

the quality of the recreation experience. An additional purpose for this proposal is to upgrade and expand the existing and displaced multiple use trails system on the east side of Highway 550, including Nordic skiing, sleigh ride, equestrian, ADA accessible, and hiking; and increase the existing mountain biking trails within the DMR SUP to provide continued public access to maintain and improve the recreation experience.

Responsible Official

The responsible official is Mark Stiles, Forest Supervisor for the San Juan National Forest, Public Lands Center, 15 Burnett Court, Durango, CO 81301. The responsible official will document the decision and reasons for the decision in a Record of Decision. That decision will be subject to appeal under 36 CFR part 215 or part 251.

Nature of Decision To Be Made

Based on the analysis that will be documented in the forthcoming EIS, the responsible official for this project, the Forest Supervisor of the San Juan National Forest, will decide whether or not to implement, in whole or in part, the Proposed Action or another alternative developed by the Forest Service.

Scoping Process

Public questions and comments regarding this proposal are an integral part of this environmental analysis process. Comments will be used to identify issues and develop alternatives to DMR's proposal. To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments should be as specific as possible.

Preliminary Issues

Identified preliminary issues include:

- Water quantity and quality.
- Wetlands.
- Wildlife and vegetation (Threatened, Endangered, and Sensitive species).
- Quality of the recreation experience.

Comment Requested

This notice of intent initiates the scoping process which guides the development of the draft environmental impact statement, including the identification of the range of alternatives to be considered. While public participation is strictly optional at this stage, the Forest Service believes that it is important to give reviewers notice of several court rulings related to public participation in the subsequent

environmental review process. First, reviewers of draft statements must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and contentions. *Vermont Yankee Nuclear Power Corp. v. NRDC*, 435 U.S. 519, 553 (1978). Also, environmental objections that could be raised at the draft environmental impact statement stage but that are not raised until after completion of the final environmental impact statement may be waived or dismissed by the courts. *City of Angoon v. Hodel*, 803 F.2d 1016, 1022 (9th Cir. 1986) and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D. Wis. 1980). Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the 45 day draft environmental impact statement comment period so that substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider them and respond to them in the final environmental impact statement. To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the draft environmental impact statement should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the draft statement. Comments also may address the adequacy of the draft environmental impact statement or the merits of the alternatives formulated and discussed in the statement. In addressing these points, reviewers may wish to refer to the Council on Environmental Quality regulations which implement the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3.

Certain Cut-To-Length Carbon-Quality Steel Plate Products from Italy; Notice of Extension of Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: October 20, 2005.

FOR FURTHER INFORMATION CONTACT:

Thomas Martin; Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW, Washington, DC 20230; telephone (202) 482-5253.

SUMMARY: The Department of Commerce ("the Department") is extending the time limit for completing the preliminary results of antidumping duty administrative review of certain cut-to-length carbon-quality steel plate products ("CTL Plate") from Italy.

SUPPLEMENTARY INFORMATION:**Background**

The Department published an antidumping duty order on CTL Plate from Italy on February 10, 2000. See *Notice of Amendment of Final Determinations of Sales at Less Than Fair Value and Antidumping Duty Orders: Certain Cut-To-Length Carbon-Quality Steel Plate Products from France, India, Indonesia, Italy, Japan and the Republic of Korea*, 65 FR 6585 (February 10, 2000). Nucor Corporation, a domestic interested party, requested that the Department conduct an administrative review of the order. See Letter from Nucor Corporation, dated February 28, 2005. On March 23, 2005, the Department published the initiation notice of the administrative review of the antidumping duty order on CTL Plate from Italy. See *Initiation of Antidumping Duty and Countervailing Duty Reviews and Requests for Revocation in Part*, 70 FR 14643 (March 23, 2005). The deadline for issuing the preliminary results of administrative review is currently October 31, 2005.

