**Title:** Pesticide Registration Application, Notification and Report for Pesticide Producing Establishments (Renewal).

**Abstract:** The U.S. Environmental Protection Agency (EPA) must collect information on pesticide-producing establishments in order to meet the statutory requirements of Section 7 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). FIFRA requires producers of pesticide products, active ingredients, and devices to register their establishments with EPA and to submit an initial report, and thereafter, annually report on the types and amounts of products produced. The purpose of this notice is to request renewal of the collection process and reporting processes for the Application for Registration of Pesticide-Producing Establishments (EPA Form 3540-8), the Notification of Registration of Pesticide-Producing Establishments (EPA Form 3540-8A), and the Pesticides Report for Pesticide-Producing Establishments (EPA Form 3540-16).

Application for Registration of Pesticide-Producing Establishments information, collected on EPA Form 3540-8, is a one-time requirement for all pesticide-producing establishments. The reporting of pesticide production information collected on the Pesticides Report for Pesticide-Producing Establishments, EPA Form 3540-16, is required within 30 days of receipt of the Notification of Registration of Pesticide-Producing Establishments (EPA Form 3540-8A); and then annually thereafter, on or before March 1. The information is entered and stored in EPA's Office of Enforcement and Compliance Assurance

(OECA)/Office of Compliance (OC) Section Seven Tracking System (SSTS), a computerized data processing and record-keeping system.

The Office of Compliance/OECA collects the establishment and pesticide production information for compliance oversight and risk assessment. The information is used by EPA Regional pesticide enforcement and compliance staffs, OECA, and the Office of Pesticide Programs (OPP) within the Office of Prevention, Pesticides and Toxic Substances (OPPTS), as well as the U.S. Department of Agriculture (USDA), the Food and Drug Administration (FDA), other Federal agencies, States under Cooperative Enforcement Agreements, and the public.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in 40 CFR are listed in 40 CFR part 9 and are identified on the form and/or instrument, if applicable.

**Burden Statement:** The annual public reporting and recordkeeping burden for this collection of information is estimated to average 1.5 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

**Respondents/Affected Entities:** 13,000.

**Estimated Number of Respondents:** 13,000.

**Frequency of Response:** 1.

**Estimated Total Annual Hour Burden:** 18,800.

**Estimated Total Annual Cost:** \$1,240,961, includes \$0 annualized capital or O&M costs.

**Changes in the Estimates:** There is a increase of 841 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. This increase is due to an adjustment in the estimates of the number of respondents.

**ACTION:** Notice.

**SUMMARY:** EPA has authorized grantee organizations under the Senior Environmental Employment (SEE) Program, and their enrollees, access to information which has been submitted to EPA under the environmental statutes administered by the Agency. Some of this information may be claimed or determined to be confidential business information (CBI).

**DATES:** Comments concerning CBI access will be accepted five days from the date of publication of this document.

**ADDRESSES:** Comments should be submitted to: Susan Street, National Program Director, Senior Environmental Employment Program (MC 3661A), U.S. Environmental Protection Agency; Ariel Rios Building, 1200 Pennsylvania Ave., NW., Washington, DC 20460. (Telephone (202) 564-0410).

**SUPPLEMENTARY INFORMATION:** The Senior Environmental Employment (SEE) program is authorized by the Environmental Programs Assistance Act of 1984 (Pub. L. 98-313), which provides that the Administrator may "make grants or enter into cooperative agreements" for the purpose of "providing technical assistance to: Federal, State, and local environmental agencies for projects of pollution prevention, abatement, and control." In performing these tasks, grantees and cooperators under the SEE program and their enrollees may have access to potentially all documents submitted under the Resource Conservation and

Recovery Act (RCRA), Clean Air Act (CAA), Clean Water Act (CWA), Safe Drinking Water Act (SDWA), Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), Emergency Planning And Community Rights to Know Act (EPCRA) and Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), to the extent that these statutes allow disclosure of confidential information to authorized representatives of the United States (or to "contractors" under the Federal Insecticide, Fungicide, and Rodenticide Act). Some of these documents may contain information claimed as confidential.

EPA provides confidential information to enrollees working under the following cooperative agreements:

The grantee organizations are required by the cooperative agreements to protect confidential information. SEE enrollees are required to sign confidentiality agreements and to adhere to the same security procedures as Federal employees.
