Results or Benefits Expected—15 points

The extent to which the application identifies the results and benefits to be derived. For example, the extent to which the application describes recommendations and possible strategies for enhancing the current CDA National Credentialing Program system, the number of CDA candidates to be credentialed annually, and a description of procedures to ensure that candidates from American Indian and Migrant programs will receive accelerated processing of their applications, candidate assessment, and credential award, if successful. The extent to which the assessment and credentialing fee is affordable to potential candidates.

2. Review and Selection Process

No grant award will be made under this announcement on the basis of an incomplete application.

A panel of four non-federal reviewers will be convened in Washington, DC, to read and score each application based on the published criteria. The panel’s scores and recommendations will be forwarded to the ACYF Commissioner who will make the ultimate selection.

Since ACYF will be using non-federal reviewers in the process, applicants have the option of omitting from the application copies (not the original) specific salary rates or amounts for individuals specified in the application budget and Social Security Numbers, if otherwise required for individuals. The copies may include summary salary information.

Approved but Unfunded Applications

Applications that are approved but unfunded may be held over for funding in the next funding cycle, pending the availability of funds, for a period not to exceed one year.

VI. Award Administration Information

1. Award Notices

The successful applicants will be notified through the issuance of a Financial Assistance Award document which sets forth the amount of funds granted, the terms and conditions of the grant, the effective date of the grant, the budget period for which initial support will be given, the non-federal share to be provided (if applicable), and the total project period for which support is contemplated. The Financial Assistance Award will be signed by the Grants Officer and transmitted via postal mail. Organizations whose applications will not be funded will be notified in writing.

[FR Doc. 05–14557 Filed 7–22–05; 8:45 am]
establish the requirements for comprehensive child development services to be provided to all Head Start and Early Head Start children, their families, and pregnant women enrolled in Early Head Start. An essential feature of these programs is the integral involvement of parents, both in the development of their children and in the governance of local programs. From the program’s inception in 1965, Head Start has worked with parents to increase the social competence, including school readiness and later life success, of children from low-income families. The Program Performance Standards require that the curriculum address children’s cognitive development, including language development and literacy. In addition to the requirements within Education and Early Childhood Development, there are sections that focus on the involvement of parents both in the development of their children and in the governance of local programs. In this respect, Head Start supports parents in being the first and most important teachers of their children. The Head Start Program also encourages parents’ efforts to attain family self-sufficiency. Because adult illiteracy limits the economic self-sufficiency of families, Head Start focuses not only on children’s emergent literacy, but also on family literacy, which includes adult education and skill development.

Since 1991, $9 million is awarded annually to Head Start grantees as part of their base funding to ensure that each local program, either directly or through partnerships, supports parents’ efforts to address their adult literacy needs. This includes classes through which parents may acquire speaking and writing skills in English; and earning the GED or a high school diploma, which are generally a threshold to successful employment.

In 1999, the Head Start Bureau entered into a five-year cooperative agreement with the National Center for Family Literacy (NCFL). The work of NCFL effectively supported local programs through cluster trainings and on-site technical assistance. Also, supporting the goals of the President’s Early Childhood Initiative, Good Start, Grow Smart, the National Center for Family Literacy and the Head Start Bureau have engaged parents in 2½ days of Parent Mentor training. This training is designed to increase the parents’ understanding about the language and literacy development of preschool age children and everyday ways to support that development. In addition to enhancing the language and literacy skills of their Head Start child, these parents are mentoring other Head Start parents to do the same with their children.

The plans and services proposed by applicants under this announcement must include, at a minimum, balanced attention to the four components of family literacy as defined in the Head Start Act.

As defined in the 1998 reauthorization of the Head Start Act, the term “family literacy services” means services that are of sufficient intensity in terms of hours, and of sufficient duration, to make sustainable changes in a family, and that integrate all of the following activities:

(A) Interactive literacy activities between parents and their children.
(B) Training for parents regarding how to be the primary teacher for their children and full partners in the education of their children.
(C) Parent literacy training that leads to economic self-sufficiency.
(D) An age-appropriate education to prepare children for success in school and life experiences.

Priority Area

Help Head Start grantees and delegate agencies nationwide improve the quality and positive outcomes of family literacy.

