[Docket Number FV-05-309]

**United States Standards for Grades of Dewberries and Blackberries****AGENCY:** Agricultural Marketing Service, USDA.**ACTION:** Notice.

**SUMMARY:** The Agricultural Marketing Service (AMS) published a notice soliciting comments on a proposal to revise the color requirements in the voluntary United States Standards for Grades of Dewberries and Blackberries. The Agency has decided not to proceed further with this action due to the comments and concerns received from the industry.

**EFFECTIVE DATE:** October 6, 2005.**FOR FURTHER INFORMATION CONTACT:**

Cheri L. Emery, Standardization Section, Fresh Products Branch, Fruit and Vegetable Programs, Agricultural Marketing Service, U.S. Department of Agriculture, 1400 Independence Avenue, SW., Room 1661 South Building, STOP 0240, Washington, DC 20250-0240, Fax (202) 720-8871 or call (202) 720-2185; E-mail [Cheri.Emery@usda.gov](mailto:Cheri.Emery@usda.gov). The United States Standards for Grades of Dewberries and Blackberries are available either through the address cited above or by accessing the Fresh Products Branch Web site at: <http://www.ams.usda.gov/standards/stanfrfv.htm>.

**Background**

At a 2003 meeting with the Fruit and Vegetable Industry Advisory Committee, AMS was asked to review all the fresh fruit and vegetable grade standards for usefulness in serving the industry. AMS had identified the United States Standards for Grades of Dewberries and Blackberries for a possible revision. The United States Standards for Grades of Dewberries and Blackberries were last amended on February 13, 1928.

On June 21, 2005, a notice seeking comments on the possible revision of the standards to allow for a lesser amount of color or varying shades of color was published in the **Federal Register** (70 FR 21392) with the comment period ending August 22, 2005.

Two comments were received from the industry during the official period for comment. Both comments received did not support the revision of the standards based on color being a factor of the ripening process, and the effect

that it has on the marketing of dewberries and blackberries.

After reviewing and considering the comments received, the Agency has decided not to proceed further with this action.

**BILLING CODE 3410-11-M****DEPARTMENT OF COMMERCE****Foreign-Trade Zones Board**

[Docket T-3-2005]

**Foreign-trade Zone 77 — Memphis, Tennessee, Application for Temporary/interim Manufacturing Authority, Brother Industries (U.S.A.) Inc., (Manufacture/Refurbish Toner Cartridges), Bartlett, Tennessee**

An application has been submitted to the Executive Secretary of the Foreign-Trade Zones Board (the Board) by the City of Memphis and Shelby County, Division of Planning and Economic Development, grantee of FTZ 77, requesting temporary/interim manufacturing (T/IM) authority within Subzone 77B at the Brother Industries (U.S.A.) Inc. plant located in Bartlett, Tennessee. The application was filed on September 29, 2005.

The Brother facility (260 employees; annual capacity for 120,000 toner cartridges) is located within Subzone 77B. Under T/IM procedures, the company has requested authority to manufacture, remanufacture, charge and recharge toner cartridges (HTS 8472.90 and 8473.30; these products enter the United States duty free). The company may source the following items from abroad for manufacturing of one or both of the finished products under T/IM authority, as delineated in Brother's application: toner (HTS 3707.90); toner caps (3923.50); collars, guards, and covers (3926.90); seals (5911.90); labels (4821.10); developer rollers (9009.99); bearings (8483.30); springs (7320.20); gears (8483.90); retaining rings (7318.29); washers (7318.22); and "lower film" (3919.90). Duty rates on these inputs range from duty-free to 6.5%. T/IM authority could be granted for a period of up to two years. Brother has also submitted a request for permanent FTZ manufacturing authority (for which Board filing is pending), which includes five additional inputs.

FTZ procedures would allow Brother to elect the finished-product duty rates for the imported production inputs listed above. The company indicates that it would also realize logistical/paperwork savings under FTZ procedures. Public comment is invited

from interested parties. Submissions shall be addressed to the Board's Executive Secretary at one of the following addresses:

1. Submissions Via Express/Package Delivery Services: Foreign-Trade-Zones Board, U.S. Department of Commerce, Franklin Court Building - Suite 4100W, 1099 14th St. NW, Washington, D.C. 20005; or
2. Submissions Via the U.S. Postal Service: Foreign-Trade-Zones Board, U.S. Department of Commerce, FCB - Suite 4100W, 1401 Constitution Ave. NW, Washington, D.C. 20230.

The closing period for their receipt is November 7, 2005.

