

SUMMARY: The Environmental Protection Agency (EPA) Region 6 is publishing a notice of intent to delete the Mallard Bay Landing Bulk Plant Superfund Site (Site), located northeast of Grand Chenier in Cameron Parish, Louisiana, from the National Priorities List (NPL). The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is found at Appendix B of 40 CFR part 300 which is the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). The EPA and the State of Louisiana, through the Louisiana Department of Environmental Quality (LDEQ), have determined that all appropriate response actions under CERCLA have been completed. However, this deletion does not preclude future actions under Superfund.

In the "Rules and Regulations" section of today's **Federal Register**, we are publishing a Direct Final Notice of Deletion of the Mallard Bay Landing Bulk Plant Superfund Site without prior notice of intent to delete because we view this as a noncontroversial revision and anticipate no adverse comment. We have explained our reasons for this deletion in the preamble to the direct final deletion. If we receive no adverse comment(s) on this notice of intent to delete or the Direct Final Notice of Deletion, we will not take further action on this notice of intent to delete. If we receive adverse comment(s), we will withdraw the Direct Final Notice of Deletion, it will not take effect, and as appropriate, address all public comments in a subsequent final deletion notice based on this notice of intent to delete. We will not institute a second comment period on this notice of intent to delete. Any parties interested in commenting must do so at this time. For additional information, see the Direct Final Notice of Deletion which is located in the Rules section of this **Federal Register**.

Synopsis of Order

On January 31, 2005, the Commission released a Notice of Proposed Rulemaking (NPRM) in WC Docket No. 05-25, RM-10593. See Special Access Rates for Price Cap Local Exchange Carriers, AT&T Corp. Petition for Rulemaking to Reform Regulation of Incumbent Local Exchange Carrier Rates for Interstate Special Access Services, WC Docket No. 05-25, RM-10593, Order and Notice of Proposed Rulemaking, 70 FR 19381, April 13, 2005. In the NPRM, the Commission commenced a broad examination of the regulatory framework to apply to price cap local exchange carriers' (LECs) interstate special access services after June 30, 2005, and sought comment on the special access regime that should follow the expiration of the CALLS plan, including whether to maintain or modify the Commission's pricing flexibility rules for special access services. The comment deadline was June 13, 2005, and the reply comment deadline is July 12, 2005.

CompTel/ALTS and the United States Telecom Association (USTA) (together, the Petitioners) filed motions with the Commission, requesting a seventeen-day extension of the deadline for filing reply comments. The Petitioners explain that the requested extension would allow all parties the opportunity to better evaluate, and respond to, the complex economic analyses offered by many commenters in this proceeding. On June 13, 2005, the Commission received more than 2,000 pages of comments from multiple parties, many of which

contained data submissions and economic analyses. Moreover, there was approximately a one-week delay before all of the comments were available on the Commission's Electronic Comment Filing System (ECFS). In the interest of developing a thorough and complete record in this proceeding, the Bureau grants the Petitioners' requests, and hereby extends the reply comment deadline to July 29, 2005. This extension should allow parties adequate time to review and respond to the record in this proceeding. All other filing requirements set forth in the NPRM remain in effect.

Ordering Clause

Accordingly, *it is ordered* that, pursuant to the authority contained in sections 4(i), 4(j), and 303(r) of the Communications Act, as amended, 47 U.S.C. 154(i), 154(j), and 303(r), and §§ 0.91, 0.204(b), 0.291, 1.45, and 1.415 of the Commission's rules, 47 CFR 0.91, 0.204(b), 0.291, 1.45, and 1.415, the deadline for filing reply comments in response to the NPRM is extended to July 29, 2005.
