

Parking areas in 2 to 3 areas would be established or modified.

Possible Alternatives

Preliminary alternatives which have been identified include the proposed action and the no action alternatives.

Responsible Official

David T. Bull, Forest Supervisor, Bitterroot National Forest, 1801 N. First, Hamilton, MT 59840.

Nature of Decision To Be Made

The Responsible Official will determine whether or not to proceed with the proposed project activities.

Scoping Process

Comments will be accepted during the 30-day scoping period as described in this notice of intent. To assist in commenting, a scoping letter providing more detailed information on the project proposal has been prepared and is available to interested parties. Contact Chuck Oliver, Darby District Ranger at the address listed in this notice of intent if you would like to receive a copy. An open house in Darby, Montana is planned on October 12, 2005 in Darby, Montana. This will be an opportunity for you to interact with team members to clarify the proposed project.

Preliminary Issues

Impacts to the viewshed from the town of Darby.

Comment Requested

This notice of intent initiates the scoping process which guides the development of the environmental impact statement.

Early Notice of Importance of Public Participation in Subsequent Environmental Review

The comment period on the draft environmental impact statement will be 45 days from the date the Environmental Protection Agency publishes the notice of availability in the **Federal Register**.

The Forest Service believes, at this early stage, it is important to give reviewers notice of several court rulings related to public participation in the environmental review process. First, reviewers of draft environmental impact statements must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and contentions. *Vermont Yankee Nuclear Power Corp. v. NRDC*, 435 U.S. 519, 553 (1978). Also, environmental objections that could be raised at the draft environmental impact

statement but that are not raised until after completion of the final environmental impact statement may be waived or dismissed by the courts. *City of Angoon v. Hodel*, 803 F.2d 1016, 1022 (9th Cir. 1986) and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D. Wis. 1980). Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the 45 day-comment period so that substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider them and respond to them in the final environmental impact statement. To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the draft environmental impact statement should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the draft statement. Comments may also address the adequacy of the draft environmental impact statement or the merits of the alternatives formulated and discussed in the statement. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

Additional public comment will be accepted after publication of the DEIS anticipated early in 2006. The Environmental Protection Agency will publish the Notice of Availability of the Draft Environmental Impact Statement in the **Federal Register**. The Forest will also publish a legal notice of availability in the Ravalli Republic, Hamilton, Montana. The comment period on the Draft EIS will begin the day after the legal notice is published. The Final EIS and Decision are expected late in 2006.

Dated: September 15, 2005.

Extension of Time Limits for Preliminary Results and Final Results of the Full Sunset Review of the Antidumping Duty Orders on Ball Bearings and Parts Thereof from Japan and Singapore

AGENCY: Import Administration, International Trade Administration, U.S. Department of Commerce.

EFFECTIVE DATE: September 21, 2005.

FOR FURTHER INFORMATION CONTACT: Zev Primor at 202-482-4114 or Fred W. Aziz at 202-482-4023, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW, Washington, DC 20230.

Extension of Time Limits

In accordance with section 751(c)(5)(B) of the Tariff Act of 1930, as amended (the Act), the U.S. Department of Commerce (the Department) may extend the period of time for making its determination by not more than 90 days, if it determines that the sunset review is extraordinarily complicated. As set forth in 751(c)(5)(C)(v) of the Act, the Department may treat a sunset review as extraordinarily complicated if it is a review of a transition order. The sunset reviews subject to this notice are transition orders. Therefore, the Department has determined, pursuant to section 751(c)(5)(C)(v) of the Act, that these sunset reviews are extraordinarily complicated and require additional time for the Department to complete its analysis.

The Department's preliminary results of these full sunset reviews were scheduled for September 19, 2005, and the final results were scheduled for January 27, 2006. They are now being extended until December 19, 2005, and April 27, 2006, respectively. These dates are 90 days from the original scheduled dates of the preliminary and final results of these sunset reviews.

This notice is issued in accordance with sections 751(c)(5)(B) and (C)(v) of the Act.