Description

The Head Start Act, as amended in 1998, in Sections 640(a)(2)(C) and 648(c)(4) (42 U.S.C. 9843) requires the Secretary to provide technical assistance and training to Head Start agencies through an entity that has experience in the development and operation of successful family literacy services in order to improve the quality of family literacy services provided to enrolled families.

The proposed Family Literacy Program (FLP) plans and services must include, at a minimum, balanced attention to the four components of family literacy identified in the Head Start Act for all families, including English Language Learners. The FLP will provide research-supported training and technical assistance to Head Start and Early Head Start managers, staff, and parents on planning and delivery of high quality family literacy services that are of sufficient intensity and duration, and reflect sufficient coordination to ensure positive child and family outcomes. Applicants are encouraged to propose innovative strategies that are inclusive of diverse populations and include such approaches as mentoring, effective use of technology, and distance learning.

Applicants for the FLP must submit a five-year plan and strategies to enhance local program provision of high quality family literacy services. The plans and strategies must support local program compliance with the Head Start Program Performance Standards, other Head Start policies and regulations, and the provisions of the Head Start Reauthorization Act of 1998 (to be amended with any new Head Start Legislation).

II. Award Information

Funding Instrument Type: Cooperative Agreement.

Substantial Involvement With Cooperative Agreement:

Federal Involvement Roles and Responsibilities

Federal involvement in the Head Start Family Literacy Program will include substantial roles for the Head Start Bureau, which includes the American Indian and Native Alaskan Programs Branch, the Migrant and Seasonal Programs Branch, and the ACF Regional Offices.

Supporting the Head Start Family Literacy Program through a cooperative agreement will ensure that goals and objectives will be fully met and that the work will be in accord with the Head Start Program Performance Standards and other regulations, the Head Start Child Outcomes Framework, and the Head Start Act.

The close involvement of the Head Start Bureau in the implementation of this cooperative agreement will ensure that family literacy services will be sensitive and responsive to the challenges that Head Start families and staff encounter. It will ensure uniformity of content and quality of family literacy services to the families who are served in a variety of program settings, which are located in communities with varying levels of educational and training resources related to the language development and early literacy of young children and their families.

The Head Start Bureau will provide the time and expertise of the Federal Project Officer (FPO) to:

- Assist the Head Start Family Literacy Program staff in ensuring that the four components of family literacy will be available to all Head Start and Early Head Start families, including English language learners. The four components include:
  — Interactive literacy activities between parents and their children.
  — Training for parents regarding how to be the primary teacher for their
children and full partners in the education of their children.
—Parent literacy training that leads to economic self-sufficiency.
—An age-appropriate education to prepare children for success in school and life experiences.

• Identify research-supported training and technical assistance applicable to the population served.
• Assist in the development of a training template and schedule for the provision of training and technical assistance to Head Start and Early Head Start managers, staff, and parents regarding planning and delivering high quality family literacy services at the local program level.
• Work in close accord with the Family Literacy Program to provide leadership and support to grantees and delegate agencies in order to ensure that high quality family literacy services are of sufficient intensity and duration, and reflect sufficient coordination to ensure positive child and family outcomes.
• Participate in national meetings of the Head Start Technical Assistance Network as convened by ACYF, as a means of supporting and assisting the Family Literacy Program staff in their collaboration with this important group of technical assistance providers.
• Join the staff of the Head Start Literacy Program in putting on workshop presentations at national meetings as approved by the Head Start Bureau.
• Facilitate and support the Head Start Family Literacy Program’s communications and coordination with the Federal Regional Offices (I–X), the Migrant and Seasonal Programs Branch, and the American Indian and Native Alaskan Programs Branch.
• Meet with the Head Start Family Literacy Program staff bi-monthly to assess progress regarding the scope of work of the cooperative agreement, and to provide guidance, direction, and information regarding possible changes in national Head Start policy or initiatives.

Early Head Start and Head Start grantees and delegate agencies will direct all inquiries regarding family literacy to the Head Start Family Literacy Program.

