**NOTIFICATION PROCEDURE:**

An individual can determine if this system contains a record about him/her by contacting the most convenient Social Security field office and providing his/her name, SSN or other information that may be in the system of records that will identify him/her. An individual requesting notification of records in person should provide the same information, as well as provide an identity document, preferably with a photograph, such as a driver's license or some other means of identification, such as a voter registration card, credit card, etc. If an individual does not have any identification documents sufficient to establish his/her identity, the individual must certify in writing that he/she is the person claimed to be and that he/she understands that the knowing and willful request for, or acquisition of, a record pertaining to another individual under false pretenses is a criminal offense.

If notification is requested by telephone, an individual must verify his/her identity by providing identifying information that parallels the record to which notification is being requested. If it is determined that the identifying information provided by telephone is insufficient, the individual will be required to submit a request in writing or in person. If an individual is requesting information by telephone on behalf of another individual, the subject individual must be connected with SSA

and the requesting individual in the same phone call. SSA will establish the subject individual's identity (his/her name, SSN, address, date of birth and place of birth along with one other piece of information such as mother's maiden name) and ask for his/her consent in providing information to the requesting individual.

If a request for notification is submitted by mail, an individual must include a notarized statement to SSA to verify his/her identity or must certify in the request that he/she is the person claimed to be and that he/she understands that the knowing and willful request for, or acquisition of, a record pertaining to another individual under false pretenses is a criminal offense. These procedures are in accordance with SSA Regulations (20 CFR 401.40).

**RECORD ACCESS PROCEDURES:**

Same as notification procedures. Also, requesters should reasonably specify the record contents they are seeking. An individual may also have access to certain program debt management data via Internet queries when he or she is authorized by SSA to conduct business transactions electronically using a personal identification number (PIN) and password. Using a PIN and password individuals may obtain information such as the reason for the program debt, the amount owed on the debt, how much has been withheld from the last check to cover the debt, and the same information about their next check. These procedures are in accordance with SSA Regulations (20 CFR 401.40(c)).
