SUPPLEMENTARY INFORMATION:

Title: National Ferry Database.

Background: The Transportation Equity Act for the 21st Century (TEA-21) (Pub. L. 105-178), section 1207(c), directed the Secretary of Transportation to conduct a study of ferry transportation in the United States and its possessions. In 2000, the Federal Highway Administration (FHWA) Office of Intermodal and Statewide Planning conducted a survey of approximately 250 ferry operators to identify: (1) Existing ferry operations including the location and routes served; (2) source and amount, if any, of funds derived from Federal, State, or local governments supporting ferry construction or operations; (3) potential domestic ferry routes in the United States and its possessions and to develop information on those routes; and (4) potential for use of high speed ferry services and alternative-fueled ferry services. The Safe, Accountable, Flexible Efficient Transportation Equity Act—A Legacy for Users (SAFETEA-LU; H.R. 3, Section 1801(e)) requires that the Secretary, acting through the BTS, shall establish and maintain a national ferry database containing current information regarding routes, vessels, passengers and vehicles carried, funding sources and such other information as the Secretary considers useful.

The new data collection will rely on a written survey and telephone follow-up. An electronic version of the questionnaire will also be available to respondents on request. Data will be collected from the entire population of ferry operators (estimate 300 or less). Before the survey begins, the Passenger Vessel Association will mail letters to its respective members advising them of the purpose of the survey and encouraging their participation. The survey will request the respondents to provide information such as: (1) The points served; (2) the amount and source of Federal, State, and/or local funds used in the past 24 months; (3) the type of ownership; (4) the number of passengers and vehicles carried in the past 12 months; (5) any new routes expected to be added within the next five years; and (6) the highways that are connected by the ferries.

Respondents: The target population for the survey will be all of the

approximately 300 operators of existing ferry services in the United States.

Estimated Average Burden per Response: The burden per respondent is estimated to be an average of 20 minutes. This average is based on an estimate of 10 minutes to answer new questions and an additional 5-15 minutes to review (and revise as needed) previously submitted data.

Estimated Total Annual Burden: The total annual burden is estimated to be 100 hours (that is 20 minutes per respondent for 300 respondents equals 6,000 minutes or 100 hours).

Frequency: This survey will be updated every other year.

Public Comments Invited: Interested parties are invited to send comments regarding any aspect of this information collection, including, but not limited to: (1) The necessity and utility of the information collection for the proper performance of the functions of the DOT; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the collected information; and (4) ways to minimize the collection burden without reducing the quality of the collected information. Comments submitted in response to this notice will be summarized and/or included in the request for OMB's clearance of this information collection.

Authority: The Transportation Equity Act for the 21st Century, (Pub. L. 105-178), section 1207(c) and H.R. 3, The Safe, Accountable, Flexible Efficient Transportation Equity Act—A Legacy for Users (SAFETEA-LU) 2005 and 49 CFR 1.46.

Issued in Washington, DC on the 24th day of August, 2005.

Arkansas Midland Railroad Company, Inc.—Lease and Operation Exemption—Union Pacific Railroad Company

Arkansas Midland Railroad Company, Inc. (AKMD),¹ a Class III rail carrier, has

¹ AKMD is a wholly owned subsidiary of Pinsky Railroad Company, a noncarrier holding company which also controls four other Class III rail carriers in Florida and Massachusetts. See *Pinsky Railroad Company—Continuance in Control Exemption—Arkansas Midland Railroad Company Inc.*, Finance Docket No. 32001 (ICC served Mar. 6, 1992).

filed a verified notice of exemption under 49 CFR 1150.41, *et seq.*, to lease from Union Pacific Railroad Company (UP), and operate, UP's: (1) Cypress Bend Industrial Lead, between milepost 407.5 at McGehee, AR, and milepost 399.7 at Cypress Bend, AR; and (2) Potlatch Spur, between milepost 0.0 (milepost 399.7 on the Cypress Bend Industrial Lead), and approximately milepost 3.4 at the connection with the industrial trackage of Potlatch Corporation's Cypress Bend Mill, near Arkansas City, AR (Cypress Bend Line), a total distance of approximately 11.2 miles.

AKMD will also lease the yard at the east end of the Potlatch Spur and, except for yard tracks 001 and 002, the remainder of McGehee Yard that it does not already lease. Further, AKMD will obtain restated incidental bridge trackage rights over UP's rail line between milepost 406.5 at McGehee and milepost 415.26 at Dermott, AR, to allow the movement of through traffic between the Cypress Bend Line/McGehee Yard and the Warren Line (a UP line between Dermott, AR, that AKMD leased in 2004), a distance of approximately 8.76 miles.²

AKMD certifies that its projected revenues as a result of this transaction will not result in the creation of a Class II or Class I rail carrier. Because AKMD's projected annual revenues will exceed \$5 million, AKMD has certified to the Board on June 9, 2005, that the required notice of the transaction was posted at the workplace of the employees on the affected line on June 3, 2005, and was sent to the national offices of the labor unions representing employees on the line. *See* 49 CFR 1150.42(e).

The transaction was scheduled to be consummated on or shortly after August 8, 2005.

If the verified notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction.

An original and 10 copies of all pleadings, referring to STB Finance Docket No. 34714, must be filed with the Surface Transportation Board, 1925 K Street, NW., Washington, DC 20423-0001. In addition, a copy of each pleading must be served on William C. Sippel, 29 North Wacker Drive, Suite 920, Chicago, IL 60606-2832.

² AKMD indicates that it expects to execute an agreement shortly with UP to provide for AKMD's lease of the Cypress Bend Line.

Decided: August 22, 2005.
