

**ACTION:** Final rule.

**SUMMARY:** This action amends the Class E airspace at Blairstown, NJ. Controlled airspace extending upward from 700 feet Above Ground Level (AGL) is needed to contain aircraft operating into Blairstown Airport, Blairstown, NJ, under Instrument Flight Rules (IFR).

**EFFECTIVE DATE:** 0901 UTC October 27, 2005.

**FOR FURTHER INFORMATION CONTACT:** Mr. Francis Jordan, Airspace Specialist, Airspace and Operations, ETSU-530, Eastern Terminal Service Unit, Federal Aviation Administration, 1 Aviation Plaza, Jamaica, New York 11434-4809, telephone: (718) 553-4521.

**SUPPLEMENTARY INFORMATION:**

### History

On May 25, 2005, a notice proposing to amend Part 71 of the Federal Aviation Regulations (14 CFR part 71) by modifying the Class E airspace area at Blairstown, NJ was published in the **Federal Register** (70FR 30034-30035). The proposed action would provide additional controlled airspace to accommodate Standard Instrument Approach Procedures (SIAP), based on area navigation (RNAV), to Blairstown Airport. Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA on or before June 24, 2005. No comments to the proposal were received. The rule is adopted as proposed.

The coordinates for this airspace docket are based on North American Datum 83. Class E airspace area designations for airspace extending upward from the surface of the earth are published in paragraph 6005 of FAA Order 7400.9M, dated August 30, 2004, and effective September 16, 2004, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published in the Order.

### The Rule

This amendment to part 71 of the Federal Aviation Regulations (14 CFR part 71) provides controlled Class E airspace extending upward from 700 feet above the surface for aircraft conducting IFR operations with a 10-mile radius of Blairstown Airport, Blairstown, NJ.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a "significant regulatory action"

under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

### List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

### Adoption of Amendment

■ In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

### PART 71—[AMENDED]

■ 1. The authority citation for 14 CFR Part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(g), 40103, 40113, 40120; EO 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

### § 71.1 [Amended]

The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9M, Airspace Designations and Reporting Points, dated August 30, 2004, and effective September 16, 2004, is amended as follows:

*Paragraph 6005 Class E Airspace Areas extending upward from 700 feet or more above the surface of the earth.*

\* \* \* \* \*

### AEA NJ E5 Blairstown, NJ (Revised)

Blairstown Airport, NJ  
(Lat. 40°58'16" N., long. 74°59'51" W.)

That airspace extending upward from 700 feet above the surface within a 10-mile radius of Blairstown, Airport, excluding that airspace that coincides with the New York, NY, and East Stroudsburg, PA, Class E airspace areas.

## DEPARTMENT OF TRANSPORTATION

### Federal Aviation Administration

#### 14 CFR Part 71

[Docket No. FAA-2005-21704; Airspace Docket No. 05-ACE-20]

### Modification of Class E Airspace; Newton City-County Airport, KS

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Direct final rule; request for comments.

**SUMMARY:** This action amends Title 14 Code of Federal Regulations, part 71 (14 CFR 71) by revising Class E airspace areas at Newton City-County Airport, KS. A modification of the Airport Reference Point (AFP) necessitates the revision of the Class E airspace area extending upward from 700 feet above ground level (AGL) at Newton, KS to conform to the criteria in FAA Orders.

**DATES:** This direct final rule is effective on 0901 UTC, October 27, 2005. Comments for inclusion in the Rules Docket must be received on or before August 12, 2005.

**ADDRESSES:** Send comments on this proposal to the Docket Management System, U.S. Department of Transportation, Room Plaza 401, 400 Seventh Street, SW., Washington, DC 20590-0001. You must identify the docket number FAA-2005-21704/Airspace Docket No. 05-ACE-20, at the beginning of your comments. You may also submit comments on the Internet at <http://dms.dot.gov>. You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The Docket Office (telephone 1-800-647-5527) is on the plaza level of the Department of Transportation NASSIF Building at the above address.

**FOR FURTHER INFORMATION CONTACT:** Brenda Mumper, Air Traffic Division, Airspace Branch, ACE-520A, DOT Regional Headquarters Building, Federal Aviation Administration, 901 Locust, Kansas City, MO 64106; telephone: (816) 329-2524.

