

information about the site at the Tooele City Public Library, 128 West Vine Street, Tooele, Utah. Public interviews were conducted, ties with local officials were established, and an avenue created to address local questions and concerns through the appointment of a Community Involvement Coordinator.

Numerous community meetings were held to inform and invite public comment on site-wide remedies, and discussions included the cleanup of the UPRR right-of-way in January, March, May and June of 1999.

Public participation activities have been satisfied as required in sections 113(k), and 117 of CERCLA, 42 U.S.C. 9613(k) and 9617. Documents in the deletion docket, which EPA relied on for recommendation of the partial deletion from the NPL, are available to the public in the information repositories.

V. Partial Deletion Action

The EPA, with concurrence of the State of Utah, has determined that all appropriate responses under CERCLA for the referenced property have been

completed and that no further response actions under CERCLA are necessary.

Because EPA considers this action to be non-controversial and routine, EPA is taking it without prior publication. This action will be effective November 29, 2005 unless EPA receives adverse comments by October 31, 2005 on a parallel notice of intent to delete published in the "Proposed Rules" section of today's **Federal Register**. If adverse comments are received within the 30-day public comment period, EPA will publish a timely withdrawal of this direct final notice of partial deletion before the effective date of the deletion and it will not take effect. EPA will simultaneously prepare a response to comments and continue with the partial deletion process on the basis of the notice of intent to partially delete and the comments already received. There will be no additional opportunity to comment.

Medicare Program; Changes to the Hospital Inpatient Prospective Payment Systems and Fiscal Year 2006 Rates; Correction

AGENCY: Centers for Medicare & Medicaid Services (CMS), HHS.

ACTION: Correction of final rule.

SUMMARY: This document corrects technical errors in the final rule that

appeared in the August 12, 2005 **Federal Register** entitled "Changes to the Hospital Inpatient Prospective Payment Systems and Fiscal Year 2006 Rates."

DATES: Effective October 1, 2005.

FOR FURTHER INFORMATION CONTACT: Marc Hartstein, (410) 786–4548.

SUPPLEMENTARY INFORMATION:

I. Background

In FR Doc. 05–15406 (70 FR 47278), the final rule entitled "Changes to the Hospital Inpatient Prospective Payment Systems and Fiscal Year 2006 Rates" (hereinafter referred to as the FY 2006 final rule), there were a number of typographical and technical errors that are identified and corrected in the "Correction of Errors" section (section III. of this notice). The provisions of this correction notice are effective as if they had been included in the FY 2006 final rule. Accordingly, the corrections are effective October 1, 2005.

II. Summary of the Corrections to the FY 2006 Final Rule

On page 47292, in our preamble discussion regarding cardiac catheterizations for DRGs 535 and 536, we stated that we are removing code 37.26 from DRGs 535 and 536 and then erroneously stated that we are adding code 37.26 to DRG 515. Therefore, we are revising this discussion by deleting the phrase "and adding the code in DRG 515." (See item 2 of section III.A. of this notice.)

On page 47312, in our preamble discussion regarding the "Tobacco Use Disorder Edit", we stated the incorrect Medicare code editor (MCE) edit to which we added code 305.1. Although our national coverage determination on smoking cessation counseling services provides that we never cover tobacco cessation services when code 305.1 is reported as the principal diagnosis, we erroneously stated that code 305.1 would be added to the MCE edit "Questionable Admission—Principal

Diagnosis Only.” Therefore, we are revising this discussion by replacing the incorrect MCE edit, “Questionable Admission—Principal Diagnosis Only,” with the correct MCE edit, “Unacceptable Principal Diagnosis.” (See item 3 of section III.A. of this notice.)

On page 47444, in our preamble discussion regarding Medicare Geographic Reclassification Review Board (MGCRB) reclassification for urban hospitals, we made typographical errors in our citations to the regulations text. In addition, on pages 47486 and 47487, our amendment to the regulations text contained technical errors. In this notice, we are revising the relevant preamble and regulations text. (See item 7 of section III.A. and items 1 and 2a of section III.B. of this notice.)

On page 47445, we made incorrect references in our preamble discussion regarding the date by which the MGCRB has to make its reclassification decisions. We are revising this discussion to clarify that the MGCRB has 180 days in which to make its reclassification decision. (See item 8 of section III.A. of this notice.)

On pages 47477 and 47478, in the column heading of the chart displaying information regarding diagnosis-related groups (DRGs) that recognize major cardiovascular conditions (MCVs), we erroneously included new DRGs whose titles include “without MCV.” We are revising this heading to include only those DRGs that recognize MCVs. (See item 10 of section III.A. of this notice.)

On pages 47589 and 47596, in Table 4A, we made errors in the calculation of the wage indexes and geographic adjustment factors for 2 core-based statistical areas (CBSAs). Accordingly, we are correcting this table to include the correct wage indexes and geographic adjustment factors (GAFs) for these CBSAs. We are also correcting the wage index values listed in Table 2 for the affected providers. (See items 1 and 2 of section III.C. of this notice.) In addition, the wage index data for a provider were erroneously omitted from the wage index calculation. This error affects hospitals geographically located in and reclassifying to the Houston-Sugar Land-Baytown, TX CBSA. Accordingly, we are revising Tables 2, 4A, and 4C to reflect the correct information. (See items 1, 2, and 4 of section III.C. of this notice.) Similarly, another provider’s wage data were erroneously omitted from the wage index calculation that affects hospitals geographically located in and reclassifying to the Nashville-Davidson-Murfreesboro, TN CBSA. Therefore, we are including the corrected data in Tables 2, 4A, and 4C.