4. Intergovernmental Review
State Single Point of Contact (SPOC)
This program is covered under Executive Order 12372, “Intergovernmental Review of Federal Programs,” and 45 CFR Part 100, “Intergovernmental Review of Department of Health and Human Services Programs and Activities.” Under the Order, States may design their own processes for reviewing and commenting on proposed Federal assistance under covered programs. As of October 1, 2004, the following jurisdictions have elected to participate in the Executive Order process: Arkansas, California, Delaware, District of Columbia, Florida, Georgia, Illinois, Iowa, Kentucky, Maine, Maryland, Michigan, Mississippi, Missouri, Nevada, New Hampshire, New Mexico, New York, North Dakota, Rhode Island, South Carolina, Texas, Utah, West Virginia, Wisconsin, American Samoa, Guam, North Mariana Islands, Puerto Rico, and Virgin Islands. As these jurisdictions have elected to participate in the Executive Order process, they have established SPOCs. Applicants from participating jurisdictions should contact their SPOC, as soon as possible, to alert them of prospective applications and receive instructions. Applicants must submit all required materials, if any, to the SPOC and indicate the date of this submittal (or the date of contact if no submittal is required) on the Standard Form 424, item 16a.

Under 45 CFR 100.8(a)(2), a SPOC has 60 days from the application deadline to comment on proposed new or competing continuation awards. SPOCs are encouraged to eliminate the submission of routine endorsements as official recommendations. Additionally, SPOCs are requested to clearly differentiate between mere advisory comments and those official State process recommendations which may trigger the “accommodate or explain” rule.

When comments are submitted directly to ACF, they should be addressed to the U.S. Department of Health and Human Services, Administration for Children and Families, Office of Grants Management, Division of Discretionary Grants, 370 L’Enfant Promenade SW., 4th floor, Washington, DC 20447.

Although the remaining jurisdictions have chosen not to participate in the process, entities that meet the eligibility requirements of the program are still eligible to apply for a grant even if a State, Territory, Commonwealth, etc. does not have a SPOC. Therefore, applicants from these jurisdictions, or for projects administered by federally-recognized Indian Tribes, need take no action in regard to E.O. 12372.

The official list, including addresses, of the jurisdictions that have elected to participate in E.O. 12372 can be found on the following URL: [http://www.whitehouse.gov/omb/grants/s poc.html](http://www.whitehouse.gov/omb/grants/s poc.html).

V. Application Review Information

Public reporting burden for this collection of information is estimated to average 40 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed and reviewing the collection information.

The project description is approved under OMB control number 0970–0139, which expires 4/30/2007.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

1. Criteria

The following are instructions and guidelines on how to prepare the “project summary/abstract” and “full project description” sections of the application. Under the evaluation criteria section, note that each criterion is preceded by the generic evaluation requirement under the ACF Uniform Project Description (UPD).

Part I—The Project Description Overview

Purpose

The project description provides a major means by which an application is evaluated and ranked to compete with other applications for available assistance. The project description should be concise and complete and should address the activity for which Federal funds are being requested. Supporting documents should be included where they can present information clearly and succinctly. In preparing your project description, information responsive to each of the requested evaluation criteria must be provided. Awarding offices use this and other information in making their funding recommendations. It is important, therefore, that this information be included in the application in a manner that is clear and complete.

General Instructions

ACF is particularly interested in specific project descriptions that focus on outcomes and convey strategies for achieving intended performance. Project descriptions are evaluated on the basis of substance and measurable outcomes, not length. Extensive exhibits are not required. Cross-referencing should be used rather than repetition. Supporting information concerning activities that will not be directly funded by the grant or information that does not directly pertain to an integral part of the grant-funded activity should be placed in an appendix. Pages should be numbered and a table of contents should be included for easy reference.

Part II—General Instructions for Preparing a Full Project Description

Introduction

Applicants required to submit a full project description shall prepare the project description statement in accordance with the following instructions while being aware of the specified evaluation criteria. The text options give a broad overview of what your project description should include while the evaluation criteria identifies the measures that will be used to evaluate applications.

Project Summary/Abstract

Provide a summary of the project description (a page or less) with reference to the funding request.

Objectives and Need for Assistance

Clearly identify the physical, economic, social, financial, institutional, and/or other problem(s) requiring a solution. The need for assistance must be demonstrated and the principal and subordinate objectives of the project must be clearly stated; supporting documentation, such as letters of support and testimonials from concerned interests other than the applicant, may be included. Any relevant data based on planning studies should be included or referred to in the endnotes/footnotes. Incorporate demographic data and participant/beneficiary information, as needed. In developing the project description, the applicant may volunteer or be requested to provide information on the total range of projects currently being conducted and supported (or to be initiated), some of which may be outside the scope of the program announcement.

