(b) Be installed with compatible, electrically connected signal control interface devices and conflict monitoring systems.

■ 19. Part 431 is amended by adding a new subpart N consisting of §§ 431.241, 431.242, and 431.246 to read as follows:

Subpart N—Unit Heaters

§ 431.241 Purpose and scope.

This subpart contains energy conservation requirements for unit heaters, pursuant to Part B of Title III of the Energy Policy and Conservation Act, as amended, 42 U.S.C. 6291–6309.

§ 431.242 Definitions concerning unit heaters.

Unit heater means a self-contained fan-type heater designed to be installed within the heated space; however, the term does not include a warm air furnace.

Test Procedures [Reserved]

Energy Conservation Standards

§ 431.246 Energy conservation standards and their effective dates.

A unit heater manufactured on or after August 8, 2008, shall:

(a) Be equipped with an intermittent ignition device; and

(b) Have power venting or an automatic flue damper.

■ 20. Part 431 is amended by adding a new subpart O consisting of §§ 431.261, 431.262, and 431.266 to read as follows:

Subpart O—Commercial Prerinse Spray Valves

§ 431.261 Purpose and scope.

This subpart contains energy conservation requirements for commercial prerinse spray valves, pursuant to section 135 of the Energy Policy Act of 2005, Pub. L. 109–58.

§ 431.262 Definitions concerning commercial prerinse spray valves.

Commercial prerinse spray valve means a handheld device designed and marketed for use with commercial

dishwashing and ware washing equipment that sprays water on dishes, flatware, and other food service items for the purpose of removing food residue before cleaning the items.

Test Procedures [Reserved]

Energy Conservation Standards

§ 431.266 Energy conservation standards and their effective dates.

Commercial prerinse spray valves manufactured on or after January 1, 2006, shall have a flow rate of not more than 1.6 gallons per minute.

■ 21. Part 431 is amended by adding a new subpart P consisting of §§ 431.281, 431.282, and 431.286 to read as follows:

Subpart P—Mercury Vapor Lamp Ballasts

§ 431.281 Purpose and scope.

This subpart contains energy conservation requirements for mercury vapor lamp ballasts, pursuant to section 135 of the Energy Policy Act of 2005, Pub. L. 109–58.

§ 431.282 Definitions concerning mercury vapor lamp ballasts.

High intensity discharge lamp means an electric-discharge lamp in which—

(1) The light-producing arc is stabilized by bulb wall temperature; and

(2) The arc tube has a bulb wall loading in excess of 3 Watts/cm², including such lamps that are mercury vapor, metal halide, and high-pressure sodium lamps.

Mercury vapor lamp means a high intensity discharge lamp in which the major portion of the light is produced by radiation from mercury operating at a partial pressure in excess of 100,000 PA (approximately 1 atm), including such lamps that are clear, phosphor-coated, and self-ballasted.

Mercury vapor lamp ballast means a device that is designed and marketed to start and operate mercury vapor lamps by providing the necessary voltage and current.

Test Procedures [Reserved]

Energy Conservation Standards

§ 431.286 Energy conservation standards and their effective dates.

Mercury vapor lamp ballasts shall not be manufactured or imported after January 1, 2008.

Subparts Q–T—[Reserved]

■ 22. Subparts Q through T are added and reserved.

FEDERAL RESERVE SYSTEM

12 CFR Part 229

[Regulation CC; Docket No. R–1237]

Availability of Funds and Collection of Checks

AGENCY: Board of Governors of the Federal Reserve System.

ACTION: Final rule; technical amendment.

SUMMARY: The Board of Governors is amending appendix A of Regulation CC to delete the reference to the Oklahoma City branch office of the Federal Reserve Bank of Kansas City and reassign the Federal Reserve routing symbols currently listed under that office to the head office of the Federal Reserve Bank of Dallas and delete the reference to the Columbus office of the Federal Reserve Bank of Cleveland and reassign the routing symbols listed under that office to the Cincinnati branch office and the head office of that Reserve Bank. These amendments will ensure that the information in appendix A accurately describes the actual structure of check processing operations within the Federal Reserve System. The amendments to the routing symbol lists in appendix A under the Federal Reserve Bank of Cleveland differ from the Board’s September 28, 2004, general advance notice. (See 69 FR 57837.)

