

*Frequency:* The information is conducted on an as-needed basis.

*Estimated Average Burden Per Response:* Approximately 14 hours per response.

*Estimated Annual Burden Hours:* An estimated 33,116 hours annually.

*Abstract:* The non-Federal navigation facilities are electrical/electronic aids to air navigation which are purchased, installed, operated, and maintained by an entity other than the FAA and are available for use by the flying public. These aids may be located at unattended remote sites or airport terminals. The information kept is used by the FAA as proof that the facility is maintained within certain specified tolerances.

**ADDRESSES:** Send comments to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 17th Street, NW., Washington, DC 20503, Attention FAA Desk Officer.

*Comments are invited on:* Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimates of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

#### Agency Information Collection Activity Under OMB Review, Request for Comments; Renewal of an Approved Information Collection Activity, Use of Certain Personal Oxygen Concentrator (POC) Devices on Board Aircraft

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice and request for comments.

**SUMMARY:** The FAA invites public comments about our intention to request the Office of Management and Budget's (OMB) renewal of a current information

collection. The rule requires passengers who intend to use an approved POC to present a physician statement before boarding. The flight crew must then inform the pilot-in-command that a POC is on board.

**DATES:** Please submit comments by November 21, 2005.

**FOR FURTHER INFORMATION CONTACT:** Judy Street on (202) 267-9895.

**SUPPLEMENTARY INFORMATION:** Federal Aviation Administration (FAA)

*Title:* Use of Certain Personal Oxygen Concentrator (POC) Devices on Board Aircraft.

*Type of Request:* Renewal of an approved collection.

*OMB Control Number:* 2120-0702.

*Forms(s):* None.

*Affected Public:* A total of 1,735,000 airline passengers and personnel.

*Frequency:* The information is conducted on an as-needed basis.

*Estimated Average Burden Per Response:* Approximately 0.1 hours per response.

*Estimated Annual Burden Hours:* An estimated 172,694 hours annually.

*Abstract:* The rule requires passengers who intend to use an approved POC to present a physician statement before boarding. The flight crew must then inform the pilot-in-command that a POC is on board.

#### Notice of Availability of Record of Decision (ROD) for the Final Environmental Impact Statement, Washington Dulles International Airport, Chantilly, VA

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of record of decision.

**SUMMARY:** The Federal Aviation Administration (FAA) is issuing this notice to advise the public that it has issued a Record of Decision (ROD) for the Final Environmental Impact Statement (FEIS) that evaluated proposed New Runways and Associated Development at Washington Dulles International Airport, Chantilly, VA.

**SUPPLEMENTARY INFORMATION:** The Federal Aviation Administration (FAA) has completed and issued its Record of Decision (ROD) for proposed New Runways and Associated Development at Washington Dulles International Airport, Chantilly, VA. FAA had published its Final Environmental Impact Statement (FEIS) containing a Final Air Quality General Conformity Determination (FGCD), (Preliminary) Final Section 106 Historic Resources Report and a Virginia Coastal Zone Consistency Determination on August 11, 2005. The U.S. Army Corps of Engineers (USACE) was a cooperating Federal agency, having jurisdiction by law because the proposed project has the potential for significant wetland impacts.

The FEIS presented the purpose and need for the proposed project, a comprehensive analysis of the alternatives to the proposed project, including the No-Action Alternative and potential environmental impacts associated with the proposed development of two new air carrier runways and related improvements at IAD. The FEIS also identified the FAA's Preferred Alternative (Build Alternative 3) and described the proposed Mitigation Program for the Preferred Alternative that will be implemented by the Metropolitan Washington Airports Authority (MWAA) to off-set unavoidable environmental impacts.

In accordance with section 176(c) of the Federal Clean Air Act, FAA has assessed whether the air emissions that would result from FAA's action in approving the proposed projects conform to the State Implementation Plan (SIP). The results of this assessment indicated that the Preferred Alternative has demonstrated

conformity with the SIP. This assessment is contained in the Final Air Quality General Conformity Determination in Appendix G-5 of the FEIS.

Pursuant to the National Historic Preservation Act of 1966, as amended, including Executive Order 11593, Protection and Enhancement of the Cultural Environment, FAA assessed whether its action in approving the proposed project would result in adverse impacts to Historic and Archaeological Resources. The results of this assessment indicated that the Preferred Alternative would result in impacts to resources that are listed in, and eligible for, listing in the National Register of Historic Places. FAA has consulted with the Virginia State Historic Preservation Office (SHPO) concerning the effects assessment and has executed a project specific Memorandum of Agreement (MOA) that identifies treatment of the affected resources. The executed MOA is contained in Appendix B of the ROD.

In accordance with the Coastal Zone Management Act of 1972, as amended, the Preferred Alternative was evaluated for consistency with the Virginia Coastal Program. FAA's evaluation determined that the Preferred Alternative is consistent with the Virginia Coastal Zone Program. The Federal Consistency Determination is contained in Appendix C-3 of the FEIS.

In accordance with Executive Order 11988, Floodplain Management and Order DOT 5650.2, Floodplain Management and Protection, FAA evaluated whether the Preferred Alternative would impact base floodplain based on a 100-year flood. The results of this assessment indicated that the Preferred Alternative would result in unavoidable impacts to the base floodplain and that all available measures to minimize harm will be included in the project design. FAA's analysis has also determined that the base floodplain encroachment with the proposed mitigation does not constitute a "significant" encroachment. Measures to mitigate base floodplain impact are included in the FEIS. The public was informed of the base floodplain encroachment through FAA's ongoing Public Involvement Program.

Copies of the ROD are available for review by appointment only at the following FAA/MWAA Offices. #### Qualification of Drivers; Exemption Applications; Vision

**AGENCY:** Federal Motor Carrier Safety Administration (FMCSA), DOT.

**ACTION:** Notice of renewal of exemption; request for comments.

**SUMMARY:** This notice publishes FMCSA's decision to renew the exemptions from the vision requirement in the Federal Motor Carrier Safety Regulations for 30 individuals. FMCSA has statutory authority to exempt individuals from vision standards if the exemptions granted will not compromise safety. The agency has concluded that granting the renewal of these exemptions will continue to provide a level of safety that will be equivalent to, or greater than, the level of safety maintained without the exemptions for these commercial motor vehicle (CMV) drivers.

**DATES:** This decision is effective October 30, 2005. Comments from interested persons should be submitted by November 21, 2005.

**ADDRESSES:** You may submit comments identified by DOT DMS Docket Numbers FMCSA-99-5578, FMCSA-99-6480, FMCSA-2000-7363, FMCSA-2001-9258, FMCSA-2001-9561, FMCSA-2002-12884, FMCSA-2003-14223, FMCSA-2003-15892 by any of the following methods:
