

in the electronic book would be handled during a trading halt, that orders that improperly lock or cross other markets or that would trade through another ITS market would be cancelled, and the obligations of a market maker in the electronic book.⁴³ Amendment No. 2 also clarifies the definitions of cross and cross with size orders,⁴⁴ incorporates new provisions relating to orders for non-regular way settlement and to a floor member's responsibility to clear the electronic book before sending orders to other markets,⁴⁵ and updates the proposed rule change to reflect the Exchange's recent demutualization.

The Commission believes that the proposed changes in Amendment No. 2 provide a clearer understanding of the operation of the electronic book and raise no new issues of regulatory concern. In addition, the Commission notes that the requirement for clearing the electronic book is consistent with the Exchange's current requirement that floor brokers or market makers clear the specialist's post in securities before sending orders to other markets.⁴⁶ For these reasons, the Commission believes that good cause exists to accelerate approval of Amendment No. 2.