Extension of Time Limit for Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an order for which a review is requested. If it is not practicable to complete the review within the time period, section 751(a)(3)(A) of the Act and section 351.213(h)(2) of the Department's regulations allow the Department to extend this deadline to a maximum of 365 days. In this case, the Department requires additional time to further analyze one respondent's claims about knowledge and the ultimate destination of subject imports. Therefore, the Department determines that it is not practicable to complete the review by October 31, 2005. For this reason, we are extending the time limit for completing the preliminary results to no later than February 28, 2005, in accordance with section 751(a)(3)(A) of the Act. We intend to issue the final results of review no later than 120 days after publication of the notice of the preliminary results.

This notice is being issued and published in accordance with section 751(a)(3)(A) and 777(i)(1) of the Act.

Dated: October 13, 2005.

Holly A. Kuga,

Acting Deputy Assistant Secretary for Import Administration.

Notice of Extension of the Preliminary Results of New Shipper Antidumping Duty Reviews: Freshwater Crawfish Tail Meat from the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce ("Department") is conducting new shipper antidumping duty reviews of freshwater crawfish tail meat from the People's Republic of China ("PRC") in response to requests by respondents Shanghai Sunbeauty Trading Co., Ltd., ("Shanghai Sunbeauty"), Jiangsu Jiushoutang Organisms-Manufactures Co., Ltd., ("Jiangsu JOM"), and Qingdao Wentai Trading Co., Ltd., ("Qingdao Wentai"). These reviews cover shipments to the United States for the period September 1, 2004, to February 28, 2005, by these three respondents. For the reasons discussed below, we are extending the preliminary results of these new shipper reviews by an additional 120 days, to no later than February 23, 2006.

EFFECTIVE DATE: October 20, 2005.

FOR FURTHER INFORMATION CONTACT: Scot Fullerton or Stephen Berlinguette; AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-1386 and (202) 482-3740, respectively.

SUPPLEMENTARY INFORMATION:**Background**

The Department received timely requests from Shanghai Sunbeauty, Jiangsu JOM, and Qingdao Wentai in accordance with 19 CFR 351.214(c) for new shipper reviews of the antidumping duty order on freshwater crawfish tail meat from the PRC. On April 29, 2005, the Department found that the requests for review with respect to Shanghai Sunbeauty, Jiangsu JOM, and Qingdao Wentai met all the regulatory requirements set forth in 19 CFR 351.214(b) and initiated these new

shipper antidumping duty reviews covering the period September 1, 2004, through February 28, 2005. See *Freshwater Crawfish Tail Meat From the People's Republic of China: Initiation of Antidumping Duty New Shipper Reviews*, 70 FR 23987 (May 6, 2005).

Extension of Time Limits for Preliminary Results

Section 751(a)(2)(B)(iv) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.214(i)(1) require the Department to issue the preliminary results of a new shipper review within 180 days after the date on which the new shipper review was initiated and final results of a review within 90 days after the date on which the preliminary results were issued. The Department may, however, extend the deadline for completion of the preliminary results of a new shipper review to 300 days if it determines that the case is extraordinarily complicated (19 CFR 351.214 (i)(2)).

The Department has determined that the review is extraordinarily complicated as the Department must gather additional publicly available information, issue additional supplemental questionnaires, and conduct verifications of the three respondents. Based on the timing of the case and the additional information that must be gathered and verified, the preliminary results of this new shipper review cannot be completed within the statutory time limit of 180 days. Accordingly, the Department is extending the time limit for the completion of the preliminary results by 120 days from the original October 26, 2005, deadline, to February 23, 2006, in accordance with section 751(a)(2)(B)(iv) of the Act and 19 CFR 351.214(i)(2). The final results will, in turn, be due 90 days after the date of issuance of the preliminary results, unless extended. This notice is published pursuant to sections 751(a)(2)(B)(iv) and 777(i)(1) of the Act.

Dated: October 14, 2005.

Gary Taverman,

Acting Deputy Assistant Secretary for Import Administration.
