domestic interested party group  
response to its notice of institution (70  
FR 38202, July 1, 2005) of the subject  
five-year review was adequate and that  
the respondent interested party group  
response was inadequate. The  
Commission did not find any other  
circumstances that would warrant  
conducting a full review.<sup>1</sup> Accordingly,

<sup>1</sup> A record of the Commissioners' votes, the  
Commission's statement on adequacy, and any  
individual Commissioner's statements will be

the Commission determined that it

matter of the review will be placed in  
the nonpublic record on December 9,  
2005, and made available to persons on

service list for this review. A public  
version will be issued thereafter,  
pursuant to section 207.62(d)(4) of the  
Commission's rules.*Written submissions.* As provided in  
section 207.62(d) of the Commission's  
rules, interested parties that are parties  
to the review and that have provided  
individually adequate responses to the  
notice of institution,<sup>2</sup> and any party  
other than an interested party to the  
review may file written comments with  
the Secretary on what determination the  
Commission should reach in the review.  
Comments are due on or before  
December 14, 2005 and may not contain  
new factual information. Any person  
that is neither a party to the five-year  
review nor an interested party may  
submit a brief written statement (which  
shall not contain any new factual  
information) pertinent to the review by  
December 14, 2005. However, should  
the Department of Commerce extend the  
time limit for its completion of the final  
results of its review, the deadline for  
comments (which may not contain new  
factual information) on Commerce's  
final results is three business days after  
the issuance of Commerce's results. If  
comments contain business proprietary

**SUPPLEMENTARY INFORMATION:** This patent-based section 337 investigation was instituted by the Commission on June 7, 2004, based on a complaint filed by Hewlett-Packard Development Company, L.P. of Houston, Texas and Hewlett-Packard Company of Palo Alto, California (collectively "HP"). 69 FR 31844 (June 7, 2004). The complainants alleged violations of section 337 in the importation and sale of certain personal computers, server computers, and components thereof, by reason of infringement of seven U.S. patents. The complainants named Gateway, Inc. of Poway, California (Gateway) as the only respondent. Claim 1 of U.S. Patent No. 5,737,604, claims 1, 3, 4, 6-8, 18, 20, 21, 23-25, 35, 37, 38, and 40-42 of U.S. Patent No. 6,138,184 ("the '184 patent"), claim 9 of U.S. Patent No. 5,892,976 ("the '976 patent"), and claim 1 of U.S. Patent No. 6,085,318 ("the '318 patent") remain at issue in this investigation.

On May 24, 2005, the ALJ issued an ID (Order No. 45) extending the target date of the investigation by three months or until December 8, 2005. No party petitioned for review of the ID. The Commission has determined not to review this ID.

On August 8, 2005, the ALJ issued his final ID on violation and his recommended determination on remedy and bonding. The final ID incorporates by reference Order No. 15 setting forth the applicable construction of the claim terms at issue in this investigation. The ALJ found a violation of section 337 by reason of infringement of claims 7, 24, and 41 of the '184 patent and claim 9 of the '976 patent. The ALJ did not find a violation of section 337 with respect to the other two patents. Petitions for review were filed by HP, Gateway, and the Commission investigative attorney (IA) on August 18, 2005.

On August 23, 2005, the Commission issued a notice indicating that it had determined to extend the deadline for determining whether to review the final ID by 14 days, *i.e.*, from September 22, 2005, until October 6, 2005. On August 25, 2005, all parties filed responses to the petitions. On October 6, 2005, the Commission issued a notice indicating that it had determined to extend the deadline for determining whether to

review the final ID by 8 days, *i.e.*, from October 6, 2005, until October 14, 2005.

Having examined the record in this investigation, including the ALJ's final ID, the petitions for review, and the responses thereto, the Commission has determined to review the ID in its entirety. In connection with its review, the Commission requests briefing limited to the following questions:

(1) With respect to the ALJ's infringement finding regarding the '184 and '976 patents, the extent to which installation of parallel port driver software is required to enable DMA-controlled transfers to the parallel port, and the implications for infringement analysis and for the technical prong of the domestic industry requirement;

(2) With respect to the ALJ's infringement finding regarding claim 1 of the '318 patent, whether use of an El Torito CD-ROM is required for the accused devices to meet the limitations of claim 1 of the '318 patent, and the implications for infringement analysis and for the technical prong of the domestic industry requirement;

(3) Whether there is a factual or legal distinction, for purposes of infringement analysis, between the installation of software in relation to the parallel output port limitation of the '184 and '976 patents and the use of an El Torito CD-ROM in relation to the boot memory limitation of claim 1 of the '318 patent; and

(4) Whether the holdings of *Jazz Photo Corp v. International Trade Commission*, 264 F.3d 1094, 1105 (Fed. Cir. 2001), and *Fuji Photo Film Co. Ltd. v. Jazz Photo Corp.*, 394 F.3d 1368, 1376 (Fed. Cir. 2005), concerning the first sale doctrine and patent exhaustion, control where the patents at issue are the subject of worldwide licenses, unlike the situation in the *Jazz* and *Fuji* cases.

