**Public Comment Procedures:** MMS's practice is to make comments, including names and addresses of respondents, available for public review. If you wish your name and/or address to be withheld, you must state this prominently at the beginning of your comment. MMS will honor the request to the extent allowable by the law; however, anonymous comments will not be considered. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.

**SUPPLEMENTARY INFORMATION:**

*Title:* 30 CFR part 250, Subpart M, Unitization.

*OMB Control Number:* 1010-0068.

*Abstract:* The Outer Continental Shelf (OCS) Lands Act, as amended (43 U.S.C. 1331 *et seq.* and 43 U.S.C. 1801 *et seq.*), authorizes the Secretary of the Interior (Secretary) to prescribe rules and regulations to administer leasing of the OCS. Such rules and regulations will apply to all operations conducted under a lease. Operations on the OCS must preserve, protect and develop oil and natural gas resources in a manner which is consistent with the need to make such resources available to meet the Nation's energy needs as rapidly as possible; to balance orderly energy resource development with protection of human, marine, and coastal environments; to ensure the public a fair and equitable return on the resources of the OCS; and

to preserve and maintain free enterprise competition. Section 1334(a) of the OCS Lands Act specifies that the Secretary prescribe rules and regulations "to provide for the prevention of waste and conservation of the natural resources of the [O]uter Continental Shelf, and the protection of correlative rights therein" and include provisions "for unitization, pooling, and drilling agreements." To carry out these responsibilities, the Secretary has authorized MMS to issue orders and regulations governing offshore oil and gas lease operations.

We will protect information from respondents considered proprietary under the Freedom of Information Act (5 U.S.C. 552) and its implementing regulations (43 CFR part 2) and under regulations at 30 CFR 250.196, "Data and information to be made available to the public." No items of a sensitive nature are collected. Responses are mandatory. MMS OCS Regions use the information to determine whether to approve a proposal to enter into an agreement to unitize operations under two or more leases or to approve modifications when circumstances change. The information is necessary to ensure that operations will result in preventing waste, conserving natural resources, and protecting correlative rights, including the Government's interests. We also use information submitted to determine competitiveness of a reservoir or to decide that compelling unitization will achieve these results.

*Frequency:* The frequency of reporting is on occasion.

*Estimated Number and Description of Respondents:* Approximately 130 Federal OCS oil and gas or sulphur lessees.

*Estimated Reporting and Recordkeeping "Hour" Burden:* The estimated annual "hour" burden for this information collection is a total of 5,884 hours. The following chart details the individual components and estimated hour burdens. In calculating the burdens, we assumed that respondents perform certain requirements in the normal course of their activities. We consider these to be usual and customary and took that into account in estimating the burden.

Total Hour Burden.	.....	.....	375 .....	5,884

*Estimated Reporting and Recordkeeping “Non-Hour Cost” Burden:* Section 250.1304(d) provides an opportunity for parties notified of compulsory unitization to request a hearing. Section 250.1304(e) requires the party seeking the compulsory unitization to pay for the court reporter and three copies of the verbatim transcript of the hearing. It should be noted there have been no such hearings in the recent past, and none are expected in the near future. We estimate that the burden would be less than \$250 to reproduce the copies.

*Public Disclosure Statement:* The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

*Comments:* Before submitting an ICR to OMB, PRA section 3506(c)(2)(A) requires each agency “\* \* \* to provide notice \* \* \* and otherwise consult with members of the public and affected agencies concerning each proposed collection of information \* \* \*”. Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

To comply with the public consultation process, on December 10, 2004, we published a **Federal Register** notice (69 FR 71845) announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. In addition, § 250.199 provides the OMB control number for the information collection requirements imposed by the 30 CFR part 250 regulations. The regulation also informs the public that they may comment at any time on the collections of information and provides the address to which they should send comments. We have received no comments in response to these efforts.

If you wish to comment in response to this notice, you may send your comments to the offices listed under the **ADDRESSES** section of this notice. OMB has up to 60 days to approve or disapprove the information collection

but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by August 25, 2005.

**Public Comment Procedure:** Our practice is to make comments, including names and addresses of respondents, available for public review. Individual respondents may request that we withhold their address from the record, which we will honor to the extent allowable by law. There may be circumstances in which we would withhold from the record a respondent's identity, as allowable by the law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

### Bureau of Reclamation

#### Agency Information Collection Activities; Proposed Revisions to a Currently Approved Information Collection Form; Request for Comments

**AGENCY:** Bureau of Reclamation, Interior.

**ACTION:** Notice of renewal of a currently approved information collection form (OMB No. 1006-0003).

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995 (44

U.S.C. 3501 *et seq.*), the Bureau of Reclamation (Reclamation) intends to submit a request for renewal of an existing approved information collection form, Right-of-Use Application (Form 7-2540), to the Office of Management and Budget (OMB). Before submitting this revised Right-of-Use Application form (application) to the Office of Management and Budget for review of the information collection requirements, Reclamation requests public comments on specific aspects of the application form.

**DATES:** All written comments must be received on or before September 26, 2005.

**ADDRESSES:** Written comments should be sent to the Bureau of Reclamation, Attention: D-5300, PO Box 25007, Denver, CO 80225-0007. Copies of the proposed application may be requested by writing to the above address or by contacting Marian L. Mather at (303) 445-2895.

**FOR FURTHER INFORMATION CONTACT:**

Marian L. Mather: (303) 445-2895.

**SUPPLEMENTARY INFORMATION:** In addition to reformatting the form, it has been modified to (1) move the instructions to the last page to facilitate its electronic completion on the Internet, (2) clarify the questions being asked of the applicant, (3) clarify the scope of activities which may be permissible to include those involving Reclamation's facilities and water surfaces in addition to land-based activities, and (4) provide the applicant with a list that identifies common land, facility, or water surface use activities which may be requested by this form.

**Title:** Right-of-Use Application.

**Abstract:** Reclamation is responsible for approximately 8 million acres of land which directly support Reclamation's Federal water projects in the 17 western states. Individuals or entities wanting to use Reclamation's lands, facilities, and water surfaces must submit an application to gain permission for such uses. Examples of such uses are transmission line construction across Reclamation project lands, livestock grazing, and special events such as boating regattas. Reclamation will review applications and determine whether the granting of individual right-of-use is compatible with Reclamation's present or future uses of the lands, facilities, or water surfaces. If the application request is found to be compatible, the applicant will be advised of the estimated administrative costs and estimated time that will be required for processing the
