NASA Grant and Cooperative Agreement Handbook—Intellectual Property Required Reports and Publications

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Final rule.

SUMMARY: This final rule amends the NASA Grant and Cooperative Agreement Handbook (Handbook) to clarify intellectual property provisions. Provision § 1260.28, "Patent rights" is amended to refer to NASA contractors as "Contractors" and not "Recipients". Provision § 1260.30, "Rights in data" is amended to clarify the definition of the word "data". Provision § 1260.75, "Summary of report requirements", is amended to correct the cross-references to the intellectual property provisions of the Handbook. These changes are administrative in nature. No change is being made to the actual reporting requirements.

DATES: Effective August 9, 2005.

FOR FURTHER INFORMATION CONTACT: Monique Sullivan, NASA Headquarters, Code HK, Washington, DC, (703-553-2560) e-mail: monique.sullivan-1@nasa.gov.

SUPPLEMENTARY INFORMATION:

A. Background

This final rule amends the NASA Grant and Cooperative Agreement Handbook (Handbook) to make three clarifications to intellectual property provisions: (1) Provision § 1260.28, "Patent rights" currently refers to NASA

Contractors as "Recipients". This final rule amends § 1260.28 to refer to NASA contractors as "Contractors" and not "Recipients"; (2) Paragraph (a)(1) of Provision § 1260.30, "Rights in data" is amended to correct previous revisions of the definition of the word "data" to include copyrightable work in which the recipient asserts copyright, or for which copyright ownership was purchased. The words "created under the grant or cooperative agreement" are added to the Provision for clarification; and (3) Intellectual Property provisions are reflected in Provisions § 1260.28, § 1260.30, § 1260.50, § 1260.57, and § 1260.59 of the Handbook. Provision § 1260.75 of the Handbook summarizes the reporting responsibilities of the recipient as are stated in the intellectual property provisions. This final rule amends § 1260.75 to correct the cross-references between the intellectual property provisions and the reporting requirements of § 1260.75.

This is not a significant regulatory action and, therefore, was not subject to review under section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This final rule is not a major rule under 5 U.S.C. 804.

B. Regulatory Flexibility Act

NASA certifies that this final rule will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, because the changes are for clarification only and do not impose additional requirements.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because this final rule does not impose any new recordkeeping or information collection requirements, or collection of information from offerors, contractors, or members of the public that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*
