Operators also must keep records that include the notice currently in use and evidence that the operator sent notices, as required, during the previous 3 years. The standards were published in response to a statutory mandate in 49 U.S.C. 60110(c).

This information collection supports the DOT strategic goal of safety by reducing the number of fatalities, the number of injuries, and the amount of property damage.

**SUPPLEMENTARY INFORMATION:** Pursuant to the Privacy Act of 1974 (5 U.S.C. 552a) and the Office of Management and Budget (OMB) Circular No. A-130, the FinCEN has completed a review of its Privacy Act systems of records notices to identify minor changes that will more accurately describe these records.
