SUPPLEMENTARY INFORMATION: Section 8(a)(17) of the Small Business Act, (Act) 15 U.S.C. 637(a)(17), requires that recipients of Federal contracts set aside for small businesses, service-disabled veteran-owned small businesses, or SBA's 8(a) Business Development Program provide the product of a small business manufacturer or processor, if the recipient is other than the actual manufacturer or processor. This requirement is commonly referred to as the Nonmanufacturer Rule.

The SBA regulations imposing this requirement are found at 13 CFR 121.406(b). Section 8(a)(17)(b)(iv) of the Act authorizes SBA to waive the Nonmanufacturer Rule for any "class of products" for which there are no small business manufacturers or processors in the Federal market.

As implemented in SBA's regulations at 13 CFR 121.1204, in order to be considered available to participate in the Federal market for a class of products, a small business manufacturer must have submitted a proposal for a contract solicitation or received a contract from the Federal government within the last 24 months. The SBA defines "class of products" based on six digit coding systems. The first coding system is the Office of Management and Budget *North American Industry Classification System (NAICS)*. The second is the Product and Service Code required as a data entry field by the Federal Procurement Data System.

The SBA is currently processing a request to waive the Nonmanufacturer Rule for Household Refrigerator Equipment, North American Industry Classification System (NAICS) 423620.

The public is invited to comment or provide source information to SBA on the proposed waiver of the nonmanufacturer rule for this NAICS code.

SMALL BUSINESS ADMINISTRATION

Small Business Size Standards: Waiver of the Nonmanufacturer Rule

AGENCY: U.S. Small Business Administration.

ACTION: Notice of intent to waive the Nonmanufacturer Rule for Commercial Refrigerator Equipment.

SUMMARY: The U.S. Small Business Administration (SBA) is considering granting a waiver of the Nonmanufacturer Rule for Commercial Refrigerator Equipment. The basis for waivers is that no small business manufacturers are supplying these classes of products to the Federal government. The effect of a waiver would be to allow otherwise qualified regular dealers to supply the products of any domestic manufacturer on a Federal contract set aside for small businesses, service disabled veteran-owned small businesses or SBA's 8(a) Business Development Program. The purpose of this notice is to solicit comments and potential source information from interested parties.

SOCIAL SECURITY ADMINISTRATION

Modifications to the Disability Determination Procedures; Extension of Testing of Some Disability Redesign Features

AGENCY: Social Security Administration (SSA).

ACTION: Notice of the extension of tests involving modifications to the disability determination procedures.

SUMMARY: We are announcing the extension of tests involving modifications to our disability determination procedures that we are conducting under the authority of current rules codified at 20 CFR 404.906 and 416.1406. These rules provide authority to test several modifications to the disability determination procedures that we normally follow in adjudicating claims for disability insurance benefits under title II of the Social Security Act (the Act) and for supplemental security income payments based on disability under title XVI of the Act. On July 27, 2005, we published a Notice of Proposed Rulemaking that described an approach to improve the disability determination process. We have decided to extend the testing of two redesign features of the disability prototype for 12 months to ensure a smooth transition while these changes to the disability determination process are being finalized and implemented.

DATES: We are extending our selection of cases to be included in these tests from September 30, 2005 until no later than September 30, 2006. If we decide

to continue selection of cases for these tests beyond this date, we will publish another notice in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Phil Landis, Office of Disability Determinations, Social Security Administration, 6401 Security Boulevard, Baltimore, Maryland 21235-6401, 410-965-5388.

SUPPLEMENTARY INFORMATION: Current regulations at 20 CFR 404.906 and 416.1406 authorize us to test, individually, or in any combination, different modifications to the disability determination procedures. We have conducted several tests under the authority of these rules, including a prototype that incorporates a number of modifications to the disability determination procedures that the State agencies use. The prototype included three redesign features, and we previously extended the tests of two of those features: the use of a single decisionmaker, in which a disability examiner may make the initial disability determination in most cases without requiring the signature of a medical consultant; and elimination of the reconsideration level of review. We are now announcing a further extension of the testing of these two features.

We also have conducted another test involving the use of a single decisionmaker who may make the initial disability determination in most cases without requiring the signature of a medical consultant. We are also extending the period during which we will select cases to be included in this test of the single decisionmaker feature.

Extension of Testing of Some Disability Redesign Features

On August 30, 1999, we published in the **Federal Register** a notice announcing a prototype that would test a new disability claims process in 10 States, also called the prototype process (64 FR 47218). On December 23, 1999, we published a notice in the **Federal Register** (65 FR 72134) extending the period during which we would select cases to be included in a separate test of the single decisionmaker feature. In these notices, we stated that selection of cases was expected to be concluded on or about December 31, 2001. We also stated that, if we decided to continue the tests beyond that date, we would publish another notice in the **Federal Register**. We subsequently published notices in the **Federal Register** extending selection of cases for these tests. Most recently, on December 10, 2003, we published a notice extending selection of cases for the tests until no later than September 30, 2005 (68 FR

68963). We also stated that, if we decided to continue selection of cases for these tests beyond that date, we would publish another notice in the **Federal Register**. We have decided to extend selection of cases for two features of the prototype process (single decisionmaker and elimination of the reconsideration step), and the separate test of single decisionmaker beyond September 30, 2005. We expect that our selection of cases for these tests will end on or before September 30, 2006.

This extension also applies to the locations in the State of New York that we added to the prototype test in a notice published in the **Federal Register** on December 26, 2000 (65 FR 81553).

Dated: September 16, 2005.

Martin H. Gerry,

Deputy Commissioner for Disability and Income Security Programs.
