Lands' End, a Subsidiary of Sears Roebuck and Company, Business Outfitters CAD Operations, Dodgeville, WI; Notice of Negative Determination on Reconsideration

On June 6, 2005, the Department issued an Affirmative Determination Regarding Application for

Reconsideration for the workers and former workers of the subject firm. The notice was published in the **Federal Register** on June 20, 2005 (70 FR 35456).

The Department denied Trade Adjustment Assistance (TAA) and Alternative Trade Adjustment Assistance (ATAA) to workers of Lands' End, a Subsidiary of Sears Roebuck and Company, Business Outfitters CAD Operations, Dodgeville, Wisconsin, because the workers' separations were not due to a shift of production overseas or increased imports of articles, but due to the subject company's decision to move computer assisted design operations abroad. The subject worker group is engaged in computerizing

embroidery and logo designs which are utilized by the production division of Lands' End, also located in Dodgeville, Wisconsin. Workers in the Business Outfitters CAD Operations are separately identifiable from those workers who produce embroidered goods (clothing, tote bags, etc.) at Lands' End, Dodgeville, Wisconsin.

In the request for reconsideration, the petitioners alleged that workers produce an article (digitized embroidery designs), that digitized embroidery design production shifted overseas, and that imports of digitized embroidery design increased.

During the reconsideration investigation, the Department contacted the petitioners and Lands' End officials
