Office of Refugee Resettlement

AGENCY: Office of Refugee Resettlement, Administration for Children and Families (ACF), Department of Health and Human Services (DHHS).

ACTION: Notice of public comment on the proposed Noncompetitive Single Source Program expansion supplement to the Hebrew Immigrant Aid Society (HIAS).

CFDA#: The Catalog of Federal Domestic Assistance (CFDA) number for this program is 93.576. The title is the Refugee Family Enrichment Program.

SUMMARY: Notice is hereby given that it has been proposed that a noncompetitive single-source program expansion supplement to an ongoing competitive award be made to the Hebrew Immigrant Aid Society (HIAS) in response to an unsolicited application. This application proposes to provide additional training and technical assistance to organizations implementing Refugee Marriage Enrichment projects. The application is not within the scope of any existing or expected to be issued program announcement for the Fiscal Year 2006. HIAS's application is expected to address issues critical to the development and implementation of marriage education programs for refugees by providing valuable on-site training and technical assistance to grantees and sub-grantees that offer marital communication training to refugee couples.

In September of 2003, ORR awarded HIAS a grant of \$200,000 to develop a Refugee Family Enrichment program which included technical assistance to subgrantees. Because of their success in the development of their marriage enrichment program, in 2004 HIAS was awarded a noncompetitive single source program expansion supplement to an ongoing competitive award to expand its Technical Assistance Services Program to Refugee Family Enrichment project sites specified by ORR. HIAS has since provided over 600 hours of technical assistance to project sites operated by organizations across the country. Their technical assistance primarily supports the work of small Mutual Assistance Associations, and

without it, these agencies might struggle to provide refugee clients with the programs they need in order to achieve self sufficiency. The proposed project period is 9/30/2005–9/29/2006.

Technical assistance to support grantees in developing better approaches to the delivery of services provided to refugees is authorized by section 412(c)(1)(A) of the Immigration and Nationality Act (8 U.S.C. 1522(c)(1)).

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the

information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: Drug Abuse Warning Network (OMB No. 0930-0078)—Revision.

The Drug Abuse Warning Network (DAWN) is an ongoing data system that collects information on drug-related medical emergencies as reported from about 350 hospitals nationwide, and drug-related deaths as reported from 6 states and 135 medical examiners/coroner jurisdictions (ME/C) in 35 metropolitan areas. DAWN provides national and metropolitan estimates of substances involved with drug-related emergency department (ED) visits; disseminates information about substances involved in deaths investigated by participating medical examiners and coroners (ME/Cs); tracks drug abuse patterns, trends, and the emergence of new substances; monitors post-market adverse drug incidents; assesses health hazards associated with the use of illicit, prescription, and over-the-counter drugs; and generates information for national and local drug abuse policy and program planning. DAWN data are used by Federal, State, and local agencies, as well as universities, pharmaceutical companies, and the media.

From 2006 to 2008, DAWN will continue to recruit hospitals in the 13 oversampled metropolitan areas in order to improve the precision of estimates, adding approximately 18 hospitals to the sample. In 2007 and 2008, DAWN plans to recruit approximately 20 more ME/Cs from metropolitan areas that are currently profiled by DAWN, but have incomplete participation. DAWN data are submitted electronically, using eHERS (electronic Hospital Emergency Reporting System) and eMERS (electronic Medical Examiner Reporting System). DAWN proposes that all facilities (EDs and ME/Cs) will start using the revised electronic forms for all events occurring from 1/1/2006 forward.

The annual burden estimates are shown below:

ANNUALIZED REPORTING BURDEN FOR DAWN: 2006–2008.

Activity	Number of respondents	Estimated number of responses per respondent	Estimated time per response	Gross burden hours	Burden hours where SAMHSA contractor ¹ conducts data collection	Total adjusted burden
Emergency Departments						
Chart review	350	24,400	2 min	284,667	193,573	91,094
eHERS cases	350	756	10 min	44,100	29,988	14,112
ED activity report	350	12	2 min	140	95	45
Subtotal						105,251
Medical Examiners/Coroners²						
Death records review	104	1538	2.5 min	6,665	705	5,960
eMERS cases	104	111	4 min	770	81	689
ME/C activity report	104	12	2 min	42	4	38
Subtotal						6687
Total	454					111,938

¹ Data collection for 238 EDs and 11 ME/Cs will be conducted by SAMHSA contractor. Because there is no burden associated with these reporters, their hours are deducted from the total burden.

² Some medical examiner/coroner offices report for multiple jurisdictions. For this reason, the number of respondents is smaller than the number of ME/C jurisdictions participating in DAWN.

Send comments to Summer King, SAMHSA Reports Clearance Officer, Room 71–1044, One Choke Cherry Road, Rockville, MD 20857. Written comments should be received within 60 days of this notice.

Dated: August 3, 2005.

Executive Officer, SAMHSA.

FOR FURTHER INFORMATION CONTACT:

Brenda Leckey, Office of Studies and Analysis, Science and Technology Directorate, Department of Homeland Security, Washington, DC 20528, HSSTAC@dhs.gov, 202–254–5041.

SUPPLEMENTARY INFORMATION: Notice of this meeting is given under the Federal Advisory Committee Act (FACA), Pub. L. 92–463, as amended (5 U.S.C. App. 1 *et seq.*). The HSSTAC will meet for purposes of: (1) Identifying how DHS Science and Technology Directorate portfolios are designed to meet DHS objectives; (2) receiving a report from the Under Secretary for Science and Technology on how the prior year’s HSSTAC recommendations are being/will be implemented; (3) receiving a report from the Under Secretary of Science and Technology on the planned

Department reorganization and priorities; and (4) receiving subcommittee reports.

Specifically, the HSSTAC will receive briefings from the Science and Technology Directorate’s Portfolio Managers identifying how the Portfolios are designed to meet DHS objectives (utilizing threat assessments, user requirements, filling capability needs, reducing vulnerabilities). The HSSTAC will then review the results of its subcommittees’ activities undertaken since the last quarterly meeting in May 2005, and discuss any proposed subcommittee recommendations. The Committee will also receive a report from the Under Secretary detailing proposed actions and actions currently being taken by the Directorate as a result of the recommendations contained in the HSSTAC annual report to the Under Secretary and Congress. And lastly, the Committee will review past subcommittee activities, discuss areas of interest for future subcommittee activities, and dispense subcommittee assignments for the annual report to Congress due in January.

In accordance with section 10(d) of the Federal Advisory Committee Act, Public Law 92–463, as amended (5 U.S.C. App. 1 *et seq.*) and pursuant to the authority delegated to him by the Secretary in DHS Management Directive 2300, the Under Secretary for Science and Technology has determined that this HSSTAC meeting will address: Matters that would disclose investigative techniques and procedures
