication), and 49 CFR 1152.50(d)(1) (notice to governmental agencies) have been met.

As a condition to this exemption, any employee adversely affected by the abandonment shall be protected under *Oregon Short Line R. Co.—*

¹ NSR states that the line mileposts are described as former because a new main line replaced the subject line as the main line many years ago and that the construction of the new main line resulted in the subject line becoming a stub-end branch line. NSR also states that the milepost numbers were reused on the new line and no new milepost designations were given to the subject line.

Needs and Uses: In 1993, Executive Order #12862 was implemented by the President to insure the highest quality service possible to the American people. Federal agencies are required to establish and implement customer service standards to guide the operations of the agency, to judge the performance of the agency, and to make appropriate resource allocations. To fulfill the requirements of this mandate, the Bureau of Transportation Statistics (BTS) immediately implemented plans and requirements for measuring customer satisfaction with BTS and Department of Transportation programs and services. As the statistical agency of the Department of Transportation, BTS is charged with fulfilling a wide variety of user needs. BTS has implemented a wide range of customer satisfaction surveys. The approaches include the Omnibus Survey Programs and the BTS Customer Satisfaction Survey, all of which are covered by this clearance request. Consistent with the requirements of Executive Order #12862, BTS plans to continue data collections at several levels to better assess and evaluate customer satisfaction within products, services, and overall performance of the agency over the next three years.

Description of Survey Topics: The Omnibus Surveys Program is comprised of several different surveys—A Household Survey and periodic targeted surveys. The primary purpose of the Omnibus Household Survey are: (1) To determine the public's level of satisfaction with the nation's transportation system in light of the Department's strategic objectives, (2) to determine the public's satisfaction with the Department of Transportation products and services; and (3) to be a vehicle for the Operation Administrations within the Department of Transportation and other government agencies to survey the public about Administration-specific topics.

The Omnibus targeted surveys are designed on an "as needed" basis to address specific, emerging transportation issues. Although there is no schedule for such surveys, this