In connection with the final disposition of this investigation, the Commission may issue (1) an order that could result in the exclusion of the subject articles from entry into the United States, and/or (2) a cease and desist order that could result in the respondent being required to cease and desist from engaging in unfair action in the importation and sale of such articles. Accordingly, the Commission is interested in receiving written submissions that address the form of remedy, if any, that should be ordered. If a party seeks exclusion of an article from entry into the United States for purposes other than entry for consumption, the party should so indicate and provide information establishing that activities involving other types of entry are either adversely affecting it or likely to do so. For

background, see *In the Matter of Certain Devices for Connecting Computers via Telephone Lines*, Inv. No. 337-TA-360, USITC Pub. No. 2843 (December 1994) (Commission Opinion).

If the Commission contemplates some form of remedy, it must consider the effects of that remedy upon the public interest. The factors the Commission will consider include the effect that an exclusion order and/or cease and desist orders would have on (1) the public health and welfare, (2) competitive conditions in the U.S. economy, (3) U.S. production of articles that are like or directly competitive with those that are subject to investigation, and (4) U.S. consumers. The Commission is therefore interested in receiving written submissions that address the aforementioned public interest factors in the context of this investigation.

If the Commission orders some form of remedy, the President has 60 days to approve or disapprove the Commission's action. During this period, the subject articles would be entitled to enter the United States under a bond, in an amount determined by the Commission and prescribed by the Secretary of the Treasury. The Commission is therefore interested in receiving submissions concerning the amount of the bond that should be imposed.

**Written Submissions:** Submissions should be concise and thoroughly referenced to the record in this investigation. The parties to the investigation, interested government agencies, and any other interested persons are encouraged to file written submissions on the issues under review and the issues of remedy, the public interest, and bonding. Such submissions should address the ALJ's recommended determination on remedy and bonding. Complainant and the Commission investigative attorney are also requested to submit proposed remedial orders for the Commission's consideration. Complainant is further requested to state the expiration date of the '184 and '976 patents and the HTSUS numbers under which the infringing products are imported. The main written submissions and proposed remedial orders must be filed no later than close of business on October 24, 2005. Response submissions must be filed no later than close of business on October 31, 2005. No further submissions will be permitted unless otherwise ordered by the Commission.

Persons filing written submissions must file the original document and 12 true copies thereof with the Office of the Secretary on or before the deadlines stated above. Any person desiring to

submit a document (or portions thereof) to the Commission in confidence must request confidential treatment unless the information has already been granted such treatment during the proceedings. All such requests should be directed to the Secretary of the Commission and must include a full statement of the reasons why the Commission should grant such treatment. See 19 CFR 210.5. Documents for which confidential treatment is granted by the Commission will be treated accordingly. All non-confidential written submissions will be available for public inspection at the Office of the Secretary.

This action is taken under the authority of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and §§ 210.42, 210.43, and 210.50 of the Commission's Interim Rules of Practice and Procedure (19 CFR 210.42, 210.43, and 210.50).

Issued: October 14, 2005.

By order of the Commission.

## DEPARTMENT OF JUSTICE

[AAG/A Order No. 011-2005]

### Privacy Act of 1974; Notice of the Removal of System of Records

Pursuant to the provisions of the Privacy Act of 1974 (5 U.S.C. 552a), the Department of Justice is removing a published Privacy Act system of records entitled "Department of Justice (DOJ) Call Detail Records, Justice/JMD-012," last published in the **Federal Register** on September 27, 1996, at 61 FR 50870.

This system of records notice is no longer necessary because DOJ authorized Bell Atlantic to terminate the Message Detail Recording on April 16, 1999. At the present time, a Verizon-owned computer processes telephone circuit usage for the Washington Area Switch Program (WASP II). That function (including long-distance calling) has been totally taken in-house by Verizon. The only way DOJ can have access to this information would be by a valid subpoena issued against Verizon. The DOJ records have been destroyed in accordance with the Retention and Disposal schedule provided in the **Federal Register** notice of September 27, 1996.

Therefore, the system of records entitled "Department of Justice Call Detail Records, Justice/JMD-012" is removed from the Department's compilation of Privacy Act systems of records effective on the date of publication of this notice in the **Federal Register**.

Dated: October 6, 2005.
