

may extend the period of time for making its final determination in a sunset review by not more than 90 days, if it determines that the review is extraordinarily complicated. As set forth in 751(c)(5)(C)(v) of the Act, the Department may treat a sunset review as extraordinarily complicated if it is a review of a transition order. The sunset reviews subject to this notice are reviews of transition orders. Therefore, the Department has determined, pursuant to section 751(c)(5)(C)(v) of the Act, that the sunset reviews of the antidumping and countervailing duty orders on brass sheet and strip from Germany, Brazil, and France are extraordinarily complicated and require additional time for the Department to complete its analysis. Therefore, the Department will extend the deadlines in these proceedings, and, as a result, intends to issue the final results of the sunset reviews of the antidumping and countervailing duty orders of brass sheet and strip from Germany, Brazil, and France, on or about October 28, 2005, 90 days from the original scheduled date of the final results of these reviews.

This notice is issued and published in accordance with sections 751(c)(5)(B) and (C) of the Act.

Dated: July 20, 2005.