Results or Benefits Expected

Identify the results and benefits to be derived.

Approach

Outline a plan of action that describes the scope and detail of how the proposed work will be accomplished. Account for all functions or activities identified in the application. Cite factors that might accelerate or decelerate the work and state your reason for taking the proposed approach rather than others. Describe unusual features of the project such as design or technological innovations, reductions in cost or time, or extraordinary social and community involvement.

Provide quantitative monthly or quarterly projections of the accomplishments to be achieved for each function or activity in such terms as the number of people to be served and the number of activities accomplished.

When accomplishments cannot be quantified by activity or function, list them in chronological order to show the schedule of accomplishments and their target dates.

If any data is to be collected, maintained, and/or disseminated, clearance may be required from the U.S. Office of Management and Budget (OMB). This clearance pertains to any “collection of information that is conducted or sponsored by ACF.”

List organizations, cooperating entities, consultants, or other key individuals who will work on the project along with a short description of the nature of their effort or contribution.

Organizational Profiles

Provide information on the applicant organization(s) and cooperating partners, such as organizational charts, financial statements, audit reports or statements from CPAs/Licensed Public Accountants, Employer Identification Numbers, names of bond carriers, contact persons and telephone numbers, child care licenses and other documentation of professional accreditation, information on compliance with Federal/State/local government standards, documentation of experience in the program area, and other pertinent information. If the applicant is a non-profit organization, submit proof of non-profit status in its application.

The non-profit agency can accomplish this by providing: (a) A reference to the applicant organization’s listing in the Internal Revenue Service’s (IRS) most recent list of tax-exempt organizations described in the IRS Code; (b) a copy of a currently valid IRS tax exemption certificate; (c) a statement from a State taxing body, State attorney general, or other appropriate State official certifying that the applicant organization has a non-profit status and that none of the net earnings accrue to any private shareholders or individuals; (d) a certified copy of the organization’s certificate of incorporation or similar document that clearly establishes non-profit status; (e) any of the items immediately above for a State or national parent organization and a statement signed by the parent organization that the applicant
organization is a local non-profit affiliate.

Letters of Support

Provide statements from community, public and commercial leaders that support the project proposed for funding. All submissions should be included in the application OR by application deadline.

Budget and Budget Justification

Provide a budget with line item detail and detailed calculations for each budget object class identified on the Budget Information form. Detailed calculations must include estimation methods, quantities, unit costs, and other similar quantitative detail sufficient for the calculation to be duplicated. Also include a breakout by the funding sources identified in Block 15 of the SF-424.

Provide a narrative budget justification that describes how the categorical costs are derived. Discuss the necessity, reasonableness, and allocability of the proposed costs.

Evaluation Criteria: The following evaluation criteria appear in weighted descending order. The corresponding score values indicate the relative importance that ACF places on each evaluation criterion; however, applicants need not develop their applications precisely according to the order presented. Application components may be organized such that a reviewer will be able to follow a seamless and logical flow of information (i.e., from a broad overview of the project to more detailed information about how it will be conducted).

In considering how applicants will carry out the responsibilities addressed under this announcement, competing applications for financial assistance will be reviewed and evaluated against the following criteria:

Approach—35 points

Applications will be reviewed and evaluated to the extent that they:

Describe the conceptual framework or model that will guide the design and implementation of training and technical assistance (T/TA) to strengthen family literacy services and the internal capacities and partnerships of Head Start and Early Head Start grantees over the potential five year period. Demonstrate a clear understanding of the definition of family literacy and propose strategies for strengthening all four of its component elements. Demonstrate knowledge of the current Head Start TA Network and electronic learning center.

Outline an initial plan of action which describes the scope and detail of how the proposed work will be accomplished. Describe any unusual features of the project, such as design or technological innovations, reductions in cost or time, or extraordinary social and community involvement.

Provide a rationale for the proposed model and describe how it will lead to improvements in the skills and effectiveness of Head Start staff and the implementation of appropriate family literacy strategies in different programs and community settings.

Propose an initial action plan for T/TA services and strategies for the first year of the project, and a discussion of how subsequent services will be adapted and improved based on initial experiences. Discuss optimal approaches including identifying and utilizing exemplary Head Start family literacy programs and other successful family literacy models as sources of training and technical assistance, uses of technology and distance learning, development of publications and media resources, and direct training of staff, managers, and parents.
