AGENCY: National Institute of Standards and Technology, United States Department of Commerce.

ACTION: Final rule.

SUMMARY: The Director of the National Institute of Standards and Technology (NIST), United States Department of Commerce, and the Director of the United States Patent and Trademark Office (USPTO), United States Department of Commerce, are amending the rules that implement the Fastener Quality Act of 1999 to provide that all documents submitted in connection with the recordal of fastener insignia must be mailed to a particular postal box maintained by United States Patent and Trademark Office.

SUPPLEMENTARY INFORMATION:

Background

The Fastener Quality Act of 1999, Public Law 101-592 (as amended by Pub. L. 104-113, Pub. L. 105-234 and Pub. L. 106-34) requires the Secretary of Commerce to establish a program for the recordation of the identifying insignia of certain fasteners. The rules set forth at Subpart D of 15 CFR 280.300 *et seq.* accordingly provide for a recordation system, and that system is maintained at the United States Patent and Trademark Office (USPTO). One of the rules, 15 CFR 280.310(d), provides that all documents pertaining to recordation must be mailed to a particular postal box maintained by the USPTO in Washington, DC.

The efficiency of the insignia recordation program will be enhanced if documents submitted in connection

with the program are mailed to a postal box that is close to the USPTO's headquarters in Alexandria, Virginia. Accordingly, Section 280.310(d) is amended to provide that these documents be mailed to that postal box.

This final rule amends section 280.30, Application for Insignia, to identify the postal box to which all documents pertaining to recordation should be sent.
