[STB Finance Docket No. 34750]

**Browns, Grayville & Poseyville Railway Company—Acquisition and Operation Exemption—Owensville Terminal Company, Inc.**

Browns, Grayville & Poseyville Railway Company (BG&P), a noncarrier, has filed a verified notice of exemption under 49 CFR 1150.31 to acquire and operate approximately 22.5 miles of rail line owned by Owensville Terminal Company, Inc. (OTC) in Edwards and White Counties, IL, and Gibson and Posey Counties, IN. The line runs between milepost 205.0 at or near Browns, IL, and milepost 227.5 at or near Poseyville, IN.

On February 25, 1998, a decision and notice of interim trail use or abandonment (NITU) was served in *Owensville Terminal Company, Inc.—Abandonment Exemption—In Edwards and White Counties, IL and Gibson and Posey Counties, IN*, STB Docket No. AB-477 (Sub No. 3X), establishing a 180-day period under the National Trails System Act, 16 U.S.C. 1247(d), for OTC to negotiate an interim trail use/rail banking agreement for the line. Trail negotiations were successful and an agreement was reached between OTC and Indiana Trails Fund, Inc. within the prescribed period. OTC has subsequently entered into an agreement with BG&P whereby, for value, OTC has conveyed its right to reinstitute rail service on the line to BG&P. BG&P now wishes to reactivate service over the line.<sup>1</sup>

BG&P certifies that its projected revenues as a result of this transaction will not result in the creation of a Class II or Class I rail carrier, and that its annual revenues will not exceed \$5 million.

The transaction was expected to be consummated on or after September 1, 2005, the effective date of the exemption (7 days after the exemption was filed).

If the notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction.

<sup>1</sup> BG&P simultaneously filed a petition to vacate the NITU issued in *Owensville Terminal Company, Inc.—Abandonment Exemption—in Edwards and White Counties, IL and Gibson and Poseyville Counties, IN*, STB Docket No. AB-477 (Sub. No. 3X) (STB served Feb. 25, 1998). The petition will be addressed by the Board in a separate decision.

An original and 10 copies of all pleadings, referring to STB Finance Docket No. 34750, must be filed with the Surface Transportation Board, 1925 K Street, NW., Washington, DC 20423-0001. In addition, one copy of each pleading must be served on Thomas F. McFarland, 208 South La Salle Street, Suite 1890, Chicago, IL 60604.

Board decisions and notices are available on our Web site at <http://www.Stb.Dot.Gov>.

Decided: September 9, 2005.

By the Board, David M. Konschnik, Director, Office of Proceedings.

**BILLING CODE 4915-01-P**

**DEPARTMENT OF VETERANS AFFAIRS****Privacy Act of 1974; System of Records**

**AGENCY:** Department of Veterans Affairs (VA).

**ACTION:** Notice of amendment to system of records.

**SUMMARY:** As required by the Privacy Act of 1974, 5 U.S.C. 552a(e), notice is hereby given that the Department of Veterans Affairs (VA) is amending the system of records currently entitled “The Revenue Program—Billing and Collections Records-VA” (114VA16) as set forth in the **Federal Register** 69 FR 4205. VA is amending the system of records by revising the Categories of Records in the System, Purpose and Routine Uses of Records Maintained in the System. VA is republishing the system notice in its entirety.

**DATES:** Comments on the amendment of this system of records must be received no later than October 20, 2005. If no public comment is received, the amended system will become effective October 20, 2005.

**ADDRESSES:** Written comments concerning the proposed amended system of records may be submitted by: mail or hand-delivery to Director, Regulations Management (00REG1), Department of Veterans Affairs, 810 Vermont Avenue, NW., Room 1068, Washington, DC 20420; fax to (202) 273-9026; or e-mail to [VAregulations@mail.va.gov](mailto:VAregulations@mail.va.gov). All comments received will be available for public inspection in the Office of Regulation Policy and Management, Room 1063B, between the hours of 8 a.m. and 4:30 p.m., Monday through

Friday (except holidays). Please call (202) 273-9515 for an appointment.

**FOR FURTHER INFORMATION CONTACT:** Veterans Health Administration (VHA) Privacy Act Officer, Department of Veterans Affairs, 810 Vermont Avenue, NW., Washington, DC 20420; telephone (727) 320-1839.

**SUPPLEMENTARY INFORMATION:** VA is amending “The Revenue Program—Billing and Collections Records-VA” (114VA16) to allow for the collection of the National Provider Identifier (NPI) of healthcare providers in order for the NPI to be submitted on claims for payment of healthcare services provided by VA. The Categories of Records in the System is amended to add the NPI to the other demographic data collected on healthcare providers. Purpose(s) is amended to reflect how the data may be used to make application for a NPI, as required under the Health Insurance Portability and Accountability Act (HIPAA) Administrative Simplification Rule on Standard Unique Health Identifier for Healthcare Providers which includes participation in pilot testing of NPI enumeration system by the Centers for Medicare and Medicaid Services (CMS).

We are proposing to amend and establish the following Routine Use disclosure of information maintained in the system:

Routine Use ten (10) is amended to add NPI to the list of healthcare provider demographic data that may be disclosed to a third party where the third party requires the Department provide that information before it will pay for medical care provided by VA.

