SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-52028; File No. SR-CBOE-2005-49]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Increasing the Class Quoting Limit in Options on DIAMONDS®

July 13, 2005.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 22, 2005, the Chicago Board Options Exchange, Incorporated (“CBOE” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the CBOE. The CBOE has designated this proposal as one constituting a stated policy, practice, or interpretation with respect to the meaning, administration, or enforcement of an existing rule under Section 19(b)(3)(A)(i) of the Act,³ and Rule 19b-4(f)(1) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The CBOE proposes to increase the class quoting limit in options on DIAMONDS® (“DIA”). The text of the

proposed rule change is available on the Exchange’s Internet Web site (<http://www.cboe.com>), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

CBOE Rule 8.3A, Maximum Number of Market Participants Quoting Electronically per Product, establishes class quoting limits (“CQLs”) for each class traded on the Hybrid Trading System.⁵ A CQL is the maximum number of quoters that may quote electronically in a given product and the current levels are established from 25–40, depending on the trading activity of the particular product.

CBOE Rule 8.3A.01(c) provides a procedure by which the President of the Exchange may increase the CQL for a particular product. In this regard, the President of the Exchange may increase the CQL in exceptional circumstances, which are defined in the rule as “substantial trading volume, whether actual or expected.”⁶ The effect of an increase in the CQL is procompetitive in that it increases the number of market participants that may quote electronically in a product. The purpose of this filing is to increase the CQL for options on DIA, which CBOE added to its Hybrid Trading System effective as of June 23, 2005. Specifically, the Exchange proposes to increase the CQL in DIA options by 5, from 25 to 30.

DIA options are actively traded Exchange-Traded Funds on the Exchange, and there is substantial trading volume in them, which CBOE

anticipates will increase as DIA options are traded on the Hybrid Trading System. Increasing the CQL in DIA options will enable the Exchange to enhance the liquidity offered, thereby offering deeper and more liquid markets. The Exchange represents that it will comply with all of the requirements of CBOE Rule 8.3A in increasing the CQL in DIA options and, if it determines subsequently to reduce such CQL, in reducing the CQL in such options.⁷ Changes to the CQL will be announced to the membership via Information Circular.

2. Statutory Basis

The CBOE believes that the proposed rule change is consistent with the Act and the rules and regulations under the Act applicable to a national securities exchange and, in particular, the requirements of Section 6(b) of the Act.⁸ Specifically, the Exchange believes that the proposed rule change is consistent with the provisions of Section 6(b)(5),⁹ which require the rules of an exchange to be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change will take effect upon filing with the Commission pursuant to Section

⁷ The Exchange has represented that it will follow the procedures outlined in CBOE Rule 8.3A.01(a) for assigning a new CQL, based on revised trading volume statistics, at the end of the calendar quarter, and that if the new CQL is lower than the increased CQL assigned as a result of this proposed rule change, the procedures outlined in CBOE Rule 8.3A.01(a) will be followed. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