A copy of the application will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at the first address listed above.

Dated: September 29, 2005.

[Docket No. 050923246-5246-01]

**National Defense Stockpile Market Impact Committee Request for Public Comments on the Potential Market Impact of Proposed Stockpile Disposals for FY 2007**

**AGENCY:** U.S. Department of Commerce.

**ACTION:** Notice of inquiry.

**SUMMARY:** This notice is to advise the public that the National Defense Stockpile Market Impact Committee, co-chaired by the Departments of Commerce and State, is seeking public comments on the potential market impact of the proposed disposal levels for excess materials from the National Defense Stockpile for the Fiscal Year (FY) 2007 Annual Materials Plan (AMP).

**DATES:** Comments must be received by November 7, 2005.

**ADDRESSES:** Written comments should be sent to either William J. Denk, Co-chair, National Defense Stockpile Market Impact Committee, Office of Strategic Industries and Economic Security, Room 3876, Bureau of Industry and Security, U.S. Department

of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; Fax: (202) 482-5650; E-mail: [wdenk@bis.doc.gov](mailto:wdenk@bis.doc.gov); or to Stanley Specht, Co-chair, National Defense Stockpile Market Impact Committee, Office of Bilateral Trade Affairs, Bureau of Economic and Business Affairs, U.S. Department of State, Fax: (202) 647-8758; E-mail: [spechtsh@state.gov](mailto:spechtsh@state.gov).

**FOR FURTHER INFORMATION CONTACT:**

Eddy Aparicio, Office of Strategic Industries and Economic Security, Bureau of Industry and Security, U.S. Department of Commerce, telephone: (202) 482-8234; E-mail: [eaparici@bis.doc.gov](mailto:eaparici@bis.doc.gov).

**SUPPLEMENTARY INFORMATION:** Under the authority of the Strategic and Critical Materials Stock Piling Act of 1979, as amended (50 U.S.C. 98 *et seq.*), the Department of Defense (DOD), as National Defense Stockpile Manager, maintains a stockpile of strategic and critical materials to supply the military, industrial, and essential civilian needs of the United States for national defense. Section 3314 of the Fiscal Year (FY) 1993 National Defense Authorization Act (NDAA) (50 U.S.C. 98h-1) formally established a Market Impact Committee (the Committee) to "advise the National Defense Stockpile Manager on the projected domestic and foreign economic effects of all acquisitions and disposals of materials from the stockpile \* \* \*". The Committee must also balance market impact concerns with the statutory requirement to protect the Government against avoidable loss.

The Committee is comprised of representatives from the Departments of Commerce, State, Agriculture, Defense, Energy, Interior, Treasury, and Homeland Security, and is co-chaired by the Departments of Commerce and State. The FY 1993 NDAA directs the Committee to consult with industry representatives that produce, process, or consume the materials contained in the stockpile.

In Attachment 1, the Defense National Stockpile Center (DNSC) lists the proposed quantities that are enumerated in the stockpile inventory for the FY 2007 Annual Materials Plan (AMP). The Committee is seeking public comments on the potential market impact of the sale of these materials.

The quantities listed in Attachment 1 are not disposal or sale target quantities.

They are only a statement of the proposed maximum disposal quantity of each listed material that may be sold in a particular fiscal year by the DNSC. The quantity of each material that will actually be offered for sale will depend on the market for the material at the time of the offering as well as on the quantity of each material approved for disposal by Congress.

The Committee requests that interested parties provide written comments, supporting data and documentation, and any other relevant information on the potential market impact of the sale of these commodities. Although comments in response to this Notice must be received by November 7, 2005 to ensure full consideration by the Committee, interested parties are encouraged to submit comments and supporting information at any time thereafter to keep the Committee informed as to the market impact of the sale of these commodities. Public comments are an important element of the Committee's market impact review process.

Public comments received will be made available at the Department of Commerce for public inspection and copying. Anyone submitting business confidential information should clearly identify the business confidential portion of the submission and also provide a non-confidential submission that can be placed in the public record. The Committee will seek to protect such information to the extent permitted by law.

The records related to this Notice will be made accessible in accordance with the regulations published in Part 4 of Title 15 of the Code of Federal Regulations (15 CFR 4.1, *et seq.*). Specifically, the Bureau of Industry and Security's Freedom of Information Act (FOIA) reading room is located on its Web page found at <http://www.bis.doc.gov/foia/default.htm>. Copies of the public comments received will be maintained on the Web site. If requesters cannot access the Web site, they may call (202) 482-2165 for assistance.
