## National Highway Traffic Safety Administration

[Docket No. NHTSA 2005-21858]

#### Performance of Advanced Crash Avoidance Systems; Request for Information

**AGENCY:** National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT). **ACTION:** Extension of comment period.

**SUMMARY:** NHTSA has received requests asking us to extend the comment period for the notice requesting information and expressions of interest in the research program on the performance of advanced crash avoidance systems. NHTSA is seeking information from all sources for its Advanced Crash Avoidance Technologies Program (ACAT). The ACAT program seeks to determine the safety impact of new and emerging technologies that are intended to help drivers avoid crashes, reduce their severity, and prevent injuries. To provide interested persons additional time to prepare comments, we are extending the end of the comment period from August 18, 2005, to September 30, 2005. This extension will allow interested persons additional time to provide information.

**DATES:** Responses to this announcement must be received by September 30, 2005.

ADDRESSES: You may submit comments identified by the DOT DMS Docket Number above by any of the following methods:

- Web site: http://dms.dot.gov. Follow the instructions for submitting comments on the DOT electronic docket site.
  - Fax: 1-202-493-2251.
- Mail: Docket Management Facility; U.S. Department of Transportation, 400 Seventh Street, SW., Nassif Building, Room PL-401, Washington, DC 20590.
- Hand Delivery: Room PL-401 on the plaza level of the Nassif Building, 400 Seventh Street, SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Note that all comments received will be posted without change to *http://* 

dms.dot.gov, including any personal information provided. Docket: For access to the docket to read background documents or comments received, go to http://dms.dot.gov at any time or to Room PL-401 on the plaza level of the Nassif Building, 400 Seventh Street, SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

### FOR FURTHER INFORMATION CONTACT:

Raymond Resendes, Office of Vehicle Safety Research, NHTSA, NVS-332, 400 Seventh Street, SW., Washington, DC 20590; telephone: (202) 366–2619, fax: (202) 366–7237.

SUPPLEMENTARY INFORMATION: On July 19, 2005, NHTSA published in the Federal Register (70 FR 41474) a notice requesting information and expressions of interest in the agency's ACAT research program to study the effectiveness of advanced technologies in reducing crashes and their severities. For additional information on the ACAT research program and on the information requested from interested persons, please refer to that notice.

Issued on: August 3, 2005.

# Pipeline and Hazardous Materials Safety Administration

[Docket: RSPA-98-4957]

Request for Public Comments and Office of Management and Budget (OMB) Approval of an Existing Information Collection (2137–0594)

**AGENCY:** Office of Pipeline Safety, Pipeline and Hazardous Materials Safety Administration, Department of Transportation (DOT).

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.), this notice announces that the Information Collection Request (ICR) described below has been forwarded to the Office of Management and Budget (OMB) for extension of currently approved collection. The ICR describes the nature of the information collection and the expected burden. The Federal Register Notice with a 60-day comment period soliciting comments on the following collection of information was published on May 23, 2005, [FR 70, page 29553].

**DATES:** Comments must be submitted on or before September 7, 2005.

ADDRESSES: Send comments to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725–17th Street, NW., Washington, DC 20503, Attention DOT Desk Officer.

#### FOR FURTHER INFORMATION CONTACT:

Florence Hamn, (202) 366–3015, by email at Florence.Hamn@dot.gov.

**SUPPLEMENTARY INFORMATION: Comments** are invited on whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collections; ways to enhance the quality, utility, and clarity of the information to be collected: and ways to minimize the burden of the collection of information on respondents, in including the use of automated collection techniques of other forms of information technology.

Standards in 49 CFR 192.16, "Customer notification," require operators of gas service lines who do not maintain buried customer piping between service lines and building walls or gas utilization equipment to send written notices to their customers of the proper maintenance of this piping and of the potential hazards of not properly maintaining the piping. Operators also have to keep records that include a copy of the notice currently in use and evidence that notices were sent to customers, as required, within the previous 3 years. This rule was issued in response to the statutory mandate in 49 U.S.C. 60113.

This information collection supports the DOT strategic goal of safety by reducing the number of fatalities, the number of injuries, and the amount of property damage from pipeline incidents.

As used in this notice, 'information collection' includes all work related to preparing and disseminating information related to this recordkeeping requirement including completing paperwork, gathering information and conducting telephone calls.

Type of Information Collection Request: Renewal of Existing Collection. Title of Information Collection:

Customer-owned Service Lines.

OMB Approval Number: 2137–0594.

Frequency: A notice is sent once to each customer at a particular location.

Use: This collection is used by gas customers to learn of the need to maintain their buried piping and by OPS and State authorities to review operator compliance.
