

section 204 of the Federal Power Act seeking authorization to issue up to 2.6 million in additional shares of common stock, with a par value of \$1.00.

MDU also requests a waiver from the Commission's competitive bidding and negotiated placement requirements at 18 CFR 34.2.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

[Project No. 1962-113]

#### Pacific Gas and Electric Company; Notice Dismissing Complaint

July 25, 2005.

1. On May 31, 2005, the Anglers Committee (Anglers) filed a complaint against Pacific Gas and Electric Company (PG&E), licensee for the Rock Creek-Cresta Project No. 1962, located on the North Fork Feather River in Butte and Plumas Counties, California.<sup>1</sup> On June 21, 2005, PG&E filed an answer to the complaint. On July 13, 2005, Anglers filed a rebuttal to PG&E's answer.

2. The Anglers contend that the Ecological Resource Committee (Committee), created by the licensee,<sup>2</sup> will not allow the public to participate in the meetings (other than to attend and listen) and to have access to Committee documents. The Anglers request that the Commission require PG&E to establish requirements and proceedings for Committee meetings to provide public participation in all matters and access to Committee documents.

3. The Commission's regulations provide that a complaint may be filed seeking Commission action against any person alleged to be "in contravention or violation of any statute, rule, order, or other law administered by the Commission or for any other alleged wrong over which the Commission may have jurisdiction."<sup>3</sup> The regulations further provide that the complaint must [c]learly identify the action or inaction which is alleged to violate applicable statutory standards or regulatory requirements."<sup>4</sup>

<sup>1</sup> The Commission issued PG&E a new license for the Rock Creek-Cresta Project and approved a settlement agreement resolving various project-related issues on October 24, 2001. 97 FERC ¶ 61,084 (2001).

<sup>2</sup> Appendix Condition No. 22 of the license required PG&E to establish the Committee in coordination with the parties to the Settlement Agreement for the purpose of assisting the licensee in the design of monitoring plans, review and evaluation of data, and preparation of adaptive management measures for implementation by the licensee as provided in the Settlement Agreement.

The Anglers previously participated in settlement discussions regarding the relicensing of the project but, as stated in their complaint, they chose not to become signatories to the Settlement Agreement because of their disagreement with certain terms and conditions in the agreement. Members of the Committee are limited to the Settlement Agreement signatories.