Dated: September 15, 2005.

Barbara E. Tillman,

Acting Deputy Assistant Secretary for Import Administration.

Certain Welded Carbon Steel Pipe and Tube from Turkey: Extension of Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: September 21, 2005.

FOR FURTHER INFORMATION CONTACT: Christopher Hargett, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave, NW, Washington, DC 20230; telephone: (202) 482-4161.

SUPPLEMENTARY INFORMATION:**Background**

On June 30, 2004, the Department initiated an administrative review of the antidumping duty order on certain welded carbon steel pipe and tube from Turkey. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 69 FR 39409. On November 1, 2004, the Department fully extended the preliminary results of the aforementioned review by 120 days. See *Certain Welded Carbon Steel Pipe and Tube From Turkey: Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review*, 69 FR 63366. On June 7, 2005, the Department published the preliminary results of its review. See *Notice of Preliminary Results of Antidumping Duty Administrative Review: Certain Welded Carbon Steel Pipe and Tube from Turkey*, 70 FR 33084. The final results are currently due no later than October 5, 2005.

Extension of Time Limits for Final Results of Review

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department of Commerce ("the Department") to issue (1) the preliminary results of a review within 245 days after the last day of the anniversary month of an order or finding for which a review is requested, and (2) the final results within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within that time period, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary results to a maximum of

365 days and the final results to a maximum of 180 days (or 300 days if the Department does not extend the time limit for the preliminary results) from the date of the publication of the preliminary results. See also 19 CFR 351.213(h)(2).

We determine that it is not practicable to complete the final results of this review within the original time limit because the Department needs additional time to fully consider parties' arguments regarding the proposed modifications to the computation of duty drawback.

Therefore, we are extending the deadline for the final results of the above-referenced review by 60 days, until December 4, 2005. However, December 4, 2005, falls on Sunday, and it is the Department's long-standing practice to issue a determination the next business day when the statutory deadline falls on a weekend, federal holiday, or any other day when the Department is closed. See *Notice of Clarification: Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005). Accordingly, the deadline for completion of the final results is December 5, 2005.

Dated: September 15, 2005.

Barbara E. Tillman,

Acting Deputy Assistant Secretary for Import Administration.

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****Proposed Information Collection; Comment Request; International Dolphin Conservation Program**

AGENCY: National Oceanic and Atmospheric Administration (NOAA).
ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before November 21, 2005.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer,

Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Cathy E. Campbell, 562-980-4060 or cathy.e.campbell@noaa.gov.

SUPPLEMENTARY INFORMATION:**I. Abstract**

The National Oceanic and Atmospheric Administration (NOAA) collects information to implement the International Dolphin Conservation Program Act. The Act allows entry of yellowfin tuna into the United States, under specific conditions, from nations in the Program that would otherwise be under embargo. The Act also allows U.S. fishing vessels to participate in the yellowfin tuna fishery in the eastern tropical Pacific Ocean on terms equivalent with the vessels of other nations.

The regulations implementing the Act are at 50 CFR part 229. The recordkeeping and reporting requirements at 50 CFR part 229 form the basis for this collection of information. Through this collection of information, NOAA is able to track and verify "dolphin safe" and "non-dolphin safe" tuna products from catch through the U.S. market.

II. Method of Collection

Paper applications, other paper records, electronic and facsimile reports, and telephone calls are required from participants, and methods of submittal include e-mail and facsimile transmission of paper forms.

III. Data

OMB Number: 0648-0387.

Form Number: None.

Type of Review: Regular submission.

Affected Public: Business or other for-profit organizations; and Individuals or households.

Estimated Number of Respondents: 38.

Estimated Time Per Response: 30 minutes for a vessel permit application; 10 minutes for an operator permit application; 30 minutes for a request for a waiver to transit the eastern tropical Pacific Ocean without a permit (and subsequent radio reporting); 10 minutes for a notification of vessel departure; 10 minutes for a change in permit operator; 10 minutes for notification of a net modification; 10 hours for an experimental fishing operation waiver;
