ENVIRONMENTAL PROTECTION AGENCY

[FRL-7970-5]

Science Advisory Board Staff Office; Clean Air Scientific Advisory Committee (CASAC); CASAC Ozone Review Panel; Notification of Public Advisory Committee Meeting (Teleconference)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA or Agency) Science Advisory Board (SAB) Staff Office announces a public teleconference of the Clean Air Scientific Advisory Committee (CASAC) Ozone Review Panel (Panel) to conduct a consultation on EPA's draft Ozone Environmental Assessment Plan: Scope and Methods for Exposure, Risk and Benefits Assessment (August 2005).

DATES: The teleconference meeting will be held on October 3, 2005, from 1 to 4 p.m. (Eastern Time).

FOR FURTHER INFORMATION CONTACT: Any member of the public who wishes to obtain the teleconference call-in numbers and access codes; would like to submit written or brief oral comments; or wants further information concerning this teleconference meeting, should contact Mr. Fred Butterfield, Designated Federal Officer (DFO), EPA Science Advisory Board (1400F), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; via telephone/voice mail: (202) 343-9994; fax: (202) 233-0643; or e-mail at: butterfield.fred@epa.gov. General information concerning the CASAC or the EPA SAB can be found on the EPA Web site at: <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION:

Background: Under section 108 of the Clean Air Act (CAA or Act), the Agency is required to establish National Ambient Air Quality Standards (NAAQS) for each pollutant for which EPA has issued criteria, including ozone (O₃). Section 109(d) of the CAA subsequently requires periodic review and, if appropriate, revision of existing air quality criteria and standards to reflect advances in scientific knowledge on the effects of the pollutant on public health and welfare. The Agency revised the NAAQS for O₃ in July 1997. EPA's Office of Research and Development (ORD) released a draft updated air quality criteria document for O₃ (draft Ozone AQCD) in January 2005. The CASAC Ozone Review Panel met in a

public meeting to conduct a peer review on this draft Ozone AQCD on May 4-5, 2005. EPA's Office of Air Quality Planning and Standards (OAQPS), within the Office of Air and Radiation (OAR), is in the process of developing a draft updated Staff Paper for O₃ as part of its review of the O₃ NAAQS. This draft Staff Paper will evaluate the policy implications of the key scientific and technical information contained in the draft Ozone AQCD and identify critical elements that EPA believes should be considered in the review of the O₃ NAAQS. The O₃ Staff Paper is intended to "bridge the gap" between the scientific review contained in the Ozone AQCD and the public health and welfare policy judgments required of the EPA Administrator in reviewing the O₃ NAAQS. OAQPS has developed a draft Ozone Environmental Assessment Plan, which outlines the scope, approaches, and key issues in estimating vegetation exposure, risk, and impacts on economic values posed by O₃.

EPA is soliciting advice and recommendations from the CASAC, by means of a consultation on the draft Ozone Environmental Assessment Plan, on the overall scope, approaches, and key issues in advance of the completion of such analyses and presentation of results in the draft O₃ Staff Paper. The CASAC, which is comprised of seven members appointed by the EPA Administrator, was established under section 109(d)(2) of the Clean Air Act (CAA or Act) (42 U.S.C. 7409) as an independent scientific advisory committee, in part to provide advice, information and recommendations on the scientific and technical aspects of issues related to air quality criteria and national ambient air quality standards (NAAQS) under sections 108 and 109 of the Act. The CASAC is a Federal advisory committee chartered under the Federal Advisory Committee Act (FACA), as amended, 5 U.S.C., App. The CASAC Ozone Review Panel complies with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

Technical Contact: Any questions concerning the draft Ozone Environmental Assessment Plan should be directed to Ms. Vicki Sandiford, OAQPS, at phone: (919) 541-2629, or e-mail: sandiford.vicki@epa.gov.

Availability of Meeting Materials

The draft Ozone Environmental Health Assessment Plan can be accessed via the Agency's Technology Transfer Network (TTN) Web site at: http://www.epa.gov/ttn/naaqs/standards/ozone/s_o3_index.html under "Planning Documents." In addition, a