Routine Use thirteen (13) is amended to replace “Patient identifying information may be disclosed” to “Relevant information may be disclosed.” Identifying information on a spouse sometimes must be disclosed to a third party payer in order for VA to be reimbursed for services.

A new Routine Use seventeen (17) is added. Provider identifying information may be disclosed from this System of Records to CMS to test the enumeration system for the NPI and, once the system is operational, to obtain a NPI for any eligible healthcare professional providing examination or treatment within VA healthcare facilities.

VA needs the NPI to be able to bill for services provided by the healthcare provider.

The Privacy Act permits VA to disclose information about individuals without their consent for a routine use when the information will be used for a purpose that is compatible with the purpose for which we collected the

information. In all of the routine use disclosures described above, the recipient of the information will use the information in connection with a matter relating to one of VA's programs, will use the information to provide a benefit to VA, or disclosure is required by law.

The Report of Intent to Amend a System of Records Notice and an advance copy of the system notice have been sent to the appropriate Congressional committees and to the Director of the Office of Management and Budget (OMB) as required by 5 U.S.C. 552a(r) (Privacy Act) and guidelines issued by OMB (65 FR 77677), December 12, 2000.

Approved: September 1, 2005.

*Deputy Secretary of Veterans Affairs.*

**POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:**

**STORAGE:**

Records are maintained on paper or electronic media.

**RETRIEVABILITY:**

Records are retrieved by name, social security number or other assigned identifier of the individuals on whom they are maintained, or by specific bill number assigned to the claim of the individuals on whom they are maintained.

**SAFEGUARDS:**

1. Access to VA working and storage areas is restricted to VA employees on a "need-to-know" basis; strict control measures are enforced to ensure that disclosure to these individuals is also based on this same principle. Generally, VA file areas are locked after normal duty hours and the facilities are

protected from outside access by the Federal Protective Service or other security personnel.

2. Information in VistA may only be accessed by authorized VA personnel. Access to file information is controlled at two levels. The systems recognize authorized personnel by series of individually unique passwords/codes as a part of each data message, and personnel are limited to only that information in the file, which is needed in the performance of their official duties. Information that is downloaded from VistA and maintained on personal computers is afforded similar storage and access protections as the data that is maintained in the original files. Access to information stored on automated storage media at other VA locations is controlled by individually unique passwords/codes. Access by Office of Inspector General (OIG) staff conducting an audit, investigation, or inspection at the healthcare facility, or an OIG office location remote from the healthcare facility, is controlled in the same manner.

3. Information downloaded from VistA and maintained by the OIG headquarters and Field Offices on automated storage media is secured in storage areas for facilities to which only OIG staff have access. Paper documents are similarly secured. Access to paper documents and information on automated storage media is limited to OIG employees who have a need for the information in the performance of their official duties. Access to information stored on automated storage media is controlled by individually unique passwords/codes.

4. Access to the VA Austin Automation Center (AAC) is generally restricted to AAC employees, custodial personnel, Federal Protective Service and other security personnel. Access to computer rooms is restricted to authorized operational personnel through electronic locking devices. All other persons gaining access to computer rooms are escorted. Information stored in the AAC databases may be accessed.

5. Access to records maintained at the VA Allocation Resource Center (ARC) and the VISN Offices is restricted to VA employees who have a need for the information in the performance of their official duties. Access to information stored in electronic format is controlled by individually unique passwords/codes. Records are maintained in manned rooms during working hours. The facilities are protected from outside access during non-working hours by the Federal Protective Service or other security personnel.

**RETENTION AND DISPOSAL:**

Paper records and information stored on electronic storage media are maintained and disposed of in accordance with records disposition authority approved by the Archivist of the United States.

**SYSTEM MANAGER(S) AND ADDRESS:**

The official responsible for policies and procedures is the Chief Business Officer, Chief Business Office (16), Department of Veterans Affairs, 810 Vermont Avenue, NW., Washington, DC 20420. The local officials responsible for maintaining the system are the Director of the facility where the individual is or was associated.

**NOTIFICATION PROCEDURE:**

An individual who wishes to determine whether a record is being maintained in this system under his or her name or other personal identifier, or wants to determine the contents of such record, should submit a written request or apply in person to the last VA healthcare facility where care was rendered. Addresses of VA healthcare facilities may be found in VA Appendix 1 of the biennial publication of VA Privacy Act Issuances. All inquiries must reasonably identify the place and approximate date that medical care was provided. Inquiries should include the patient's full name, social security number, insurance company information, policyholder and policy identification number as well as a return address.

**RECORD ACCESS PROCEDURE:**

Individuals seeking information regarding access to and contesting of records in this system may write, call or visit the VA facility location where they were treated.

**CONTESTING RECORD PROCEDURES:**

**RECORD SOURCE CATEGORIES:**

The patient, family members or guardian, and friends, employers or other third parties when otherwise unobtainable from the patient or family; health insurance carriers; private medical facilities and healthcare professionals; state and local agencies; other Federal agencies; VA regional offices; Veterans Benefits Administration automated record systems, including Veterans and Beneficiaries Identification and Records Location Subsystem-VA (38VA23) and the Compensation, Pension, Education and Rehabilitation Records-VA (58VA21/22); and various automated systems providing clinical and

managerial support at VA healthcare facilities to include Health Care Provider Credentialing and Privileging