**SUPPLEMENTARY INFORMATION:** This amendment to 14 CFR 71 modifies the Class E airspace area extending upward from 700 feet AGL at Newton, KS. A modification of the Airport Reference Point (ARO) necessitates the revision of the Class E airspace area extending upward from 700 feet above ground level (AGL) at Newton, KS. The radius of the Class E airspace area is expanded

from within a 6.7-mile radius to within a 6.8-mile radius of the airport. The extension of the Class E airspace area is changed from “the 6.7-mile radius to 7.4 miles south of the airport” to “the 6.8-mile radius to 7.5 miles south of the airport.” These modifications bring the legal descriptions of the Newton, KS Class E airspace areas into compliance with FAA Orders 7400.2E and 8260.19C. Class E airspace areas extending upward from 700 feet or more above the surface of the earth are published in Paragraph 6005 of FAA Order 7400.9M, Airspace Designations and Reporting Points, dated August 30, 2004, and effective September 16, 2004, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document would be published subsequently in the Order.

### The Direct Final Rule Procedure

The FAA anticipates that this regulation will not result in adverse or negative comment and, therefore, is issuing it as a direct final rule. Previous actions of this nature have not been controversial and have not resulted in adverse comments or objections. Unless a written adverse or negative comment or a written notice of intent to submit an adverse or negative comment is received within the comment period, the regulation will become effective on the date specified above. After the close of the comment period, the FAA will publish a document in the **Federal Register** indicating that no adverse or negative comments were received and confirming the date on which the final rule will become effective. If the FAA does receive, within the comment period, an adverse or negative comment, or written notice of intent to submit such a comment, a document withdrawing the direct final rule will be published in the **Federal Register**, and a notice of proposed rulemaking may be published with a new comment period.

### Comments Invited

Interested parties are invited to participate in this rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above.

Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: “Comments to Docket No. FAA-2005-21704/Airspace Docket No. 05+ACE-20.” The postcard will be date/time stamped and returned to the commenter.

### Agency Findings

The regulations adopted herein will not have a substantial direct effect on the States, on the relationship between the national Government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, it is determined that this final rule does not have federalism implications under Executive Order 13132.

The FAA has determined that this regulation is noncontroversial and unlikely to result in adverse or negative comments. For the reasons discussed in the preamble, I certify that this regulation (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) if promulgated, will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

This rulemaking is promulgated under the authority described in subtitle VII, part A, subpart I, section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority since it contains aircraft executing instrument approach procedures to Newton City-County Airport, KS.

### List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

### Adoption of the Amendment

■ Accordingly, the Federal Aviation Administration amends 14 CFR part 71 as follows:

#### **PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS**

■ 1. The authority citation for part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

### § 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9M, dated August 30, 2004, and effective September 16, 2004, is amended as follows:

*Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.*

#### **ACE KS E5 Newton, KS**

Newton City-County Airport, KS  
(Lat. 38°03′30″ N., long. 097°16′28″ W.)  
Newton NDB, KS  
(Lat. 38°03′51″ N., long. 097°16′24″ W.)

That airspace extending upward from 700 feet above the surface within a 6.8-mile radius of Newton City-County Airport and within 2.6 miles each side of the 185° bearing from the Newton NDB extending from the 6.8-mile radius to 7.5 miles south of the airport.

\* \* \* \* \*

Issued in Kansas City, MO, on July 12, 2005.

**Elizabeth S. Wallis,**

*Acting Area Director, Western Flight Services Operations.*

**[Docket No. FAA–2005–21705; Airspace Docket No. 05–ACE–21]**

#### **Modification of Legal Description of the Class E Airspace; Columbia Regional Airport, MO**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Direct final rule; request for comments.

**SUMMARY:** An examination of controlled airspace for Columbia Regional Airport, MO, has revealed a discrepancy in the legal description of the Class E airspace area beginning at 700 feet above the surface. This action corrects that discrepancy by incorporating the coordinates of the Columbia Regional Airport ILS Localizer. Extensions to this Class E airspace area are described in relation to the Columbia Regional Airport ILS Localizer, therefore the coordinates for this facility must be included in the legal description to