DATES: The amendments to appendix A under the Tenth and Eleventh Federal Reserve Districts (Federal Reserve Banks of Kansas City and Dallas) are effective on December 10, 2005. The amendments to appendix A under the Fourth Federal Reserve District (Federal Reserve Bank of Cleveland) that revise the listings for the Cincinnati Branch office and amend the listings for the Columbus office are effective January 21, 2006. The amendments to appendix A under the Fourth Federal Reserve District that revise the listings for the Cleveland head office and delete the remaining listings for the Columbus office are effective February 11, 2006.

FOR FURTHER INFORMATION CONTACT: Jack K. Walton II, Assistant Director (202/452-2660), or Joseph P. Baressi, Senior Financial Services Analyst (202/452-3959), Division of Reserve Bank Operations and Payment Systems; or Adrienne G. Threatt, Counsel (202/452-3554), Legal Division. For users of Telecommunications Devices for the Deaf (TDD) only, contact 202/263-4869.

SUPPLEMENTARY INFORMATION: Regulation CC establishes the maximum period a depository bank may wait between receiving a deposit and making the deposited funds available for withdrawal.¹ A depository bank generally must provide faster availability for funds deposited by a local check than by a nonlocal check. A check drawn on a bank is considered local if it is payable by or at a bank located in the same Federal Reserve check processing region as the depository bank. A check drawn on a nonbank is considered local if it is payable through a bank located in the same Federal Reserve check processing region as the depository bank. Checks that do not meet the requirements for local checks are considered nonlocal.

Appendix A to Regulation CC contains a routing number guide that assists banks in identifying local and nonlocal banks and thereby determining the maximum permissible hold periods for most deposited checks. The appendix includes a list of each Federal Reserve check processing office and the first four digits of the routing number, known as the Federal Reserve routing symbol, of each bank that is served by that office for check processing purposes. Banks whose Federal Reserve routing symbols are grouped under the same office are in the same check processing region and thus are local to one another.

¹ For purposes of Regulation CC, the term "bank" refers to any depository institution, including commercial banks, savings institutions, and credit unions.

As explained in detail in the Board's final rule published in the **Federal Register** on September 28, 2004, the Federal Reserve Banks have decided to reduce further the number of locations at which they process checks.² The amendments set forth in this notice are part of a series of appendix A amendments related to that decision, and the Board will issue separate notices for each phase of the restructuring.³

As part of the restructuring process, the Oklahoma City branch office of the Federal Reserve Bank of Kansas City will cease processing checks on December 10, 2005, and banks with routing symbols currently assigned to that office for check processing purposes will be reassigned to the head office of the Federal Reserve Bank of Dallas. Also as part of the restructuring process, on January 21, 2006, banks with 0442 and 2442 routing symbols, currently assigned to the Columbus office of the Federal Reserve Bank of Cleveland for check processing purposes, will be reassigned to the Cleveland Reserve Bank's Cincinnati branch office. On February 11, 2006, banks with 0440, 2440, 0441, and 2441 routing symbols, also currently assigned to the Columbus office for check processing purposes, will be reassigned to the Cleveland Reserve Bank's head office and the Columbus office will cease processing checks. Banks in the current Columbus, Cincinnati, and Cleveland check processing regions should note that the Reserve Banks' transfer of the Columbus office's check processing operations to both the Cincinnati branch office and the Cleveland head office differs from prior Federal Reserve Bank announcements indicating that the entirety of the Columbus office's operations would be transferred to the Cleveland head office. The Reserve Banks believe that this arrangement will better serve the needs of affected depository institutions. Because the Dallas, Cincinnati, and Cleveland check processing regions serve, or will serve as a result of these changes, banks located in multiple Federal Reserve districts, banks located in these regions cannot determine that a check is nonlocal solely because the paying bank for that check is located in another Federal Reserve district. As a

² See 69 FR 57837, September 28, 2004.

³ In addition to the general advance notice of future amendments provided by the Board, and the Board's notices of final amendments, the Reserve Banks are striving to inform affected depository institutions of the exact date of each office transition at least 120 days in advance. The Reserve Banks' communications to affected depository institutions are available at www.frb-services.org.

result of these changes, some checks that are drawn on and deposited at banks located in the affected check processing regions and that currently are nonlocal checks will become local checks subject to faster availability schedules.

