SUPPLEMENTARY INFORMATION:

I. Abstract

Public Law 97-446, as amended by Public Law 103-465, Public Law 106-36 and Public Law 108-429, requires the Departments of Commerce and the Interior to administer the distribution of watch duty-exemptions and watch and jewelry duty-refunds to program producers in the U.S. insular possessions and the Northern Mariana Islands. The primary consideration in collecting information is the enforcement of the laws and the information gathered is limited to that necessary to prevent abuse of the program and to permit a fair and equitable distribution of its benefits. Form ITA-334P is the principal program form used for recording operational data which are the bases for determining program entitlements and their distribution among the producers. This form also serves as the producer's application to the Departments for these entitlements. The form is completed biannually by watch and jewelry manufacturers. We propose modifying the form and the title of the form due to the passage of Public Law 106-36 and Public Law 108-429. Also, due to the passage of Public Law 108-429, new paperwork requirements need to be added to Form ITA-334P. Without the additional data, it would not be possible to calculate the further benefits mandated by law.

II. Method of Collection

The Department of Commerce sends Form ITA-334P to each watch and jewelry producer biannually. A company official completes the form

and returns it to the Department of Commerce.

IV. Request for Comments

Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and costs) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or forms of information technology.

Certain Cut-to-Length Carbon Steel Plate From Romania: Preliminary Results of the Antidumping Duty Administrative Review and Partial Rescission

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

administrative review of the antidumping duty order on Certain Cut-to-Length Carbon Steel Plate from Romania. The period of the period August 1, 2003, to July 31, 2004. We preliminarily determine that sales of subject merchandise by Ispat Sidex, S.A. (now known as Mittal Steel Galati, S.A. ("MS Galati"))¹ have been made below normal value ("NV"). If these preliminary results are adopted in our final results, we will instruct U.S. Customs and Border Protection ("CBP") to assess antidumping duties on appropriate entries. Interested parties are invited to comment on these preliminary results. Parties that submit comments are requested to submit with each argument (1) a statement of the issue(s), and (2) a brief summary of the argument(s). We will issue the final results no later than 120 days from the publication of this notice.

EFFECTIVE DATE: September 8, 2005.

FOR FURTHER INFORMATION CONTACT: Patrick Edwards, John Drury or Abdelali Elouaradia at (202) 482-8029, (202) 482-0195, and (202) 482-1374, respectively; AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On August 3, 2004, the Department published a notice of opportunity to request an administrative review of the antidumping duty order on certain cut-to-length carbon steel plate from Romania for the period of August 1, 2003, through July 31, 2004. See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity To Request Administrative Review*, 69 FR 46496 (August 3, 2004). On August 31, 2004, the Department received four timely requests for an administrative review of this order. The Department received a timely request from the International Steel Group, Inc. ("ISG"), a domestic interested party, requesting that the Department conduct an administrative review of shipments exported to the United States from the following Romanian plate producers/exporters: (1) MS Galati, (2) Metalexportimport, S.A. ("MEI"), (3) Metanef, S.A. ("Metanef"), and (4) Combinatul de Oteluri Speciali

Tirgoviste ("COST"). In addition, the Department received a timely request from MS Galati and Ispat North America Inc. ("INA"), an exporter and U.S. affiliated importer of subject merchandise (collectively "respondents"), requesting that the Department conduct an administrative review of subject merchandise exported to the United States from producer MS Galati. Also, the Department received a timely request on behalf of IPSCO Steel Inc. ("IPSCO"), a domestic producer, requesting that the Department conduct an administrative review of subject merchandise produced by MS Galati and exported from Romania by MEI. Finally, the Department received a timely request on behalf of Nucor Corporation, a domestic producer, requesting that the Department conduct an administrative review of subject merchandise exported by the following Romanian plate producers/exporters: (1) MS Galati, (2) MEI, (3) CSR SA Resita ("CSR"), and (4) MINMET, S.A. ("MINMET").

On September 22, 2004, the Department initiated an administrative review of the antidumping duty order on certain cut-to-length carbon steel plate from Romania, for the period covering August 1, 2003, through July 31, 2004, to determine whether merchandise imported into the United States is being sold at less than NV. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 69 FR 56745 (September 22, 2004) ("Notice of Initiation").

On September 24, 2004, the Department issued antidumping duty questionnaires to the six above-referenced Romanian companies. On October 4, 2004, the Department received a letter from Metanef stating that it made no shipments of subject merchandise to the United States during the POR. On October 8, 2004, MINMET submitted a letter stating that it has never shipped subject merchandise to the United States, including during the POR. On May 12, 2005, the Department received a letter from COST stating that it did not produce or make shipments of subject merchandise during the POR. On August 3, 2005, Nucor submitted a letter withdrawing its request for review of CSR. With regard to Metanef, CSR, COST, and MINMET, we intend to rescind this review based on the receipt of a withdrawal of request for a review and/or notification of no shipments made during the POR. For a full discussion of the intent to rescind with respect to these companies, see the "Notice of Intent to Rescind in Part" section of this notice below.

¹ On June 21, 2005, we determined that MS Galati was the successor-in-interest to Ispat Sidex, S.A. See *Final Results of Changed Circumstances Antidumping Duty Administrative Review: Certain Cut-to-Length Carbon Steel Plate from Romania*, 70 FR 35624 (June 21, 2005).
