An applicant for late initial registration must file an application for late registration within 60 days of the expiration or termination of the above-described conditions. 8 CFR 244.2(g). All late initial registration applications for TPS pursuant to the TPS extension of Liberia should be submitted to the USCIS lockbox address listed above.

What Happens When This Extension of TPS Expires on October 1, 2006?

At least 60 days before this extension of the TPS designation for Liberia expires on October 1, 2006, the Secretary of Homeland Security, after consultation with appropriate agencies of the Government, will review conditions in Liberia and determine whether the conditions for this TPS designation continue to be met at that time, or whether the TPS designation should be terminated. 8 U.S.C. 1254a(b)(3). Notice of that determination, including the basis for the determination, will be published in the **Federal Register**.

Notice of Extension of Designation of TPS for Liberia

By the authority vested in the Secretary of Homeland Security under sections 244(b)(3)(A) and (b)(3)(C) of the Act, DHS has determined, after consultation with the appropriate Government agencies, that the conditions that prompted designation of Liberia for TPS continue to be met. Accordingly, DHS orders as follows:

(1) The designation of Liberia under section 244(b)(1)(C) of the Act is extended for an additional 12-month period from October 1, 2005, to October 1, 2006. 8 U.S.C. 1254a(b)(3)(C).

(2) There are approximately 3,792 nationals of Liberia (or aliens having no nationality who last habitually resided in Liberia) who have been granted TPS and who are eligible for re-registration.

(3) To maintain TPS, a national of Liberia (or an alien having no nationality who last habitually resided in Liberia) who was granted TPS during the current designation must re-register

for TPS during the 60-day re-registration period from August 16, 2005 until October 17, 2005.

(4) To re-register, the alien must file the following: (1) Form I-821, Application for Temporary Protected Status, without fee; (2) Form I-765, Application for Employment Authorization; and (3) a biometric services fee of \$70 if the alien is age 14 or older, or if the alien is under age 14 and requesting an EAD. Applications submitted without the required fees will be returned to the applicant. If the alien requests an EAD, he or she must submit \$175 or a properly documented fee waiver request, pursuant to 8 CFR 244.20, with the Form I-765. An alien who does not request employment authorization must still file Form I-765 along with Form I-821, but he or she is not required to submit the fee or a fee waiver request for filing Form I-765. Failure to re-register without good cause will result in the withdrawal of TPS. 8 U.S.C. 1254a(c)(3)(C). Aliens who have previously registered for TPS but whose applications remain pending should follow these instructions to renew temporary treatment benefits. Some persons who had not previously applied for TPS may be eligible for late initial registration under 8 CFR 244.2.

(5) At least 60 days before this extension ends on October 1, 2006, the Secretary of Homeland Security, after consultation with appropriate agencies of the Government, will review the designation of Liberia for TPS and determine whether the conditions for designation continue to be met. 8 U.S.C. 1254a(b)(3)(A). Notice of that determination, including the basis for the determination, will be published in the **Federal Register**. *Id.*

(6) Information concerning the extension of designation of Liberia for TPS will be available at local USCIS offices upon publication of this Notice and on the USCIS Web site at <http://www.uscis.gov>.

ACTION: Request for comments; notice of public meeting.

SUMMARY: In accordance with the requirements in Title 33 Code of Federal Regulations (CFR), Section 127.009, the U.S. Coast Guard Captain of the Port (COTP) Long Island Sound, is preparing a Letter of Recommendation as to the suitability of Long Island Sound for liquefied natural gas (LNG) marine traffic. This Letter of Recommendation will encompass the marine safety and security aspects associated with the proposed Broadwater LNG facility. The letter of recommendation is in response to a Letter of Intent submitted by Broadwater Energy, a joint venture of Shell Oil and TransCanada Corporation, to construct and operate an offshore floating, storage and regasification unit (FSRU) for liquefied natural gas (LNG) in the New York State waters of Long Island Sound. Because the proposed facility would be located in state waters, the Federal Energy Regulatory

Commission (FERC) is the lead Federal agency for this proposed project. The COTP Long Island Sound is soliciting written comments and related material, and will join FERC at four public meetings seeking comments, pertaining specifically to maritime safety and security aspects of the proposed LNG facility. In preparation for issuance of a letter of recommendation and the completion of certain other regulatory mandates, the COTP Long Island Sound will consider comments received from the public as input into the Coast Guard's assessment of potential waterway safety and port security issues associated with the proposed facility.

DATES: All written comments and related material must reach the Coast Guard on or before October 7, 2005. In addition, four public meetings will be held regarding this proposal, on the following dates and locations:

- September 13, 2005, at Stony Brook University, Charles B. Wang Center, RT 25A, Stony Brook, NY;
- September 14, 2005, at Shoreham-Wading River Middle School (Albert Prodell Middle School), 100 Randall Road, Shoreham, NY;

- September 21, 2005, at Branford High School, 185 East Main Street, Branford, CT;

All four public meetings will be held from 7 p.m. to 10 p.m. The comment period associated with the public meeting will remain open until October 7, 2005.