To assist banks in identifying local and nonlocal banks, the Board accordingly is amending the lists of routing symbols associated with the Federal Reserve Banks of Cleveland, Kansas City, and Dallas to conform to the transfer of operations from the Kansas City Reserve Bank's Oklahoma City branch office to the Dallas Reserve Bank's head office and from the Cleveland Reserve Bank's Columbus office to that Reserve Bank's Cincinnati branch office and head office. To coincide with the effective date of the underlying check processing changes, the amendments affecting the Federal Reserve Banks of Kansas City and Dallas are effective December 10, 2005. The amendments affecting the Federal Reserve Bank of Cleveland that list the 0442 and 2442 routing symbols under the Cincinnati Branch office are effective January 21, 2006, and the amendments that list the 0440, 2440, 0441, and 2441 routing symbols under the head office and delete the reference to the Columbus office are effective February 11, 2006.

The Board is providing advance notice of these amendments to give affected banks ample time to make any needed processing changes. The advance notice also will enable affected banks to amend their availability schedules and related disclosures, if necessary, and provide their customers with notice of these changes.⁴ The Board is providing earlier-than-usual notice of the amendments to the appendix A routing symbol lists under the Federal Reserve Bank of Cleveland because these amendments differ from what was set forth in the September 28, 2004, general advance notice. The Federal Reserve routing symbols assigned to all other Federal Reserve branches and offices will remain the same at this time. The Board of Governors, however, intends to issue similar notices at least sixty days prior to the elimination of check operations at some other Reserve Bank offices, as described in the September 2004 **Federal Register** document.

⁴ Section 229.18(e) of Regulation CC requires that banks notify account holders who are consumers within 30 days after implementing a change that improves the availability of funds.

Administrative Procedure Act

The Board has not followed the provisions of 5 U.S.C. 553(b) relating to notice and public participation in connection with the adoption of this final rule. The revisions to the appendix are technical in nature, and the routing symbol revisions are required by the statutory and regulatory definitions of "check-processing region." Because there is no substantive change on which to seek public input, the Board has determined that the § 553(b) notice and comment procedures are unnecessary.

Paperwork Reduction Act

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506; 5 CFR 1320 Appendix A.1), the Board has reviewed the final rule under authority delegated to the Board by the Office of Management and Budget. These technical amendments to appendix A of Regulation CC will (1) delete the reference to the Oklahoma City branch office of the Federal Reserve Bank of Kansas City and reassign the Federal Reserve routing symbols currently listed under that office to the head office of the Federal Reserve Bank of Dallas and (2) delete the reference to the Columbus office of the Federal Reserve Bank of Cleveland and reassign the routing symbols listed under that office to the Cincinnati Branch office and the head office of that Reserve Bank. The depository institutions that are located in the affected check processing regions and that include the routing numbers in their disclosure statements would be required to notify customers of the resulting change in availability under § 229.18(e). However, because all paperwork collection procedures associated with Regulation CC already are in place, the Board anticipates that no additional burden will be imposed as a result of this rulemaking.

12 CFR Chapter II

List of Subjects in 12 CFR Part 229

Banks, Banking, Reporting and recordkeeping requirements.

Authority and Issuance

■ For the reasons set forth in the preamble, the Board is amending 12 CFR part 229 to read as follows:

PART 229—AVAILABILITY OF FUNDS AND COLLECTION OF CHECKS (REGULATION CC)

■ 1. The authority citation for part 229 continues to read as follows:

Authority: 12 U.S.C. 4001–4010, 12 U.S.C. 5001–5018.

■ 2. Effective December 10, 2005, the Tenth and Eleventh Federal Reserve District routing symbol lists in appendix A are revised to read as follows:

Appendix A To Part 229—Routing Number Guide To Next-Day Availability Checks and Local Checks

FEDERAL DEPOSIT INSURANCE CORPORATION

12 CFR Part 333

RIN 3064–AC94

Extension of Corporate Powers

AGENCY: Federal Deposit Insurance Corporation.

ACTION: Interpretive rule; request for comments.

SUMMARY: The Federal Deposit Insurance Corporation (FDIC) is amending an interpretative rule (12 CFR 333.101(b)) which states that insured State nonmember banks not exercising trust powers may offer self-directed traditional Individual Retirement and Keogh Plan accounts without the prior written consent of the FDIC. As amended, the interpretive ruling is expanded to expressly cover Coverdell Education Savings Accounts, Roth