(See items 1, 2, and 4 of section III.C. of this notice.)

On page 47604 on Table 4B we made an error in the calculation of the wage index and geographic adjustment factor for rural Washington. (See item 3 of section III.C. of this notice.) Therefore, we are correcting the wage index and GAF values listed for the 5 CBSAs in Table 4A that receive the Washington rural floor and we are also correcting the wage index values listed in Table 2 for the affected providers (See items 1 and 2 of section III.C. of this notice.)

On page 47611, in Table 4J, we made a number of typographical errors in a group of the provider numbers listed. In this notice, we are correcting these errors. (See item 5 of section III.C. of this notice.)

On page 47675, in Table 9A, we inadvertently reclassified a provider to the incorrect CBSA. In addition, in Table 2, we also inadvertently listed the incorrect wage index for this provider. Accordingly, we are revising both of these tables to reflect the correct information for this provider. (See items 1 and 8 of section III.C. of this notice.)

We are also correcting typographical, formatting or other errors that appear on other pages of the FY 2006 final rule.

III. Waiver of Proposed Rulemaking and Delay in Effective Date

We ordinarily publish a notice of proposed rulemaking in the **Federal Register** to provide a period for public comment before the provisions of a rule take effect in accordance with section 553(b) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). However, we can waive the notice and comment procedures if the Secretary finds, for good cause, that the notice and comment process is impracticable, unnecessary or contrary to the public interest, and incorporates a statement of the finding and the reasons therefore in the notice. We can also waive the 30-day delay in effective date under the APA (5 U.S.C. 553(d)) when there is good cause to do so and we publish in the rule an explanation of our good cause.

The policies and payment methodology expressed in the FY 2006 final rule have previously been subjected to notice and comment procedures. This correction notice merely corrects typographical and technical errors in the preamble, regulations text, and addendum of the FY 2006 final rule and does not make substantive changes to the policies or payment methodologies that were adopted in the final rule. As a result, this correction notice is intended to ensure that the FY 2006 final rule accurately reflects the policies adopted in the final rule. Therefore, we find that undertaking further notice and comment procedures to incorporate these corrections into the final rule is unnecessary and contrary to the public interest.

For the same reasons, we are also waiving the 30-day delay in effective date for this correction notice. We believe that it is in the public interest to ensure that the FY 2006 final rule accurately represents our prospective payment methodology, payment rates, and policies. Thus delaying the effective date of these corrections would be contrary to the public interest. Therefore, we also find good cause to waive the 30-day delay in effective date.

SUMMARY: This document corrects typographical and technical errors that appeared in the August 4, 2005 **Federal Register**, entitled “Medicare Program; Prospective Payment System and Consolidated Billing for Skilled Nursing Facilities for FY 2006.”

SUPPLEMENTARY INFORMATION:

I. Background

In FR Doc. 05–15221, (70 FR 45026), the final rule entitled “Medicare Program; Prospective Payment System and Consolidated Billing for Skilled Nursing Facilities for FY 2006” (hereinafter referred to as the FY 2006 final rule), there were a number of typographical and technical errors that are identified and corrected in section III. “Correction of Errors” below. The

provisions of this correction notice are effective as if they had been included in the FY 2006 final rule. Accordingly, the corrections are effective on October 1, 2005.

II. Summary of the Corrections to the FY 2006 Final Rule

A. Corrections to the Preamble of the FY 2006 Final Rule

On pages 45046 and 45047, in the preamble discussion of the SNF market basket index, we inadvertently included incorrect values in the column labeled “Relative importance, labor-related, FY 2005 (97 index).” Therefore, we are revising the second column in Table 11 (“Labor-Related Relative Importance, FY 2005 and FY 2006”) to include the correct values for the labor share estimate for FY 2005 based on the 2nd quarter 2004 projection. (See item 1 of section III.A of this notice.)

B. Corrections to the Regulations Text of the FY 2006 Final Rule

On page 45055, we made a technical error in the regulations text of title 42, part 411. In this paragraph, we inadvertently excluded the updated statutory authority citation for this part. As revised by FR Doc. 05–1321 entitled “Medicare Program; Medicare Prescription Drug Benefit” (70 FR 4525, January 28, 2005), in this notice we are correcting the regulations text to include Secs. 1102, 1860D–1 through D–42, and 1871 of the Social Security Act (42 U.S.C. 1302, 1395w–101 through 1395w–152, and 1395hh). Accordingly, we are now republishing the corrected statutory authority citation for part 411, as revised by FR Doc. 05–1321. (See item 1 of section III. B. of this notice.)

Also on page 45055, in our revisions to two different sections of the regulations text in part 424 of the FY 2006 final rule, we inadvertently omitted a subpart heading. Specifically, revised § 424.3 and § 424.20 were both displayed as being included within subpart B of part 424 (“Certification and Plan of Treatment Requirements”). In fact, only § 424.20 is included within that subpart, while § 424.3 is included within subpart A (“General Provisions”). (See items 2 and 3 of section III. B. of this notice.)

C. Corrections of Errors to the Addendum of the FY 2006 Final Rule

Wage index data for two providers were erroneously omitted from the wage index calculation. This affected the wage index determination for the Houston-Sugar Land-Baytown, TX CBSA and the Nashville-Davidson-Murfreesboro, TN CBSA. Accordingly,
